Luci Nugent Here April 18

Luci Johnson Nugent, daughter of former president Lyndon B. Johnson, will be in Canyon April 18.

Mrs. Nugent has been invited by the Department of Special Services of the Canyon Independent School District. She will speak on learning disabilities to the parents of children in the Canyon school district, according to Mrs. Hazel Strickland.

The program will be held at 7:30 p.m. in the Canyon Junior High Auditorium.

Mrs. Nugent experienced a visual perception problem as an adolescent which had an effect on her ability in school and Mrs. Strickland said she felt Mrs. Nugent's visit would bring additional awareness and understanding of the Canyon program.

Mrs. Nugent works on behalf of the organization, Volunteers for Vision, whose purpose is to seek to discover the visually disadvantaged child.

Due to the personal experience of Mrs. Nugent and the help she received through vision therapy, she is dedicated to trying to prevent other young people from facing the same experience, according to Mrs. Strickland.

Mrs. Nugent has worked on behalf of VFFV since its inception in 1965 and she screened in the ghetto's of Washington and served as honorary chairman of VFFV.

She is now vice-president of (see NUGENT, page 7)

City Increases Ambulance Rates

A rate increase in the ambulance service and an increase in the yearly amount given to LaGrone Ambulance by the city were approved by Canyon City Commissioners Monday night.

Commissioners agreed to raise the ambulance service charge from \$20 per call to \$25 per call, and okayed an increase in subsidy to LaGrone's from \$6,029 to \$7,465.

Jerry LaGrone, owner of the service, requested a subsidy increase to \$8,400. City fathers decided to increase the rate to be paid by the ambulance users and give a partial raise in the

Democratic gubernatorial candidate Dolph Briscoe visited with County Judge Woody Pond at a reception Monday at the East Cafe-teria on the campus of West Texas State University. Briscoe spoke to students following the reception.

On School Taxes

Briscoe Denies Charges

BY ELAINE PEEPLES

Dolph Briscoe branded as false Monday an accusation made by H.M. Baggerly of the Tulia Herald that he attempted to side-step \$400,000 in taxes to Eagle County in Southwest Texas.

Briscoe said only \$7,000 to \$8,000 of the \$400,000 involved in the suit was his part and 60 other people also contested their taxes.

H.M. Baggerly suffered a stroke Monday and was not available for comment.

The Democratic candidate for governor stated Baggerly did not contact him before the accusation was released to the wire services March 1.

"This was a regrettable misrepresentation of the facts concerning the case and was one of those things that happen in a campaign," Briscoe declared.

When asked if he thought Ben Barnes' visit to Tulia March 1 had any connection with the statement by Baggerly, Briscoe noted, "It is a strange coincidence and regrettable that someone is spreading misinformation," however, Briscoe said, he was in no position to state the information given to Baggerly came from Barnes.

Baggerly stated in the March 1 release copies of records of litigation on the matter had been given to him.

Briscoe urged Canyon News reporters to contact David Hume, attorney for the school board in Eagle Pass and the superintendent of schools there.

Briscoe stated the suit with the school was settled and the school board hired an evaluation firm who placed market value on all the land in the school district.

"The disagreement was on the market value of the land,"

Briscoe said. After the evaluation firm finished its recommendations, the value of the land in the overall district was increased rather than decreased Briscoe declared.

Briscoe also added the attorney for the school board, the superintendent and the school board were supporting him in his bid for election as governor.

Briscoe also said Monday he felt conference committees in the state legislature should be restricted to adjusting the differences in legislation as they passed the House and the Senate.

"The conference committees should not be allowed to usurp power and add to bills," Briscoe stated. Briscoe said he planned to restrict the power of the conference committees through his (see BRISCOE, page 7)

Grass Fires Are Concern

The possibility of grass fires is becoming a concern in Randall County due to the lack of top soil moisture, the amount of burnable material and the wind, according to John Brazzil, county agent.

Brazzil said he would not term the situation critical but cautioned residents to be careful. "Any uncontrolled spark of fire could get us into trouble," Brazzil stated.

The fire situation is worse in the county than it has been in two or three years because there is more burnable material in the county.

"With the rains of late summer and fall, we went into the winter with more surplus growth than ordinary," Brazzil declared.

Over the past few weeks, several fires have been reported over the Panhandle, he stated. With the speed of a fire coupled with the wind and the time involved in getting equipment to the area, the situation could become dangerous, Brazzil stressed.

People outside the city who must burn their trash should exercise extra care, he said.

The need for moisture on the wheat is not critical at this point, Brazzil added, but the wheat is beginning to grow and could use the top-soil moisture. It has been about three months since the county has had any moisture.

Far from being the villain of the Eagle Pass school tax suit as charged by the Tulia Herald recently, Dolph Briscoe actually emerged as savior of the school district.

This information came Tuesday from David Hume, Eagle Pass, who acted as attorney for the school district in tax litigation involving the district and some 60 farmers and ranchers from 1968 to 1970.

Hume said the ranchers and farmers went to court contending that rural property was being taxed too high in relation to city property and that taxing procedures of the district were in error.

The Tulia newspaper charged that Briscoe forced a settlement on the school district by refusing to pay his taxes and putting the district's back to the wall financially. It said authorities faced the prospect of not being able to open the school for the 1971-72 term.

Hume said many ranchers did refuse to pay after the courts had decided against them but finally paid when urged by Briscoe to do so.

"Briscoe got a bum rap on that," Hume went on. "The courts decided there was nothing wrong with our taxing procedures. A good many people got their dander up and wouldn't pay hoping to bring us to our knees that way."

"I got hold of the lawyer on the other side and he let Mr. Briscoe know that we'd go under if the people didn't pay up."

"He told them to pay up and his standing around here was big enough to get the ranchers to pay up."

Hume said the case became known as the Briscoe case but actually that the candidate for governor owned very little land in the Eagle Pass School District.

A representative of the school district tax office Wednesday said Briscoe owned 420.5 acres of land in the Eagle Pass District in his own name and that the tax on this property was \$37.26.

Hume pointed out that Briscoe owns an interest in the Olmitos Ranches which has 20,000 acres projecting into the school district. He noted that even then this is only a fraction of the 816,000 acres of rural land involved in the tax litigation.

"Dolph Briscoe was the (see HUME, page 7)

Grona Signs With WT Buffs

Fred Grona, tight and defensive end for the Canyon football team and for the Eagle basketball squad, signed a Missouri Valley Conference letter of intent with West Texas State.

He is the second Canyon grinder to sign with the Buffaloes. Quarterback Chuck Wright was the first.

Grona, whose dimensions measure 6-5 1/2, was second team all-district on both the offensive and defensive ends slots and averaged four pass receptions a game.

"Fred is probably the best college prospect in the Panhandle area," said head Eagle Coach Ron Mills. "He is quick for his size and very tough mentally and physically."

Last year was his first year of varsity ball for Canyon, as he moved from Amarillo Tascosa in the middle of his sophomore year and was not eligible his junior year.

"Fred runs the 40 in 4.8 and (see GRONA, page 7)

Real Issues Missed

BY MARGO WILLIAMS

Greatest issues facing the American public will not be settled at the ballot box says the editor of the Christian Science Monitor.

Dr. Erwin D. Canham, appearing on the West Texas State University campus Monday through Wednesday, lists the moral of the American people as the real issue in today's politics.

"We have departed from conviction," he stresses. "And we have uncertainty about our affluency."

Canham doubts if the gross national product is an adequate gauge "of anything."

"Our greatest issue is the national moral and the role as a people we play in the world."

The editor of the nationally known newspaper questions whether these issues will be aired during this political year. He says government is not getting smaller or better, but rather is growing and becoming

more cumbersome. "Government needs reform and restructuring at all levels," he points out. "Our cities and states are growing and expanding without thought to reshaping the instruments used in governing."

Canham, who appeared at the Willson Lectures does not believe the Constitution of the United States needs to be rewritten, but new methods and procedures for carrying out the Constitution should be found.

"The task of changing government is urgent, and we can not get away from government growth."

He notes the balance power within national government has swung to the executive branch, and Congress is the weakest of the three elements of government.

"Congress has neglected internal restructuring," he explains, listing seniority rule and committee chairman selection as outdated procedures.

"Reforms are urgently needed

within Congress. We are threatening to collapse under our own weight."

He recommends Congress set (see REAL, page 7)

Absentee Balloting To Begin

Absentee balloting for the Canyon Independent School District Board of Trustees will begin tomorrow and run through March 28 in the tax office in the Randall County Courthouse.

The election will be held April 1 in the Gene Howe Elementary School and the Canyon Community Center.

Six persons are seeking three openings on the board. Walter Graham, Dudley Moore and Mrs. Pauline Hefley have filed for three-year terms, and Dick Flenniken, Richard Pruett and Hiram Carr have signed for a one-year term on the board.

Absentee voting for the South Randall County Hospital District Board will be held in the city hall March 13-28. Three incumbents have filed for the hospital board, and they are Mrs. Nolon Henson, Floyd Tomlinson and Raymond Batenhorst. Election will be April 1.

City election for two commissioners and a mayor will be held April 4 and absentee voting will be held from March 15-31, also in the city hall.

Mayor Manly Bryan has filed for reelection as have incumbent commissioners H.R. Fulton and Jim Christopher. None of the city candidates have opponents.

Band Requests Trip To Georgia May 4-6

The Canyon High School Band may be on their way to Georgia in May in lieu of the Vienna trip that was cancelled recently, it was reported to the Canyon School Board, Tuesday.

If the trip is approved by the trustees the band will compete in the "Six Flags Over Georgia" Band Festival to be held just outside of Atlanta, Ga. May 4-6. "Six Flags Over Georgia" is an amusement park similar to "Six Flags Over Texas," high school principal John Sommer said.

Sommer made the presentation for Band Director J.W. King, who is out of town. He said that the band director had looked over several invitations received by the band, but the out of state trip was suggested because the Vienna trip was cancelled.

The estimated cost for the trip would be: \$5.75 per person, festival and admission to the Six Flags Park; \$5 per night in whatever accommodations selected in Atlanta; approximately \$140 air transportation, round trip per student from Amarillo to Atlanta via Braniff Air Lines; \$5-7 per day, meals per student; and local transportation in Atlanta, for which there was no estimate available at the meeting.

Sommer said that after all the Rent-A-Kid and Craft monies had been returned to the students there would be about \$6,000 left of the band parents money. The assessed quota per student would be \$100-150, de- (see BAND, page 7)

Citizen Of Year Recognized Tonight

Canyon's Citizen of the Year will be honored tonight at the annual Chamber of Commerce banquet.

Selected by the chamber board of directors, the outstanding citizen will receive a plaque for his contribution to the city and community.

The 7 p.m. banquet with speaker following will be held in the East Cafeteria on the West Texas State University campus. Tickets are being sold for \$6.50 and may be purchased at the door or today from a board member.

Guest speaker will be Frank Gifford, noted television commentator and anchor man for the NFL Monday Night Football series seen during the fall months.

Gifford, former football player with the New York Giants, was previously of CBS but presently is with ABC. In addition to working with Howard Cosell and Don Meredith on the Monday football telecasts, he will be seen on "ABC's Wide World of Sports" and ABC golf specials.

He is also a regular sports reporter on WABC-TV's news program. Gifford made his broadcasting debut on CBS Radio in 1957 while still playing football for the New York Giants. In 1959 he did the pre-game NFL show on CBS-TV, and three years later WABC-TV in New York added Gifford to its staff on a part-time basis.

When he announced his retirement from football on March 18, 1965, he had established himself as one of the game's all-time greats. The number one draft choice of the Giants in 1952, he had earned All-American honors at Southern Cal as an offensive and defensive back.

Pageant Judges Announced

Mayor J. Manly Bryan will crown a new Miss Canyon Saturday night to climax the Miss Canyon Pageant being sponsored by the Canyon Study Club in the high school auditorium.

The pageant will begin at 7:30 p.m. Judges who will choose from the 48 entries are Antonio of Antonio's Italian Fashions in Amarillo, Joe Bill Brown of KDAV radio in Lubbock, Mrs. Ginger Brown, and Mrs. Max Sherman.

During intermission in the pageant, a style show will be provided by DeOns, and Jerry Boehm of KGNC-TV, who is to be master of ceremonies, will do a magic act.

Savings bonds for the winner

are being donated by First National Bank and West Texas State Bank.

The Miss Congeniality Award will come from McDonald's Dress Shop. Tickets for the show are \$1 for adults and 75 cents for children. They may be purchased from members of the Canyon Study Club or at the door.

Antonio is from Naples, Italy, and owns fashion shops in Naples and Rome as well as a new shop in Amarillo. His shops make his own designs.

Mrs. Sherman, wife of the Texas Senator, teaches English at West Texas State University. She has modeled and taught fashion and self-improvement courses for YWCA, Girl Scouts, church organizations, the Vil- (see PAGEANT, page 7)

FROM THE

CANYON RIM

Dolph Briscoe made a fine appearance on the West Texas State University campus Monday until he presented himself for questions and answers.

Briscoe got the attention of 300 supper time students at the East Dining Hall and even drew applause on two occasions.

Then he lost ground when he replied to question after question with, "I haven't taken a position on that yet," or "I haven't had time to study that yet and I will let you know my position on it later."

Actually it's getting late in the game for Briscoe or any other candidate in the May primary to still be without positions on major issues.

Briscoe came on strong on one point that drew approval of his student listeners and could hardly fail to win approval across the state.

He said he is for legislative reform especially reform of the powerful conference committee which has placed near dictatorial power in the hands of its chairman Bill Heatly of Paducah. The conference committee presently can rewrite

appropriation bills sent to them by the Senate and House and return them to both houses on a take it or leave it basis.

Briscoe called for limiting the power of the committee to compromising differences in House and Senate measures.

Dolph Briscoe's viability as a candidate for the Democratic nomination undoubtedly will hinge somewhat on the outcome and revelations in the trial of Gus Mutscher now in progress.

Mutscher, speaker of the Texas House, is charged with conspiracy in connection with passage of two bills designed to free certain banks from federal scrutiny.

The district attorney in the case has said evidence will materialize to show that Gov. Preston Smith was a part of that conspiracy. The governor has denied this and the validity of his contention that the DA's statement was a partisan smear by a Ben Barnes follower depends on what evidence the district attorney, whose name also is Smith, develops to substantiate his claim.

This campaign ploy is as old

as party politics.

The Tulia Herald by coincidence released a story highly unfavorable to Briscoe to wire services the day after the Barnes campaign train whistled through Tulia.

The information was supplied to the Tulia publication by some mysterious source never disclosed and apparently no effort was made to double check the truth of it before it was released on state-wide wire.

I am amazed that the wire services did not check it out before putting it on their network because checking was so easy — nothing more than the price of a couple of phone calls to Eagle Pass.

The story marshals figures to prove that Briscoe in pique led a taxpayer campaign designed to ruin the Eagle Pass School District as an aftermath of losing in a prolonged court battle over district taxing procedures.

School officials say the opposite is true. They say Briscoe talked some 60 disgruntled landowners into paying taxes on nearly a million acres of land after threatening to withhold payment. The lawyer who represented Eagle Pass School District says Briscoe's move made it possible for the school to open for the 1971-72 term, an event that was in doubt until the gubernatorial candidate spoke up.

This all brings us to another point.

The future of this country and maybe the world depends on the

integrity of those who collect and dispense news.

I did not make this statement. It was made by Erwin D. Canham, editor of the highly respected Christian Science Monitor. Mr. Canham is here for the Willson lectures during Christian Science Week at West Texas State University.

Canham also pointed out that the future is fairly secure for small newspapers that remain close to the people while it is not so bright for giant metropolitan publications.

He broached something that I have long suspected. He said vast amounts of information are becoming available and that the general public is awed by it and lost in it, unable to assimilate all that is thrown at it by various means of communication.

Mr. Canham expressed the opinion that television advertising is having less and less effect on the viewer and in many instances is actually counter productive.

Any kind of story can get out. There's even one circulating in Austin that Barnes had a railroad bridge burned ahead of his campaign train so he could make an entry at his next stop via Joe Batson's helicopter.

I can't believe the story. I think Ben has been in politics long enough to know that you are supposed to burn your bridges behind you, not in front of you.

Farmer Of The Year Named

BY SUSAN DOLLE

CONGRATULATIONS are in order for Joe Grotgut who was honored last week by the Hereford Lions Club as Farmer of the Year in Deaf Smith County. Mr. Grotgut was chosen for the 1971 award because of his good farm management and his ability to efficiently use the resources of his land. His crops include wheat, maize, and sugar beets.

JOE AND HIS WIFE, Gertrude, and their three children, Jeanette, Chris and Monica live on the farm 8 miles west of Umbarger.

MR. and MRS. ALVIN Friemel are in good spirits and are happy to be back home to watch the beginning of spring after a long eight-week stay in Houston where Mr. Friemel was hospitalized in M.D. Anderson hospital. The Friemels thank everyone for their get-well wishes and prayers for his recovery.

MR. and MRS. DENNIS Brandt enjoyed a week-end trip to Austin and San Antonio where they visited the T.J. Rosses, Mr. Brandt's sister, and their son Louis, who is a sergeant in the Air Force at Randolph Field.

A DEKALB SEED meeting, sponsored by the Umbarger Co-op Elevator, was held in the Umbarger school gym Monday evening. Twenty-five men heard Carroll Lackey of Tulia explain the use of newer seeds sold by the Dekalb Co. A door prize was won by Jim Sharke. Bill Coleman of the Amarillo KGNC farm staff interviewed several of the men attending the meeting for the radio Farm Report.

A GOOD NEIGHBOR AWARD for the winter months goes to Tom Payne of this community who has been spending several nights each week coaching both boys and girls junior high and high school volleyball teams. Time and patience are the requisites for the job and the reward is that of being with young people whose energy is boundless. Thanks to Tom for sharing his time with

others.

ST. MARY'S ALTAR Society held its monthly meeting Tuesday night with the biennial election of officers. Mrs. Richard E. Friemel will preside for the next two years. She and the following other officers will be installed at the organization's May meeting: Mrs. Vincent C. Meyer, vice-president; Mrs. Carroll Adams, secretary; Mrs. Joe Grotgut, treasurer; and Mrs. Ronald Haschke, historian.

THE GROUP VOTED TO maintain a concession stand and cake walk at the CYO carnival on April 23. Proceeds for the event will be given to the Children's Home in Panhandle.

VISITING IN THE HOME of Mr. and Mrs. Max Hoffman recently were Mr. and Mrs. Leo Arko of Eagle Nest, New, Mexico. This was the Arkos first visit in several years.

PUBLIC SCHOOLS WEEK has been fun for this mother of a second grader. Eyes light up when the pupil's parents come to listen to their reading circle. Now, a parent of a junior high boy might have another version of Texas Public Schools Week. That's when you have to play down your interest in what they do. Anyway, being a parent is lots of fun.

Eagle Thinclads Journey To Levelland For Meet

The Canyon High tracksters journeyed to Brownfield two weeks ago and finished in seventh place; last weekend the meet was in Vernon and they finished fourth; this weekend it is to Levelland and they are hoping to improve their placing again.

But the going may be a little rough, as John Hoover, the team's top 440 and 220 man may have a pulled ham string muscle and David Anderson has a hip pointer. Hoover also runs the final leg of the mile relay for the Eagles, but Head Track Coach Phil Ehly says both men will compete in the meet Saturday.

Hoover won the 440-yard dash in the Vernon Meet with a 52.7 clocking, which vaulted him into the 12th best time in the region thus far this season. He did not compete in the 220-yard dash in that meet.

The mile relay team finished third with a 3:42 time, which is "not particularly good", according to Ehly. Team members are Steve Williams, Kent Zevely, John Upshaw and Hoover.

Chip Van Pelt topped a third place finished in the discus with a heave of 144-6, while Bob Counselor placed fifth with a 134-03/4. Van Pelt has the fourth best distance in the region.

Counselor put the shot 44-8, which was good for third in that

event and 10th best in the region thus far. Matt Hansen placed fourth in the shot with 44-6.

John Green placed fourth in the high jump with a 5-8 leap, while Upshaw beat out teammate Kirk Ashley for fourth place in the pole vault over fewer misses with the bar at 11-0.

The Canyon squad won the district meet last year, which was only the second time that the Dumas thinclads have been beaten at the district meet in the last nine years.

Hoover won both the 440-yard and the 220-yard dashes with times of 52.0 and 49.9 respectively. In the regional meet he captured a second in the quarter with a 49.6 timing, his career best.

Upshaw, Williams and Hoover are returning members of last year's mile relay team.

Girl Eagles To Host Indoor Track Meet

The Canyon Girl Eagle tracksters will open their second season with an indoor triangular meet at the Activities Center Saturday.

Their opponents will be district competitors Tulia and Panhandle. The University Interscholastic League took over the schoolgirl track this year and divided the teams into two categories A and B, according to mentor Bob Schneider. Canyon is in larger school class A.

Included in their district is Tulia, Borger, Panhandle, Dumas and Stinnett. Last year the Canyon girls captured the Canyon Invitational track meet.

Among the top returning girls are Joy Williams whose best time is 63.6 in the 440; and Judy McBroom who had a 12.8 clocking the 100 last year as a freshman. Miss Williams only competed in three meets last year, but she won the 440 in all of them.

"We lost quite a few of our girls this year who would have been seniors," Schneider said. "That will hurt us. Saturday we will only be competing with about half our squad, because a lot of the girls will be in the Miss Canyon contest that night."

Schneider said that the girls had only been working out for a little over a week, but they were looking good and he is very hopeful about the upcoming season.

HOWDY, FROM US TO YOU. Well, it kinda turned winter on us all again, didn't it. Haven't seen too many of my

good friends and neighbors out and about this week. But spring is really just around the corner, if we can just find the right corner. March 20 will be the very first day of spring, so look for a good northerner about the 21 for sure.

SAW MRS. EDWARDS OUT in the yard the other day watering and putting around. Mrs. Edwards is Johnnie Burdette's mother who stays with them. I do believe she is the sweetest lady I've known in a long time.

SATURDAY, MARCH 4, four pretty little girls and their dads went to Myers Fried Chicken in Amarillo for an evening of fun. This was the annual Date with Dad for the Camp Fire Girls. They all looked so sweet all dressed up and so excited. Oh, yes, the Dads looked pretty sharp themselves. Those attending were: Tracy Cooper and daughter Traci Ann, I.J. Tow and daughter Kay, Howard Jones and daughter Cristie, and Sam Bybee and daughter Leslie. Glenna Evans and her Dad were unable to attend due to Glenna being kept home with Pink Eye. A very good time was had by all Dads and girls alike.

HEARD THERE WAS A BIG going away party at the Pattersons this past week for their son Toby who left Monday morning for the service. There was a batch of friends and kin to wish him well. Good luck to you Toby!!!

SHERY EVANS went to Palo Duro Canyon and spent the day Sunday with the young people from her church. Dad, LeRoy went along with the group. They had Church services there in the Canyon that evening. Heard a good time was had by all.

THE TOW FAMILY went to the Handlebar Hills sponsored indoor motorcycle races Saturday and said it was a lot of excitement and fun. Mike and his dad, I.J. traveled over to Dalhart Sunday afternoon for the races there. Mike took a second in the 250 class. He's beginning to really have quite a collection of trophies for all his entries in the motorcycle races from different places.

SAW JUST ABOUT HALF of Mescalero Park at PTA. I guess they had come to see those precious third graders do their thing. The Patriotic Play they put on was just about the best I have ever seen. Those from the park in the play were: Lori Lee Laird, Shelly Whitehead, Lee Boren, Doug Jones, Ronnie Kyle, Nancy Robertson, Lenise Bybee, Matt Malson, Tracy Gillis and of course, Stormie Moreland, and Kim Langford. They all did a really fine job. Just precious!!!

A FEW OF THOSE I SAW at the play were: the Gil Gillises, Howard Joneses, Borens, Moreland's, Laird's, and several visitors. Michelle Whitehead's grandmother, Claudelle Whitehead was there, Lenise Bybee's aunt, Betty Foster who teaches at Bowie in Amarillo, Lori Lee Laird's aunt and cousins and several others.

He works with the 9 to 11 year-olds in the Royal Rangers at their church, First Assembly in Amarillo. He also likes rock collecting.

HE WILL BE taking the Royal Rangers on a camp out at Palo

lo Duro Canyon the week-end of the 10th. Shirley's interests are refinishing furniture, sewing and crafts. Shirley comes from a close knit family of 10 brothers and sisters. They meet for a family reunion every year and camp out together near Talkquah, Oklahoma, located on the Illinois River. They all take float trips down the river each year. Last year there were 63 family members present. Howard and Shirley have three kids, Greg, 17, Cristie, 12 and Doug, 9. They moved here about 7 years ago from Springfield, Mo. Hope these little write ups help us all to become better acquainted and appreciate each other more. Here is one of Shirley's favorite recipes:

Lemon Cake Pudding
Sift Together:
¼ c. flour
1 c. sugar
¼ tsp. salt

Stir into above mixture:
1½ tsp. lemon rind
3 tbs. melted oleo
¼ c. lemon juice
2 eggs yolks (beaten)
1 c. milk
Fold in:
2 stiffly beaten egg whites
Pour in 1 quart baking dish. Set in a pan of hot water at least 1 inch deep. Bake 350 degrees for 50 minutes. Cake is on top and pudding on the bottom.

I KNOW YOU ALL ARE going to get the idea that all we do out here is cook and eat, it isn't true, but it isn't a bad idea. Anyway I want to give you this next recipe as a bonus. It is one of Shirley's and is so good and really different. So I hope you enjoy them both.

Very Different Pie
Freezes Good — It has a date flavor, but why, no one knows??? Grease a large pie pan well. Set oven at 325. Bake 25 minutes only.

3 egg whites
1 tsp. vanilla
1 c. sugar
¼ chopped nuts
20 soda crackers crushed very fine

CRUSH CRACKERS — chop nuts coarsely. Beat egg whites until stiff, add sugar slowly, add vanilla, fold in crumbs and nuts. Spread in pie pan and make it a little higher at the sides than in the middle. Bake 25 minutes. Chill several hours, before serving. Top with whipped cream. Can also be served with sliced bananas or shredded coconut.

I HOPE YOU ARE ALL enjoying your visit with us out here in our little oasis. We sure enjoy writing it up for you. If you haven't gotten out and visited your friends and neighbors lately do so, we all have to exist on this planet together, and it may as well be together as otherwise.

SEE YA NEXT WEEK. ONE LAST WORD: To Pauline Hefley: I know, I know, I know. Register. Vote and PRAY. See what you do to people. I just met you Monday night and I already think like you. HELP.

Gene Howe News

New PTA Board Elected

BY PAULINE HEFLEY

CONGRATULATIONS to the newly elected board members of the Gene Howe P.T.A. who will serve during the 1972-73 year.

THEY ARE AS follows: Troyce Mulherin, president; Ernestine Harp, vice president; Darlene Bell, second vice president; Gwyn Sellers, third vice president; Darlene Campbell, recording secretary; Glynna Schmidt, corresponding secretary; Pete Baker, treasurer; Mrs. Jarrial Moore, recorder-parliamentarian.

AND, SPEAKING of the P.T.A. over 300 bodies turned out for the third grade program, under the direction of Mrs. Phillips, who heads up the Music Department, Mrs. Woodward, Mrs. Mills, and Mrs. Hicks, our spiffy third grade teachers. In conjunction with Texas Public School Week, the theme of the program was patriotic and entitled "This Is My Country". The kiddoes did a fine job and for us mummies and daddies there is always a bit of nostalgia — what a lovely time in our little darling's lives and it is gone so soon that we must recapture such memories at our neighborhood P.T.A. programs.

he probably deserves everything he gets and more).

SERIOUSLY, THOUGH,

we all know he is king of the hill and we couldn't get along without him (but I would still like to know who almost got the ax)....

SPEAKING OF THE AX, this doesn't have anything to do with that, but we have a new Dale Evans amongst us — that Sherri McGregor has a new horse and I understand is quite elated. It's name is Red and VonDean (Mother) says they are going to have to get a set of head and tail lights to put on it for all that nite riding. Understand that Laura Cochran started to the P.T.A. meeting last eve but last time she was seen at the barn with Sherri and the horse.

TALKED TO MRS. PAT Stevens and she said she had nothing to report — that everything is "status quo" with her.

THAT ANITA WHITE, daughter of the James Whites, motored down to College Station to visit with Duane Harp, who as you have surmised is an Aggie and son of Bill and Ernestine Harp. It seems as though they pick an Amarillo Area Hometown Sweetheart and this honor was bestowed upon Anita — congrats. And, while down in that country, Diane Harp and Nancy Towery attended the victory games of the Canyon Girls Basketball team in Austin. Understand there were more Aggies there than people from

Canyon — ah, those Aggies and their capacity to enjoy our fair ladies.

AND CONGRATS to the basketball team who "done real good". Oh, yes, I failed to tell you the original reason for Anita's trip was that it was Military Weekend. Also joining in for the merriment in Aggie land were Karen Persall and Bruce Crager.

SAW THAT CUTE little Tyra Solbrig and she was tickled over winning second place in the Science Fair with an incubator with chicken eggs — however, she reports that the eggs still haven't hatched. Oh, well, a lesson in patience for little people.

HAVE YOU SEEN the Wakefield sisters since their return from Hawaii? Wow — they ain't safe on the streets. That Darlene, Kelly, and

Darla Campbell along with Donnie, Raydelle, Shawnda, and Shane Palmer jetted over to the islands and went native for eight or ten days. Really had a swell time Raydelle reports and that tan she is sporting is proof of the pudding.

MORE ON THIS NEXT week, but this Friday night is the annual Father-Daughter Banquet for the Girl Scouts at Gene Howe and we are expecting around 120 bodies there — perhaps you will be one of them and have the pleasure to escort your little darling to the dinner.

CONGRATULATIONS to our area kiddoes that attended a band contest in Hale Center this last Friday. Those going were Beldon Dampf, Sherry Solbrig, Alexis Hefley, Cindy Baldredge, Terresa Tucker,

Lesla Tucker, Melinda and Karen Richie. The band received a "one" in sightreading and thanks to that swift Gary

Laramore who directs them.

NOW DON'T MISS the tennis tournament this weekend — starts Thursday afternoon at 2 p.m. — but the one you surely won't want to miss is Friday night at 6 p.m. with Oral Roberts which will be held indoors at the Activity Center at West Texas. Best of luck to our good guys — see you there??

A "FEEL BETTER WISH" to my mummy and daddy down in Quannah who have been a bit puny.

ALWAYS GOOD TO get up to Gene Howe and here is some of the latest poop —

That Barbara Kirk has accepted a position with the Waco Public Schools as LLD Supervisor-teacher — says she is not sure what it involves, but will let us know in about a year. Are we ever going to miss that gal!

MRS. MARILYN MAYNARD reports that our fearless leader, Luther B. Lawless, threatened to fire two of the teachers on Wednesday of last week just to see how they would get along without them for one day. I never was sure which two they were — I suspect that Mr. Lawless gets a little static once in a while from the faculty (and ya'll keep doing your thing 'cause

Science Fair Winners Told

Four Rex Reeves students received gold ribbons for their entries in the local science fair held last week at the school.

Gold ribbon winners were Robin Waide, Cynthia Brasher, Jan Park and Robin Wright.

Robin Waide's entry was entitled "Skin of Liquids", and Miss Brasher's entry was called "Items That Kill Mold". Jan Park named the entry "What Is Color?", and Robin Wright tab-

ed her entry "Why Plants Do Not Grow Well Around Junipers."

Other first second and third place winners in the fair included, botany — Robin Wright first; Lettie Harrell, second; and Joel McKinney, third. Zoology — Lorrie Oglesby, first; and Tracy Stipe, second. Physics — Robin Waide, first; Jan Park, second; and Brett Fassauer, third. Medicine and health — Cynthia Brasher, first; Johnny Brooks, second and Chris Oglesby, third. Chemistry and bio-chemistry — Curry Clifford, first; David Blake, second, and Robyn Lee Higgins, third. Earth and space science — Tracy McAlpin, first; Rebecca Waide, second; Deena Fletcher, third.

Garrett Places In OEA Contest

Frank Garrett placed in the top 10 in Chapter Display when the Office Education Association held area contests in Amarillo Feb. 25. Approximately 30 schools were entered.

The Canyon chapter is planning a joint meeting with the Hereford chapter on March 21 when plans will be completed for the Employer-Employee Banquet to be held April 18.

Memorial Organized

A memorial fund for the late Ed Money who died Feb. 22 has been set up by the Olsen Park Seventh Day Adventist Church in Amarillo, according to Mrs. Lucille Fiedler.

The money will be used for the church's evangelism fund, Mrs. Fiedler said.

Any contributions can be made to Mrs. Money at Route 1, Box 442, Canyon, or Mrs. Fred Baker, treasurer of the Church, at 3615 NE 18th in Amarillo.

Registration Open For Fall

Registration forms for Town and Country Kindergarten are now available for the fall term, according to Mrs. Jack Tillinghast, instructor.

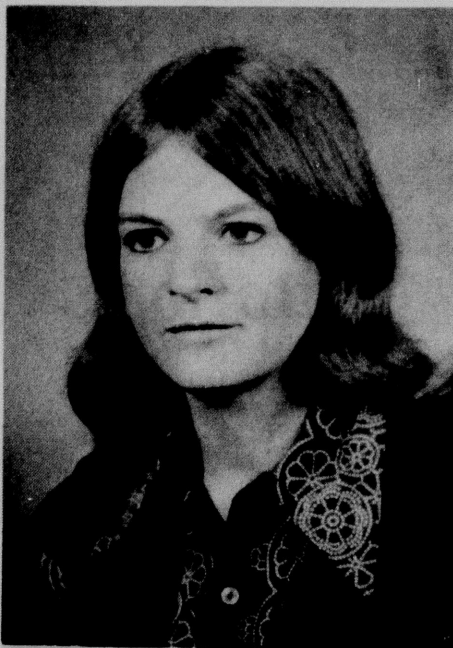

A \$5 supply fee will be charged at the time of registration.

Information may be obtained from Mrs. Tillinghast, 655-7476, or at her home, 2625 13th Ave.

Palisades Palaver

Flu Bug Bites At Palisades

BY VICKI HOOKER

THE FLU BUG has certainly been busy in the Palisades the last few weeks. Nearly everyone I've talked to recently has it in one form or another, and no one form is preferred over any other!

WITH SO MANY cases being reported, guess the bug has just decided if he can't be popular, at least he can be well-known. Anyway, here's hoping everyone who's had it is feeling much better and everyone who's got it recuperates very soon.

WE EXTEND OUR deepest sympathy to Mrs. W.C. Fowler in the recent death of her brother who lived in Dallas. Mrs. Fowler attended the funeral a week ago last Tuesday after having been released from the hospital a short time before. She had had pneumonia, but is feeling better now.

JUDY DETTEN hosted the Home Demonstration Club last Thursday in her home on the Claude highway. Most who attended brought projects to work on, but some just enjoyed visiting.

JODELL WALKER BROUGHT her crock she had cracked, and all agreed it was very attractive. After the meeting Judy took us to the stock pens to see ten 2-day-old pigs and some baby lambs. She took us mainly for the benefit of the children who came, but the ladies of the club got a much bigger charge watching the animals than any of the little ones did.

WE ALWAYS ENJOY visitors at our club meetings, so if you are not presently a member and would like to become one, or if you would just like to visit and get acquainted, please feel free to join us anytime. I will try to keep dates and places posted in this column. Our next meeting will be Thursday, March 16, at Wyatt's Cafeteria in Amarillo. We'll meet at 11 a.m. for lunch, then move to Beverly Norman's house, 1604 Crockett, for a business meeting and a short program to be presented by the county agent, Becky Hall.

WHILE WE'RE ON THE subject of meetings, the next Palisades board meeting will be next Tuesday, the 14th, at 7:30 p.m. at Charlie Hooker's. The meeting is open to everyone, and the board would appreciate anyone who comes to offer suggestions or just to listen.

THE BOARD MEETING will be missing one very important person, the president. Bob Walker left last Sunday for Dallas, where he will be attending a school for his job at the telephone company. He'll be gone for a month and we'll all certainly miss him. He had one certain before he left, and that was that I not print anything about him while he's not here to defend himself. But I made no promises.

HOORAY! THAT LIST of phone numbers you've been promised is available at last! We'll try to deliver as many as possible, but if we miss you, you can pick one up at Lum Edwards or my house. When you get your list, there are some additions and corrections that need to be made. Add Ernie Alfred, 622-0749; Arlene Hooker, 622-1272; and Gerald Sikes, 353-3196 should be Gerald Seitz, 622-1653.

THE SEITZ ARE presently just "weekenders" but after last weekend's trip they really had something to tell their friends this week. Gerald and Nadine were riding along peacefully on their motorcycle when the crazy thing bucked them both to the ground. And they both have scarlet kneecaps to prove it.

BUT NEITHER OF THEM was embarrassed about the bang-up. As Nadine said, "Everybody has motorcycle wrecks." Oh, yes. Happy birthday to either Jerry or Kenny Seitz whose birthday was Feb. 27 (I'm not sure which boy it was.)

FISHING SEASON IS here again. Although sometimes I think the fish in our creek know no season. I spotted Lule Childers and 4½ year old grandson, Michael, on the bridge Saturday morning with their lines dangling in the water.

LULE HAD TOLD Mike that the water was too cold, and that they probably wouldn't catch anything. They had no sooner dropped their lines till Michael caught a small croppie. Lule said that over the whole weekend they caught about 40 croppie and Mike caught as many as he did.

CONGRATULATIONS TO Wanell Childers, who recently was elected president of the Associate Degree Program branch of the Texas Student

Nursing Association at Amarillo College. Wanell has been very active in the various student nursing program and at present is trying to get her RN degree. What she's doing is certainly not easy, and she surely is to be admired.

RANDY CARTHEL raced at the Amarillo Civic Center Coliseum last Saturday night, but I didn't get a chance to talk to him and see how he came out. According to other sports write-ups, though, he made a very good showing and opened the eyes of many well-established pros.

BELATED BIRTHDAY greetings to Bob Hall on the 6th; Kim Tate on the 7th, and a very happy birthday to a very special mother-in-law, June Hooker, whose birthday is on the 12th, and also to Tommy McGaha on the same day.

HAVE A GOOD WEEK.

SONNY CRITCHLOW
Sonny Critchlow
Is Outstanding

Sonny Critchlow was named Greenhand for the month of February by Canyon High School instructors.

The sophomore is the son of Mr. and Mrs. Jack Critchlow, who live four miles south of Amarillo.

He was the only sophomore on the livestock judging team that represented CHS in area competition.

"He put forth a great deal of effort in all he has done," said James Walker.

Critchlow hopes to have cattle next year and begin a breeding project, and following graduation he would like to get into the ranching business.

Council Plans
Show, Meet

Plans for the County Elimination Food Show and the District THDA meeting were made at the Randall County Home Demonstration Council meeting Feb. 28.

The Food Show will be held at 9 a.m. March 18 at the Farm Bureau Building and the District meeting will be held April 20 in Pampa, according to Mrs. Carol Todd.

Delegates to attend the district meeting from Randall County are Mrs. O.O. Henry, Mrs. Whitey Voelm, and Mrs. Jim Irlbeck.

The Pleasant View Club will host an open meeting at 2 p.m. March 22. The program will be on diet and heart disease. The next council meeting will be March 27, Mrs. Todd said.

Mrs. Richard Tung lifts the lid of a Chinese tureen. The scroll behind her offers a bit of Oriental Philosophy.

Mrs. Tung Cooks Chinese Dishes

BY NELL WILLIAMS

A former star of Chinese-language movies has become known in Canyon as "the lady who makes cream puffs."

Mrs. Richard Tung, 503 11th Ave., is also "the lady who makes Chinese dishes" for her friends and neighbors.

The cream puffs are usually baked for neighborhood sales, where she also sells such specialties as decorated breads.

The movies were filmed in San Francisco during World War II when a studio owner from Hong Kong was unable to get enough Chinese-language movies for his theatres.

"We would work at nights after we got off our regular jobs," said Mrs. Tung, who played leads. The films were shown all over this country and may have been shipped back to Hong Kong as well, she thought.

Her scrapbook is full of stills, movie ads, and reviews, all written in Chinese.

Mr. and Mrs. Tung came to Canyon in May, 1969, so their two children could study at a school where students were not violent.

Carolyn, now Mrs. Garry Beauchamp, was first head song girl at West Texas State University. She is doing graduate study in biology and substitute teaching Amarillo.

Gregory is a junior, and a member of Who's Who and of Tri Beta biology fraternity.

All four of the Tungs were born and reared in San Francisco. "My parents are from the old country" and from the time she was 10, Mrs. Tung was trained to cook Chinese food for the noon and evening meals.

She was the sole cook in a San Francisco restaurant while she was still in her teens.

In San Francisco, she went with other Chinese youngsters to a special school after regular school hours were over. There she learned to read Chinese literature. Although she speaks Cantonese, she has been able to communicate with students from Taiwan in writing because it is the same in her dialect and in Mandarin, which they speak.

She has learned to carry on a conversation with them since coming to Canyon, however.

When she cooks, she likes to use peanut oil because "it doesn't give food an off flavor. It

Joint Recital Scheduled
For WT March 22

Saxophonist Kirk Woolery of Amarillo and trombonist Ronald Burtis of Plainview will be presented in a joint senior student recital March 22 at West Texas State University.

Performance time is 4 p.m. in the Fine Arts Auditorium. The program is free.

Programmed for performance are Glazounov's "Concerto for Saxophone," Galliard's "Sonata No. 5," Bozza's "Concertino for Saxophone," Bach's "Suite 1 for Violoncello," Creston's "Sonata for Saxophone and Piano," and Sander's "Sonata in E flat."

Accompanying the two performers will be pianists Mary Helen Demus, high-time instructor in music at WTSU, and David Booth, Amarillo junior.

G. Dowlen
To Attend Meet

District Attorney George Dowlen will be a delegate from Texas to the National District Attorney's Association spring meeting Sunday through Wednesday in Las Vegas, Nevada.

The conference is primarily to bring the attorneys up to date in changes in the U.S. Supreme Court decisions on search and seizure, pornography and arrest, Dowlen said.

Dowlen said he would return to Canyon Thursday.

Edwards Makes List

John C. Edwards, who is studying business administration, has been named to the dean's honor list for the fall semester at Texas Tech University.

INSTALL
GAS AIR
CONDITIONING
NOW?

Install GAS air conditioning now and beat the rush that always comes with the first hot days. While everyone else is waiting on installation, central GAS air conditioning will be quietly and efficiently cooling your whole house. And another benefit of installing now is you have the time to consider the advantages that GAS air conditioning has over the other kinds.

A GAS air conditioning system is ruggedly built and operates on a simple principle. Heat from the steady blue flame circulates a refrigerant through the system to cool the air. There are fewer major moving parts and no compressor to break down or wear out. It's this simplicity that gives GAS air conditioning its low operating costs, its long life with no loss of cooling capacity, and its easy maintenance with few repair bills.

GAS air conditioning also filters the air to reduce dust and pollen.

You should be so foxy.

If you have a forced air heating system, you may be able to use the same ductwork for GAS air conditioning.

So, be foxy. Call Pioneer Natural Gas Company for a free air conditioning survey of your home or business.

WTSU Riders
Aid In Conference

Larry Kasten, assistant professor of agriculture at West Texas State University, and five WTSU students spoke at the Panhandle Horse Sense Conference in Amarillo Friday and Saturday.

Kasten spoke on the importance of good nutrition to a horse's health.

Tom Forst and Scott Stubblefield, both winners of horse performance contest, explained reining patterns and spoke on training a reining horse.

Bob Feltman, a halter show exhibitor, explained showmanship fundamentals for halter classes.

Debbie Stemmler explained the English system of riding and covered hunter-hack and working hunter classes. Pole bending and barrel racing were demonstrated by Sally Schwarz.

More than 300 youngsters and adults were present for the lectures and demonstrations.

Four Girl Eagles Named District

For the second time in as many weeks the Canyon Girl Eagles dominated another honor squad. This time the Eagles copped four spots on the eight girl all-district squad. All-stars Joy Williams, Kris Tucker and Marilyn Read were named to the team along with starting guard Debbi Rossi.

The four girls guided the Girl Eagles to a 30-5 season standard and the AAA state championship, with wins over Saginaw, Boswell, Angleton and Rockdale in the playoffs. Miss Rossi and Miss Williams paced the Girl Eagle guards throughout the season, while Miss Read and Miss Tucker both led the Canyon offense averaging just over 15 points per game.

"Debbi did us a fine job, particularly when Joy got into foul trouble. She did an excellent job in the regional game against Angleton. We got into foul trouble and she kept her poise and just did a real fine job," said head coach Bob Schneider. She is a 5-3 senior.

"We try to base our offense and defense around pressuring the other team and Joy and Debbi were best at it."

Miss Williams was recently selected to play for the West team in the second annual Golden Spread High School Girls All Star game to be held in Amarillo March 25. This is the second consecutive year she has been selected to the mythical all-district and all-tourney teams.

The leading rebounder for the Girl Eagles, Miss Williams grabbed an average of 11 rebounds each contest. "She was the team leader on the guard end as well as the leading rebounder," Schneider commented.

Not only did Miss Read and Miss Tucker average almost the same number of points throughout the season, but both scored 46 points in the state tournament.

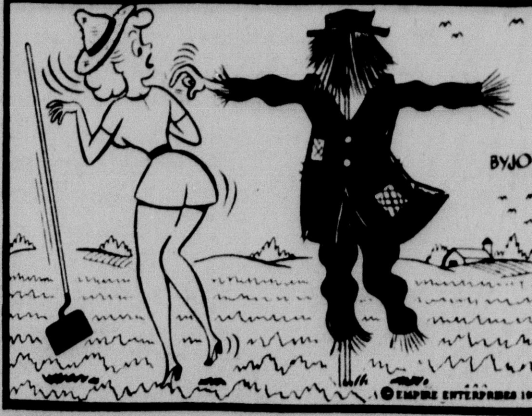

"After Lynette (Slack) was injured in the middle of the season someone had to take over the leadership of the team. Both Marilyn and Kris did a fine job of it. Both of them started scoring more and began to lead the team. For us to win someone had to take the team over and they realized that. They did a very fine job."

"I think these girls are very deserving of this honor. I am just sorry the whole team could not make it."

Today is the last day in Randall County of Canyon Girl Eagle Week which was proclaimed by Mayor J. Manley Bryan and County Judge Woody Pond recently in public ceremony.

Joint Commission On Accreditation To Inspect Neblett Hospital April 7

A Joint Commission on Accreditation of Hospitals will inspect Neblett Memorial Hospital in Canyon April 7, according to hospital administrator Ray Grimes.

The two-man team will be here all-day going through the hospital. Last year the hospital was given a one-year accreditation.

Neblett Hospital has been continuously accredited since 1964, but last year the commission inspecting the hospital expressed concern over the facilities.

"In the past we have received two and three year accreditations, but last year they would only give us a one-year approval," Grimes explained.

The commission is a voluntary organization that surveys hospitals and evaluates them in relation to set standards necessary to establish and maintain quality care.

Grona...

(Continued from Page 1)
was the best football player in our district, especially on defense," said Mills. "He suffered a painful rib injury early in the season against Perryton, but continued to play in that game and played much of the game the following week against Muleshoe. Most players wouldn't have even been in a football uniform for two or three weeks with the same injury."

"I am impressed with the facilities and head Coach Gene Mayfield," Grona stated. He also said that he chose the Buffs because of the fine opportunity to play football.

"Fred was a standout blocker and receiver for us this year," Mills said. "He has good hands and his speed has allowed him to get behind halfbacks several times. He caught three touchdowns passes and several two-point conversion passes."

As the starting center on the Canyon basketball squad he averaged 13 rebound and 11 points per game and was one of the tri-captains.

The 17-year-old Grona will not be 18 until May. He is the son of Mr. and Mrs. Charles Grona.

According to information from the commission, basic principle of physical plant safety and maintenance, and of organization and administration of activities pertinent to efficient and effective patient care, are emphasized.

"Accreditation by the Joint Commission means that a hospital is in reasonable conformance to the standards," the release noted.

Grimes pointed out if Neblett Hospital does not receive accreditation this year, Medicare officials will also inspect the hospital thoroughly.

Voters in South Randall County Commission Precinct 3 passed a bond issue for \$800,000 last summer for a 50-bed hospital in Canyon.

The hospital district was also formed in the same election, and board members agreed to petition Hill-Burton for matching funds through a grant.

No word has been received from Hill-Burton about the grant, and plans for the proposed hospital are at a stand-still.

Grimes is hopeful the commission will take into consideration what the city is attempting to do toward the hospital situation when they survey Neblett this year.

"It is totally desirable to have accreditation as far as patient care is concerned," the administrator emphasized. "It means something to the community to have your hospital accredited."

Grimes explained since the beginning of Medicare the accreditation has become more desirable because Medicare officials accept the accreditation in

lieu of a detailed inspection.

"A hospital is not a real service to a community if it can not provide service through Medicare," Grimes stressed. "Practically speaking, I don't know how a hospital can operate without Medicare."

ue's Most Valuable Player in 1956, the year he led the Giants to the World Championship. When the Philadelphia Eagles' Chuck Bednarik knocked him unconscious, the resultant injury forced Gifford to retire. He returned in 1962, however, at the new position of flankerback, and was named NFL Comeback-Player-of-the-Year by UPI.

He amassed Giant records that still stand, including the most yards gained pass receiving (5,484) and was second only to Alex Webster in most yards gained rushing (3,704). He led the Giants to two titles in his last three years, retiring after the 1964 season, for which he was named Sportsman of the Year.

Briscoe...

(Continued from Page 1)

On the rules for selecting delegate to party conventions, Briscoe stated he felt it essential the parties have the greatest participation possible in the Democratic process and the party must also insure the delegation will be seated at the national convention.

Briscoe would not indicate his personal preference for the Democratic nominee for president but said he would support the party candidate and planned to lead the Texas Democratic party to the national convention if elected.

Following a reception and interview Monday, Briscoe spoke to students at West Texas State University in the East Cafeteria.

Briscoe told the students he had seen the deterioration and degeneration of the Texas state government to the point it is ridiculed in other states.

"When it is possible for a man like Sharp to secure passage of legislation by manipulating the processes then we must have reform," Briscoe said, and he further added he will veto any legislation that has not had a hearing in the House and the Senate.

Briscoe stated the failure to reform the budgetary procedures of the state indicates the present government. Briscoe recommended a legislative budget board responsible for state financial planning, putting a price tag on any legislation, and reviewing quarterly the budgets and expenditures of all agencies.

In answer to questions from the students, Briscoe said he was not ready to recommend a reduction in the penalty for first possession of marijuana but said he was interested in a system where the penalty had some relation to the amount of marijuana found in possession.

He said he believed the state's present abortion law was not working but would not take a stand on the issue until the courts have announced their decision.

He stated he favored the adoption of the constitutional amendment for constitutional revision and was making a study of no-fault insurance.

He said he favored bilingual educational programs throughout the state and encouraged education of minority groups and seeing they are represented fairly at the policy level of state government.

Briscoe said he favored the removal of all disabilities and that full adult status be granted to 18-20 year olds but would not take a stand on lowering the drinking age to 18.

subsidy paid yearly by the city. City manager George Louder pointed out LaGrone's figures show a collection figure of \$4,479, which is about 74 per cent.

A total of 254 calls were made last year, with 122 of them being emergency calls, and 132 listed as transfers and other calls.

Commissioners instructed city attorney Elton Cox to draw up an amendment to the city zoning ordinance that would require two off-street parking spaces in all residential areas. The city will look at the amendment at the March 1 meeting.

Election was called for April 4 and two election judges were named. They will be Mrs. Dewey Foster and Mrs. Faye Byars.

A request to change the zoning in Lot 7 of Hunsley Hills Addition from single family to multi-family was approved by the commission. But a request from Presley Kennamer for a specific use permit on lots 14 and 15 in block 26 of Canyon City Addition was denied.

Planning and Zoning Commission had recommended the change in zoning requested by Arch Hunsley, and had recommended the Kennamer request be denied because several property owners had opposed the permit in writing.

Commissioners set the budget hearing for 1972-73 March 16 at 7 p.m.

Bids for two police cars were opened and are expected to be awarded March 16. Imperial Chevrolet Company bid \$4,691.08 including trade-in of two cars, Jess Ford Company bid \$4,933.20 including the trade-ins, and Stevenson Motor Company bid \$5,036.00 with trade-ins.

News Brief

Mrs. W.R. Franklin and Mr. and Mrs. Roy Franklin returned Thursday from a trip to Paona, Colo. where they attended the funeral of E.V. Fryburger.

Mr. Fryburger died Feb. 26 in Paona and was buried Feb. 29. He was 72 years old and was married to the former Fannie Mae Franklin previously of Wayside.

Mr. Fryburger was the son-in-law of Mrs. W.R. Franklin of Canyon.

hero of the situation," Hume went on. "Without him things would have gotten very serious."

"Mr. Briscoe has never done anything to hurt the Eagle Pass School. He has always helped us. This persecution has made him a lot of friends around here. The people connected with the school have nothing but praise for him."

Hume said he was contacted about the Tulsa Herald story by a San Antonio paper last week but as far as he knows what he had to say about the matter never was printed.

In the interest of absolute accuracy on a story involving to some extent the character of a man seeking the highest office in the state, The News called Mr. Hume back Wednesday morning and read him the foregoing story. The Eagle Pass school district attorney said the facts as presented here were correct in every detail.

Ray Hinders To Moderate

Dr. Ray Hinders will lead a panel discussion on "Why Am I a Methodist?" at First United Methodist Church Sunday evening.

At 7 p.m. worship in the sanctuary will be followed at 7:30 by the discussion in Fellowship Hall.

Other panel members are Mrs. Greg Feris, Mrs. Cecil Matthews, Tom Trew, Lynn Bowes, Eddie Holcomb, Stan Elliott and E.E. Plank.

Electric Series Set For 4-H

Bulletins to be used with a 4-H television electric series are available from the Randall County Extension Office, according to Mrs. Becky Hall, home demonstration agent.

"Mr. E's Tricks" will begin at 12:30 p.m. Saturday on KGNC-TV. Five more shows will follow on Mar. 18 and 25 and April 8, 15, and 22.

Boys and girls may become 4-H club members by enrolling in the 4-H TV Electric Series, said Mrs. Hall.

pending on the final cost calculation.

The Band Parents Assn. will give individual students credit toward the Georgia trip for the money they raised that is not returned.

In a letter to the trustees King asked for their approval of the trip, saying that school days missed should not exceed three days.

No action was taken on the proposal at the meeting.

Three teachers that head up the Vocational Office Education, the Auto Mechanics and the Building Trades programs discussed their individual areas with the Board.

Mrs. Willie McAlpin, who is the VOE instructor, told the group that her program provides training for students that do not intend to go to college as well as those who do.

She said that VOE had grown from 13 students in 1968 to 28 this semester. In the program the students work on a job three hours a day, attend a VOE class one hour a day and attend regular classes the remaining three hours. They receive three credits for the VOE class.

Bill Barrett, auto mechanics teacher, said, "I don't believe that my program (Auto Mechanics) can turn out first line mechanics; three hours a day is just not enough time, but, if we can turn out first line apprentices in six months or a year on the job you will see first line mechanics and I believe we can do this."

Barrett told the group that his program needed some tools to work on auto air conditioners, automatic transmissions, and a new overhead door in the rear of the building. He also asked for another set of open wrenches, a new hoist frame and more teaching aids.

"We are running short on teachers aids, particularly text books. We have 15 texts and 25 students."

"The dirt situation in the building is pitiful and the building leaks. Whatever the weather is outside is pretty much what it is on the inside," he added.

The Auto Mechanics program is in its first year in Canyon High School.

"I think that we have the best program in Canyon High School," commented John Hagemier, building trades instructor. "Our program is not one that makes electricians or plumbers or carpenters — I like to think that it teaches the boys to get their hands dirty and learn what work is all about, what work really is."

The Building Trades class has almost completed a house that they are building, just east of the high school campus. "The house is probably as good or better than most of the homes in Canyon," said Hagemier. "But this house is only one of the projects that the boys have completed or are working on this year."

"If the 14 senior boys in our program seven or eight of them

are working in construction after school and on the weekends and one is actually doing contract work on his own."

Hagemier said that his program did not lack for any tools and did not need anything. He did say, however, that he felt the requirement for completion of four years of English in Canyon High School, which will take effect next year, would hinder all the vocational programs. He said that several of his students had told him they would not have completed high school if there had been a requirement, before they were juniors and seniors.

Sommer said that the dropout rate was up some over last year. "I feel like this thing of apathy is setting in. We have had kids — even sophomores this year — that are ready to check it in. The marriage rate is also up."

Sommer said that there was

about a 10 or 15 student difference between this year and this time last year.

"I think building trades gives these kids, who might otherwise drop out, a purpose, it gives them something to take pride in and it gives them recognition in the high school," Hagemier concluded.

It was noted at the meeting that beginning this year Jack Taylor will offer an "Outstanding Building Trades Award" with a \$100 scholarship to a vocational school each year.

Happy News

Candidates File For Commission

BY MARY NEAL HENRY

THIS LETTER CAME on Thursday of last week. Dear Mr. Henry,

I WANT THE Happy Roping Club to know how much I enjoyed the ropings at Amarillo, and I want to thank you all for the trophy saddles. They are really good riding saddles, and I'm sure proud of mine.

Thank you again.

Sincerely,

OF COURSE, DANNY IS talking about the series of four team ropings which the Happy Roping Club produced at the indoor Bill Cody Arena in Amarillo. These were held in November and December of 1971 and January 29 and February 19 of 1972. Danny and Phillip Berry had to make all four of them and rope a total of 16 steers to win the trophy saddles.

FOR A MOMENT I forgot how tired I could get during one of these long sessions. We knew that Phillip and Danny were pleased that Saturday night, but because Danny wrote a letter and bothered to tell us so again, well...it makes all that hard work worthwhile. And lots of people did work. These two were nice young men and I am pleased that they won.

THERE WILL BE A four team roping at the Happy Rodeo Arena in Happy on Sunday, March 12, beginning at 2 p.m. Entry fee will be four head for \$30.

TUFFY THOMPSON WON THE steer roping in Morton on Sunday, March 6. Lee Sifford of Adrian won second and Elton Dudley of Perryton took third.

LYNN RAHLFS has filed for city commissioner. He is a lifetime resident of Happy, a '67 graduate of Happy High and a family man residing at 205 Talley. Lynn went to WT for 2½ years and now farms and ran-

ches in this area.

LYNN RAHLFS, incumbent for City Commissioner, will be seeking his second term. I like a good race. Anything just handed to you, isn't worth having.

DICK RAILSBACK IS seeking re-election for mayor. Haven't heard if he has an opponent or not. May be too late. Is it?

NOVALENE AND JOHN TOLES hosted a social hour for Brother and Mrs. Evans, our interim pastor, last Wednesday night after prayer meeting. Novalene had baked four delicious cakes to serve. Everyone enjoyed the hospitality of Novie and John and were delighted to get to see the new addition to their home.

FEBRUARY 29, Happy Jaycee-Ettes toured the Concord House in Amarillo. Those attending the outing were Judy Shipman, Dottie Foster, Skip Simons, LaVenna Jackson, Joy Freeman, Della Venhaus, Jeanne Johnson and Kay Venhaus. And guests, Martha Payne, Donna Bryan, and Vickie Albright. Joy Freeman called a meeting to order preceding the tour. Judy Shipman led the creed, Kay Venhaus gave an orientation on "What is a Jaycee-Ette?", and LaVenna Jackson, chairman of the Food for the DSA Banquet finalized plans for that event. The club has recently purchased a roaster and a heavy duty vacuum cleaner.

WILLIE BUTLER PAULINE Wesley, and I went to Dimmitt's Eastern Star Friendship night on Tuesday, February 29. We enjoyed a delicious covered dish supper. Seeing old friends, and a closed meeting. After the meeting, Mrs. James Welch showed slides of and

talked about the Holy Land. She recommended this trip as a family one.

HAPPY CHAPTER of The Order of the Eastern Star had their annual Friendship Night and salad supper on Saturday, March 4. Decorations were smiles and daisies set a friendly mood for the evening. Ruth Sims, Evelyn Shipman, and Margaret Middleton registered approximately 110 guests from eleven chapters. Nineteen of these were grand officers. Guests were greeted at the door by Evelyn Dowd, Harold Eakes, and Viola Buchanan. Evelyn Dowd and Harold Eakes gave everyone a warm welcome inside the hall. Sam Williams was the master of ceremonies for the evening. He introduced the "STOMPIN' SAINTS". Stompin', yes, the Saints part may have been a nomenclature. They sang and they played and between each song, Sam introduced another "Saint". These were Nora Taylor, Evelyn Dowd, Pauline Wesley, Gussie Barnett, incidentally, who wore her wedding dress and hat, Linda Haley and her 3-year-old son, Richard (and he stole the show), Willie Butler, Gladys Haley, Evelyn Dowd, and they were accompanied by Ann Williams on the piano. Ann sang "Lucy Brown".

SEVERAL ENCORES WERE ASKED for and special requests made, but every time they just played "Roll Out the Barrel" again. That was the only special request they knew to play. A few jigs were executed in grand style. The group received a standing ovation at the close of their performance. Our special guests for the evening were Victor and Josie Jones from Amarillo. Victor is a Past Grand Patron of Texas. Another special guest was Allene Leake, our Deputy Grand Matron from Canyon.

OTHERS FROM Canyon were Cortez Dowlen, Katherine Foster, (and Kitty was at the Plainview Tea), Santa Clark, Ada Busted, M.J. Spencer, Jim and Viva Cabe, Marie Hair, Doris Gilham, Rae Walters, and Mae Johnson. Other chapters represented were Tulsa, Hereford, Plainview, Dimmitt, Olton, Lockney and Panhandle. One guest who came with Lockney was Fannie Mae Brown from Medicine Bow, Wyoming.

SUSAN RAHLFS (LYNN'S WIFE) daughter of Kenne and Loraine McDonald, is one of 88 students at West Texas State University that has been initiated into Alpha Chi National Honor Society. To be eligible for membership you must have completed 30 semester hours and maintained at least a 2.1 grade point average on a 3.0 basis. Susan has majored in math and has a 2.7 grand point average at this time. Won't Happy High be lucky to get her when she finishes! I hope they don't let her get away. One of Happy's very own!

NELL SIMS WAS responsible for the program at her sorority recently and so she took Curley Selvidge to demonstrate Artex Painting. Curley had each one to paint a picture of a horn of plenty on pella. This was the Chi Upsilon Chapter of Beta Sigma Phi and those attending were Juanita Johnston, Monita Benham, Marge Sharp, Nell Sims, Ernestine Costley, Barbara Tueck, Shirley Stevens, Sue Michael and Bonnie Mink.

ANGELA PARKER WAS honored with a birthday party at Kay Kennedy's home Mildred Devin helped Kay with this and they served ice cream, cake and

punch to Shelley Swearingen, Kelly Weavers, Vicky Jones, Cary Venhaus, Tisha Selvidge, Ann Smith, Molly Barker, Tim Parker, Randy and Feffany Kennedy and Angela.

SUNNYHILL HOME Demonstration Club met Thursday, March 2, in Judy Shipman's home. Roll call was answered with "What I do with leftovers". One lady fed hers to the dog. Another refrigerated hers for a few days and then threw them away. There were a few good ideas, too. Our special guests for the day was our agent, Becky Hall, who gave a program on costume jewelry. Very good. I wanted to come home and take inventory and then go out and buy something new to go with my old jewelry. These new officers were elected for the coming year: President, Barbara Danner; Vice-President, Phyllis Bryan; Secretary-Treasurer, Gwynn Tueck; Council Delegate, Judy Shipman.

OUR NOMINEE for Council to send to state convention is Leona Henry and she will also be our nominee for THDA Chairman of Randall County, a position she now holds. Judy Shipman was elected our Woman of the Year. She is a past president and has served this club for many years. We will honor her at the May Day Luncheon with the other Randall County clubs. Coffee, spiced tea, and cake were served to Mary Jane Miller, Leona Henry, Bertie Culp, Phyllis Bryan, Barbara Danner, Lou Daugherty, Jo Hand, Sharon Tueck, Dutch Hall, Judy and me and new members Jo Ellen Harvey (she really isn't new) Kelly Hurst and Helen Bryan and our guest, Betty Hall.

CHARLOTTE, ROMAN, Leslie and Ramona Weavers visited the Tom Aikens in Mineral Wells over the weekend.

HAPPY JAYCEES held their annual Distinguished Service Award Banquet last Saturday night at the Jaycee Hall. They do this each year in appreciation for the support they have received in this past year from the businesses and individuals of the Happy Community. They put in a lot of time and planning on the banquet as well as money. It is free to those who come. George Tirey was the Master of Ceremonies and led the Jaycee Creed. Norman Freeman, local president, welcomed guests and said his "thank you" for the people's support. Happy Jaycee-Ettes prepared the food for their Jaycees and George thanked them for this.

DON MAGNESS, past president of the Happy Jaycees and speaker of the evening, spoke on "Look at Happy". He talked about his leadership and urged that you form your own opinions after observation, study and research. The climax of the banquet was the Appreciation awards which this year went to Tirey Hardware (accepted by Frank Tirey) for their help and support and to Carl Sims and Carol Sims (better known as the Sims twins) for their help making the tent for the Old Timers used at the Happy Day Celebration and for other help they have given.

THOSE PRESENT FOR THE occasion were Hoyle and Inez Shipman, Lizzie Wesley, Polly and Frank Walters, Charles Morrison, Louise and George White, Carol and Pat Sims, Billie and Wayne Pearson, Margaret and Al Murdoch, Nell and Carl Sims, Novaleene and John Toles, Milly and Willard Middleton, Leona and Merl McFarland, Vivian and George Woods, Gracie and Frank Tirey, Joyce and Dick Ralsback, Vera and Bill Eubanks, Jimmie and Don Ed Middleton, Hope and Irving Wilson, Ollie and Mark Nichols, Coleen and Melvin Schaeffer, Shirley and Robert Williams, J.L. Hatcher, Alice Penn, Lena Bell Cabe, Anna Mae and Hobart

McManigal, J.J. Lane, Ruth and Luther Aikens, Skinny Berres, Emmie and Alti White, Thelma Vaughan, Sherri Henry, Connie Hand, Pam Andrews, Nancy White, and Jaycees, George Tireys, Lloyd Venhaus, Ronnie Johnsons, Duane Stubblefields, Dick Fosters, Eugene Jacksons, Lloyd Rahlfs, Tom Henrys, Vincent Venhaus, Gene Shipmans, and Don Magness. These are the finest people in Happy. If don't believe me read the list again.

HAPPY HOSTED THE February American Legion and Auxiliary Zone Meeting and dinner at the school cafeteria. Tulsa, Nazareth, Dimmitt, Hart, Happy and Friona were represented at this meeting. Their program was given by those who attended Girls State and Boys State. Steve Cole, Anita Schoenenberger, and Debra Jackson told of their trips last summer. Gui Fay Via accompanied by Aurelia Schoenenberger at the piano, gave the reading, "I'm A Sick American." If you have ever heard Gui give one of these readings, you've had a treat.

VIETNAM VETERANS WERE special guests for the evening and so were Mary Flynn, National Child Welfare chairman; Henry Tuebel, American Legion Swisher County Service officer; and Nona Moore of Amarillo, American Legion Veterans Administration Hospital representative.

WEDNESDAY, MARCH 1, Willie Butler held the Lad RA Boys Home Mission Book in her home. Anna Mae McManigal taught this book, "Sharing Times Seven" by John and Frances Carter. She taught half of it and then the boys roasted weiners in the fireplace for hot dogs and marshmallows for dessert. Then they had the rest of the book. Planting a potato was a part of the book and Anne Mae gave each boy a potato to plant. Tracts of the Gospel of St. John were also given each boy. Homer Kinsey is these boys RA Grandad and he stopped by shared some of his experiences in Hawaii with Rod Walker Scott Ralsback, Mark Tackitt, Greg Hampton, Dell Eades, Montie Johnson, Kevin and Kyle Odom, David Lane, Bill Cope, and Jerry Sims.

ERNESTINE AND VILO Danner and Pat Hargrave, Catherine Miller, Betty Miller Coleen Schaeffer, Helen Bryan and I were the hostesses on hand Friday night when Phyllis and Dick Ratjen opened their shower gifts. There were lots of other hostesses who worked Saturday and I understand about sixty called during Saturday afternoon. Phyllis's Pam was on hand Friday night and Ruth and Alden Mann, Jan Ratjen, Betty and Bob Ann Wheelchel, June Hancock, and Dora Ratjen. There were lots of pretty gifts. I made three extra trips after tables. Everyone enjoyed soft drinks and cookies that night. The next day, gold punch was served from a silver service and little cakes from a table centered with gold and avocado green roses. Phyllis greeted guests informally.

I LEARNED FRIDAY night that Betty Wheelchel is now taking art lessons in Silverton. And that Dick auctioned the Lewis Harvey's land, etc. on Wednesday of this week.

HAPPY LIONS HONORED their charter members and other guests on the fifth Tuesday, which this year turned out to be February 29. About sixty persons were on hand to celebrate and among them were Vernon Harman of Canyon but who is still a Happy Lion. He was the First President when the Happy Club was formed in October, 1942. Conway Kuykendall also of Canyon (now) was another charter member present and he was their first secretary. Former out of town members present were Jack and Edna Driskill of Tulsa and L.G. and Yvonne Air-

hart of Amarillo. Carroll Killingsworth entertained this group with his famous impersonation of Phyllis Diller. If they have a 30 year celebration this fall I think they should invite the newspaper columnists.

SCOTT RAILSBACK celebrated his ninth birthday last Friday with Mark Tackitt, J. Horace McCarley, Rod Walker, Bill Cope, Kyle and Kevin Odom, Johnny McCune, David Lane, Gregg Hampton, Todd Bryan David McDonald, and Kelly McDonald got to come by, too. He had a cake with a basketball and goal (it was a football last year and they have already planned for baseball next year). Joyce said she had lots of help. Linda Ralsback and Becky McCarley planned sack races and relays and games of that type for the boys and Barbara and Sandy and Don and Metta dropped by to help open the presents and fix refreshments. They even had sandwiches.

THE FFA BOYS returned from Houston Friday night or early Saturday morning. Dorothy and Burl Sims and Freda and Dale Whitlow and Lee Moore, Ag teacher, chaperoned Jim Whitlow, Bill Pearson, Wendell Sims, Mike Sims, Mark Hargrave, Kevin Donnell, Rueben Garcia, Gary Barrett and Terry Todd. All of their pigs "made" the show and five placed. Mike Sims won 7th and 19th, Wendy Sims won tenth, and Mark Har-

grave, eleventh, and Terry Todd, 17th.

RICHARD AND LOUIS Bowe were in Happy over the weekend. Richard and Louis are from Houston. They picked up Venita and her husband, Jim Partin, in Abilene. They were here for the funeral of their Aunt in Hereford Saturday morning.

Gracyne and James Parker and their two children who are not in school, Raymond and Patricia, of Ely, Nevada were also weekend guests in Happy. James trip was business as well as pleasure.

BAPTIST YOUNG PEOPLE put on a drama Sunday evening that was excellent. Don Lee played the pastor; Stuart Tackitt, the father; Kay Spear, the mother; Chris Pearson, the son; Sandy Ralsback, the daughter; Kyle Todd the friend; and Connie Hand was sound producer. The name of the production was "THE BLACK SHEEP" and at the end of the play, you were supposed to pick out who you thought might have been the black sheep or the skeleton in their closet. Joe Provencher finished directing this for our young people. Bob Bowers, our music director, had begun it before his illness. Bob is undergoing treatment now and you can send him cards to this address: Bob Bowers, 1803 W. 9th, Levelland, Texas 79336. His parents will forward his cards.

AFTER THE DRAMA,

FISHIN' WAS FUN—for the Farmer Browns and the Cecil Simms recently at Hidalgo Lake near El Fuerta Senalo. Brown reports that the bass were caught on top plugs and hot spots.

Forensics Tourney Saturday At WTSU

Students from more than 40 Texas high schools will participate in the 3rd High Plains Forensics Tournament at West Texas State University Saturday.

The competition is presented by Pi Kappa Delta, honorary speech fraternity, and the

speech department at WTSU. University Interscholastic League events scheduled include debate, persuasive speaking, extemporaneous speaking and poetry and prose interpretation.

Special events offered will be dramatic interpretation, duet acting, original oratory and radio and television announcing.

Students and schools are given special awards and trophies for the various events.

Last year approximately 700 students representing 42 schools entered in the competition. The numbers are expected to increase this year says Tyler Tindall, instructor in speech and sponsor of Pi Kappa Delta.

Bob Boothe Speaks Here

Bob Boothe, director of business development for Producers Grain Corporation of Amarillo, will address business administration students at West Texas State University Wednesday.

His appearance, one of a series by business and professional leaders of the Texas Panhandle, was arranged by the Council of Executive Consultants. The council serves the university's School of Business in an advisory capacity.

Booth, 44, joined Producers Grain Corporation in 1965 as director of field service after 12 years as a landman for the Sunray D-X Oil Co.

In 1968 he became director of business development for PGC. He supervises the company's advertising program and is involved in foreign market development operations.

Emphysema To Be Discussed Mar. 24

Emphysema patients and members of their families have been invited to attend a free information program about the disease at 7:30 p.m. Mar. 24 in the cafeteria of High Plains Baptist Hospital in Amarillo, according to Mrs. Dorothy Neblett.

Mrs. Neblett is a member of the board for the Top of Texas TB and Respiratory Disease Association. Speakers will include a physician and two respiratory disease therapists. A question and answer session will follow their presentation.

Those who wish to attend should notify the association by phoning 374-2331 or writing 514 E. 9th St., Amarillo.

Jeff Stocker, Neil James and Wade Wilhelm display the second place trophy they won in the FFA National Spot Winter Type Congress Saturday. Not pictured is Larry Vaughn, who is also a member of the team.

"Students Are Searching"

BY ELAINE PEEPLES

Seminary students are more likely to be exploring and less committed to the ministry today than 20 years ago, according to Dr. Jameson Jones, president of the Iliff School of Theology in Denver.

Dr. Jones is in Canyon to lead "Four Days of Religious Celebration" at the First United Methodist Church.

Twenty years ago, students were sure when they came to the seminary the ministry was what they wanted. Today, students are less certain, Dr. Jones stated.

Five years ago, students were even unsure about the church, he pointed out. "They would say I came to the seminary because there is so much to do in the world and I want to see if the church is the agency through which to do it," Dr. Jones declared.

"In the past two years we have seen more students committed to the church and now the students are saying I am here because there is so much to be done and I think the church is the agency to do it," he said.

About one-third of the seminary students nationwide will not finish, he said. Part of his discussion with the church this week focuses on the role of the church in the world of today.

"The church cannot be comfortable inside its own walls but must take the responsibility of being of service to the world," Dr. Jones declared.

In the 1950's, students were comfortable and concerned with their own careers. The 1960's were a decade of action where students became aware of world issues such as ecology, pollution, war, poverty and underdeveloped countries, Dr. Jones pointed out.

"We had a generation that were concerned with the hurts and wanted to do something to help the hurts," Dr. Jones said.

This is a very idealistic generation and this is why the seminaries are full and the law schools are full because the students see this as a way of changing the world, Dr. Jones stated.

Dr. Jones added this is also part of the crisis in the public schools. "Is the public school the way to help and change the world," he asked.

Dr. Jones said he thought the exploring of young people was good and it was good for them to have some choice. "Part of this is freedom to find out what they can do in the world," he said. Today, most college students change their majors twice and many people in the 30-42 age range are changing their occupations.

As to the success of the church in its role in changing the world, Dr. Jones said some churches are successful and some are not. "We are doing better," he added.

"Some of the division in the church is over the responsibility of the church in the world. There are disagreements and conflicts and often it is the younger generation against the older generation," Dr. Jones declared.

On the freedom of a minister to express his views on world problems, Dr. Jones said, "Any minister must be honest with himself and have some freedom and part of being a minister is being a leader."

"He must recognize that he is a leader of a group of people and not antagonize these people and hurt his ability to be a leader," he said.

"A minister always lives under the tension of this decision," Dr. Jones emphasized.

Commissioners To Attend Panhandle Meet March 15

Judge Woody Pond and Randall County commissioners will attend a meeting of the County Judges and Commissioners Association of the Panhandle March 15.

The meeting will be held in the Sunburst Room of the Quality Motel beginning at 10 a.m.

State Senator Ralph Hall will address the meeting at 10:30 a.m. and Elbert M. Morrow of Huguenin, Boothman and Morrow in Dumas will speak on county laws.

Following a luncheon, R.C. Johnson, sheriff in Dallam County and John Rainey, sheriff of Collingsworth County will discuss "The Sheriff's Office as Related to Commissioners Court-Cooperation and Understanding of Needs."

Sheriff L.S. (Slim) Johnston will be a guest of the Randall County Commissioners at the meeting, according to Judge Pond.

W.R. (Buck) Breeding, commissioner in Collingsworth County will preside over the meeting and Thad Ansley, commissioner in Potter County will be in charge of committee appointments.

County Judge Ed Nobles of Potter County will deliver the welcoming address.

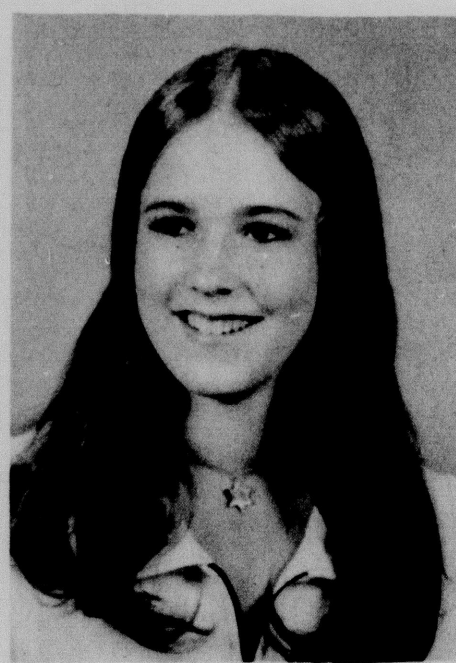

The meeting will conclude with a question and answer session on the problems of commissioners courts.

Melber To Talk To S.P.R.Y.

Rev. David Melber, pastor of St. Paul Lutheran Church, will bring the opening worship for the S.P.R.Y. (Sixty Plus Rewarding years) Club at 2 p.m. today in Fellowship Hall of First United Methodist Church.

Transportation may be arranged by calling 655-3540.

Philidor Trio To Entertain In Concert March 20

The delicate splendor and pomp of the courts and salons of 18th Century France and Italy will be recreated when the Philidor Trio, nationally acclaimed virtuosi of baroque style, perform in concert March 20 at West Texas State University.

The trio lauded by music critics throughout the country for their supreme command of the courtly style of the "Splendid Century," will perform at 8 p.m. in the Fine Arts Auditorium.

Their appearance is under auspices of the WTSU Special Programs Committee.

The group includes three former musicians of the famed New York Pro Musica, whose individual talents, says New York Times critic Donal Henahan, "merge into one pure light like a distant constellation." Members include Elizabeth Humes, soprano; Edward Smith, harpsichord; and Shelley Gruskin, baroque flute and recorders.

Formed in 1965, the Philidor Trio takes its name from the Frenchman Anne Danican Philidor, who, in 1725, initiated the first series of public concerts in France, the Concerts Spirituels.

Working largely from original manuscripts and early editions, the Philidor Trio utilizes historically authentic instruments and detailed program notes to bring to modern audiences the spirit of the time of Louis XIV, the Sun King of Versailles, whose regal example was imitated throughout the courts of 18th Century Europe.

Although their music brings a rare understanding of the past, the trio's emphasis is "always on the musical experience, transcending historical barriers of time and place and speaking directly to us today," one reviewer says.

The Philidor Trio is scheduled this season for an encore engagement at Alice Tully Hall in Lincoln Center, New York, and at the Library of Congress in Washington.

Canyon Ag Team Places Second In Winter Meet

A four man team representing the Canyon Future Farmers of America placed second at the National Spot Winter Type Congress in Lubbock Saturday.

Jeff Stocker won \$25 for his eighth high individual effort. Other members of the team were Neil James, Wade Wilhelm, and Larry Vaughn.

The team judged five classes consisting of barrows, gilts, sows and boars.

Teams from Texas, Oklahoma, New Mexico and Kansas participated in the contest.

Some denominations find the increasing number of women who want to be pastors hard to accept, he said, and others are officially open to both men and women.

Usually, men of a local church find it easier to accept a woman as pastor than the women of the church.

"One woman pastor stated the only problem she had was she couldn't do everything expected of the pastor and the pastor's wife," Dr. Jones said.

Dr. Jones said there would be an over-supply of ministers for the next 10 years because denominations are closing their rural churches and more young people are more interested in helping people.

DRT Hears Review

Mrs. W.B. Gunn of Amarillo reviewed "Love Is A Wild Assault" by Elithe Hamilton Kirkland for the Daughters of the Republic of Texas at a meeting Monday afternoon in the home of Mrs. Dorothy Neblett, 110 Fifth Ave.

The book is a biographical novel on Harriet Potter, called by some "the most notorious woman in Texas." Mrs. Potter wrote the original narrative herself in 1890 when she was 83 years old. The book deals with her life from Tennessee to New Orleans to Texas before and after the fight for Texas Independence and about the three men in her life, Solomon Page, Col. Robert Potter, for whom Potter County is named, and Charles Ames.

Co-hostesses Monday were Mrs. L.H. Owens, 404 Holman Lane, and Miss Alliene Crutgers of Amarillo.

Sherman Named To Serve On Legislative Committees

Texas Senator Max Sherman has been named to three legislative council committees by Lt. Gov. Ben Barnes.

The committees include one to study the problems of pornography within the state and possible new legal approaches to its control; one making a study of statutory standards and present conditions in Texas jails; and chairman of a committee which is continuing a comprehensive study of revision of the state statutes.

Tidbits here and there

BY CAROL CRAIN

A BEAUTIFUL WALL HANGING for the new Amarillo Club was recently completed by Canyon artist Mrs. Vaughn (Beth) Nelson.

The decor piece was commissioned by interior decorator Mrs. Frances Ward of Amarillo. The art work includes some macrame, wrapping, and weaving in black, purple, blue, and gold. Glass beads are found throughout the 10 foot by 4 foot piece which is hung above a lovely sofa.

Beth worked on the wall hanging for about 5 weeks in her home here. She ordered jute fiber by the 50 lb. spools then hand dyed the rich colors. "It took up the whole front room," she noted.

"The new club is just gorgeous," she pointed out saying that the room is predominantly purple and features one entire wall of chain links and beads.

The artist learned the weaving and macrame crafts in South America while her husband was teaching physics at the Universidad de Oriente.

The university is located in Cumana, Venezuela.

YOU ARE INVITED to attend a Hair Design Seminar Monday at 7 p.m. in the Activities Center ballroom on the WTSU campus. Tickets will sell for \$1 at the door and door prizes will be awarded.

Ronnie Crawford of Atlanta, Georgia will be the guest stylist. The hair designer has studied at the Vidal Sassoon in London, Carita in Paris, Eve of Roma in Rome and hair coloring with L'oreal in both Paris and Rome.

He has had his own salon in Atlanta for the past 5 years. For the past year he has been designing hair fashions for the Alliance Theatre there.

Crawford has also been associated with numerous fashion shows.

COMMENT: The hair design seminar that this young stylist held here last year was very well received and most enjoyable. I am sure you would enjoy attending and seeing the new trends featured on several WTSU coeds.

CORRECTION: The title of last week's recipe was erroneously given as "Cheese Squares" instead of "Chess Squares". The recipe was correct except for the title (the recipe, of course, does not call for chess). I do appreciate a reader pointing this error out so that the change can be made.

SEMANTICS SHOULD BE taught at an early age, Dr. Tolliver. I decided this Sunday when two 3-year-olds in the church nursery were having an argument.

One insisted that she was wearing "panty hose" — the other

insisted she was wearing "lee-tards". They were, however, orange and certainly not sheer.

After two or three minutes of "Panty hose"... "Lee-tards"... "Panty hose"... "Lee-tards"... I tried to explain that in truth neither was really all that wrong.

There were simply shades of differences in the words describing the same thing. When I had finished the rhetoric the pair looked at me then each other and resumed "panty-hose", "lee-tards"... so much for society.

(Dr. Crannell Tolliver, by the way, has taught Semantics at West Texas State University for a number of years — it is a most enjoyable class.)

HERE'S AN IDEA for the younger set's broken crayons, picked up from Mrs. John Plank.

Crayons the same colors may be melted in a double boiler and melted then placed in a greased cornbread stick pan. Let cool. The "new" Crayon sticks are now big enough for little fingers to grasp and will not break easily.

PILLSBURY BAKE-OFF recipes may be obtained by writing the following address. Bake-off Recipes, Box 17, Minneapolis, Minn. 55460.

Some \$64,000 in prize money was awarded.

WANT TO HAVE A banquet? (for about 600 people) All you have to do is set a date and time, get a speaker, a place, (say the East Cafeteria on the WTSU campus select a menu, decide on a price for tickets, organize the sale of them, make decorations and then attend.

The work that is going into the Canyon Chamber of Commerce Banquet has included a lot of people — but for it to be a success they need you, your family, and friends to come. (Hope you have your tickets).

Fifty-two eight foot tables have been reserved, (seating 10 people), 12 six-foot tables (seating 8), with three of the longer tables being used for the head table. (Wes Miller will organize the table and put on the white table cloths).

The banquet decorations committee has collected wine bottles as well as disposable soft drink bottles, cut them, sanded the edges, then paper mached some 75 of them. Each one has a stand and each table will be decorated with yards of crepe paper etc.

Plus Doris Martin, Frankie Swatzell, Mattie Moreland and

their crew have also made a giant map of Texas, with glitter scattered throughout.

The banquet menu will include carved roast beef deluxe, appetizer (to precede the meal) vegetables, assorted salads, (including shrimp), two pie choices, drinks.

Canyon's Outstanding Citizen will be named at the banquet and Frank Gifford will be the featured speaker.

The event should be one of Canyon's highlights during the year.

A LEADERSHIP LAB will be held this weekend at the Episcopal Campgrounds for student leaders at WTSU.

The theme for the session is "Barriers to Communication." Jim Holston, program director at the Activities Center, will present the initial session.

Mrs. Dorothy Pijan, program director for the Tech Union in Lubbock, will direct the Saturday session. Mrs. Pijan is currently the director, one of two women serving as a regional representative of the Association of College Unions International. She will receive her Doctorate in sociology and counseling in May.

VIP RECIPE FIND: Mrs. Max Sherman recommends this casserole that's good for family or any drop in company.

Chicken Enchilada Casserole

1 chicken (cook 2 hours and bone)

1 dozen tortillas

1 can cream of mushroom soup

1 can cream of chicken soup

2 small cans green chili peppers (4 oz. cans)

1 cup diced onions

1 cup chicken broth

Longhorn cheese

Saute onions in butter and add diced chili peppers, both cans of undiluted soup, and the chicken broth. Heat to a simmer. Tear up 3 tortillas in small pieces and put in a buttered casserole dish. Then add a layer of chicken (torn into bite-size pieces), a layer of sauce, and grated cheese to taste. Repeat this procedure 4 times. Heat in a 350 degree oven about 30 minutes.

"If the casserole is prepared in advance, add 15 to 20 minutes to the final cooking time," the senator's wife advised.

Four Home Games

Buff Grid Schedule Told

West Texas State University's Buffaloes will play a 10-game football schedule in 1972 and four of them will be home contests in Frank Kimbrough Stadium.

Head football coach and athletic director Gene Mayfield changed one site early this week, giving the Buffaloes four home games.

The Buffaloes will meet Colorado State Sept. 23, Lamar University Sept. 30, New Mexico State Oct. 14 and Wichita State Oct. 28 in Canyon.

The University of Southern Mississippi had been slated to play in Frank Kimbrough Stadium Oct. 7, but that site was changed to Hattiesburg, Mississippi.

"Southern Mississippi had only three home games next fall and will not have the use of a home stadium the following year as their stadium is being rebuilt," said Mayfield.

"Changing the site also breaks up our home schedule a little better. With Southern Mississippi playing in Canyon, we would play one game away from home, four straight at home, one away and one more at home."

The Buffaloes now open away from home at Drake, Sept. 16. Then they face Colorado State and Lamar in home games, on to Southern Mississippi, return to face New Mexico State, are out of town against Northern Illinois Oct. 21 and close their home schedule Oct. 28 against Wichita.

Playing its final three games away from home, West Texas meets San Diego Nov. 4, Univ. of Texas at Arlington Nov. 11, and North Texas State in Texas Stadium.

All home games will be played at 7:30 p.m. Mayfield said the reason for moving the time of home games from 8:00 p.m. is to allow fans to return home earlier.

The complete schedule is as follows: Sept. 16 at Drake (1:30 p.m.), Sept. 23 Colorado State (7:30 p.m.) Sept. 30 Lamar University (7:30 p.m.), Oct. 7 at Southern Mississippi (2 p.m.), Oct. 14 New Mexico State (7:30 p.m.), Oct. 21 at Northern Illinois (7:30 p.m.), Oct. 28 Wichita State (7:30 p.m.), Nov. 4 at San Diego State (7:30 p.m.), Nov. 11 at University of Texas at Arlington (7:30 p.m.), and Nov. 18 at North Texas State (7:30 p.m.) at Texas Stadium.

WTSU Team To Play 7 Games In 4 Days

West Texas State University's baseball team, minus one stand-out pitcher, takes on the double-tough task of playing seven road games in four days this week.

The Buffaloes play two games Wednesday at the University of Texas at El Paso, and a single game Thursday, then play at Las Cruces, N.M., Friday and Saturday against the New Mexico State Aggies, two games each day.

John Daniel, a standout freshman hurler from Oklahoma City, was injured in practice two weeks ago. Although he is on the trip, it is questionable if he will be able to throw.

West Texas opened its season last week by winning two of three games at Hardin-Simmons. The Buffaloes lost the opener, 6-3, but bounced back the following day to down the Cowboys 11-7 and 15-1.

David Lewis, Kenny Ground and Mark Stanley, the starters against Hardin-Simmons, will

see pitching action on this trip, as will David Sharp, Charlie Crouch, Mike Fox, Sam Heasley and Kerry Morgan. Ground, who doubles as an outfielder when not pitching, has four doubles in the first three games.

16 Accidents Recorded In February

Accidents in Canyon were down during the month of February as compared to the previous month according to city police records.

Some 16 accidents occurred within the city limits last month, and 22 had been recorded in January.

Traffic violations for February were 130 compared to 119 in January, and 23 criminal offenses occurred last month against 11 for January.

Fourteen criminal arrests were made in February, and 54 complaints were taken during the month.

Animal warden's report shows 23 animals were picked up in February and 30 were picked up in January.

The city judge collected \$252.50 in state taxes; \$1,249.25 in traffic fines, and \$220.00 in misdemeanor fines for a total of \$1,212.75.

County Has No New Cases

Randall County has not had any new cases of cattle scabies reported in the last week but ranchers are urged to contact inspectors early when they wish to move their cattle.

John Brazzil, county agent, said the county is now approaching the largest cattle moving season with cattle being sold and going to market.

The county is also still maintaining a record number of cattle and Brazzil suggested cattle owners give the inspectors ample notice to guard against delay in moving their cattle.

Randall County has three inspectors working in this area.

California Man To Speak At Jesus Rally Mar. 13

The Rev. Barry Wood, pastor of the First Baptist Church in Beverly Hills, Calif., will be the evangelist for the West Texas Jesus Rally March 13-15.

The rally services will be held in the West Texas State University Fieldhouse Monday, Tuesday and Wednesday.

The theme of the rally will be "He lives. Jesus Christ does live today."

Ron Lowry, of the First Baptist Church in Lubbock will direct the music.

Joshua, a rock group from Clovis, New Mexico, and the Harvest Flight, a Jesus rock group, will perform at the rally.

A preparatory rally will be held on campus March 11 and 12 with choir rehearsals, counselor training sessions and prayer meetings.

Rev. Wood, a non-denominational evangelist for nearly 10 years, became a minister at the age of 19 and began "casing" the Sunset Strip and is more interested in helping young people shake the drug habit than attending church.

A nightclub, "Right On" operates under the Beverly Hills church and has everything a nightclub has except liquor, according to a news release.

A graduate of Oklahoma Baptist University and Southwestern Baptist Theological Seminary in Ft. Worth, the Rev. Wood conducts revivals around the country.

The rally will begin at 7:45 p.m. on Monday and Wednesday and a rock festival will open the rally at 5:30 p.m. Tuesday.

CHILDHOOD NOSEBLEEDS ARE COMMON

The three most frequent reasons for a child's nosebleed are a dryness of the mucous membranes, rubbing or picking at the nose during sleep and a small ulcer area in the nose. If repeated often, consult a physician.

Often the problem can be corrected by improving the humidification in the home and the application of white petroleum jelly to the inside of the nostrils to prevent dryness. If needed your doctor can, in a simple procedure, cauterize a small ulcerated area.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

up a commission to take action on some issues such as the tax policies. "Then we will have a contribution by the Congress providing some method to find a solution."

Canham lists the system of nominating and electing the president as needing reform also.

"We need to restructure the method by which we nominate and elect the president and we need to restructure our political par-

ties," he says. "We have working coalitions, not political parties."

The former president of the National Chamber of Commerce, stresses the present system of political parties is "politics of the center," thus giving a fuzzy, muddy and undefined picture of issues.

He suggests a national primary in selection of a president as the better solution than the present system.

"We must clarify the issues, and elect people on information and not personality," he declares.

"We must get beneath the personality and find the character of a man,"

Canham says the American people have come through a traumatic generation, including the depression, two world wars and now Viet Nam.

"Viet Nam has had a deep impact on American consciousness," he believes. "The Viet Nam experience has been inconclusive, since it is the first war we haven't won."

He views the encounter between science and religion in the 19th century as having a long range effect on America, saying neither science or religion emerged with dignity.

"Two factors came together and climaxed in the 1960's: Viet Nam with its moral shock, and material prosperity, which did not bring spiritual satisfaction."

He emphasizes there is a void in organized religion and this produces selfishness. "This void has left opportunity for self-centeredness in our way of life."

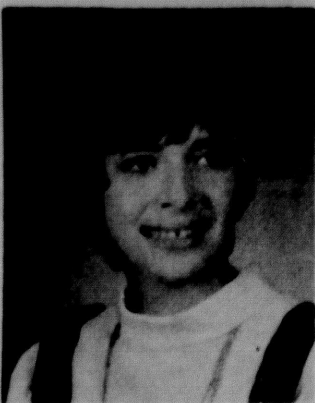

In speaking of the nation's affluency and wealth, Canham points out many young people are wondering what they could do to respond to the privileges they have been given.

"We should turn our thoughts to ancient values of simplicity, and spiritual austerity. We should reexamine the role of man under God."

"Our state of mind should be worthy of a great nation. The fate of human society hangs in a balance," he concludes.

County Gives Nod To WTSU

County Clerk LeRoy Hutton was authorized Monday to proceed with plans for an election program with West Texas State University if the political parties decide to use punch-card voting devices.

Hutton said following the commissioners meeting the political parties were waiting for a decision on primary financing due from the Texas Supreme Court Monday afternoon.

Depending on the court decision, Hutton said a meeting was expected to be called with the parties to make a decision sometime this week.

Hutton said plans were to write a master program which could be used in both the primary and general elections.

Mrs. Audrey Bruse met with the court and discussed voter registration. Mrs. Bruse said the election required her office to obtain change of address cards from the post office by March 1.

She said directions for obtaining the cards were to have been released by the secretary of state's office by March 1 and no information has been received by the tax assessor-collectors.

The court instructed Mrs. Bruse not to take any action until she receives instructions from the secretary of state.

Under the election law, the tax assessor-collector must obtain the cards from the postal department monthly and compare them to the voter registration list.

If a voter has changed his address, then the tax collector must send a letter to the old address and a letter to the new address notifying the person that his voter registration will be canceled within 30 days unless he notifies otherwise.

If no reply is received the tax assessor-collector must then notify the person by registered mail that his registration has been canceled and notify the tax assessor-collector at his new address that he is a resident there.

Mrs. Bruse reported to the court that Randall County has about 300 changes of address per month which would add up to a cost to the county of \$4,000 per election period.

Mrs. Bruse also reported to the court the tax roll was 91 per cent collected as of Feb. 1. Mrs. Bruse said the collections were not any better any usual but better than she expected.

The court approved a bid of \$285 from Consolidated Acoustics of Amarillo for lowering the ceiling on the fourth floor of the courthouse. W.A. (Bill) Wilson reported to the court last week on repairs needed in the roof of the courthouse.

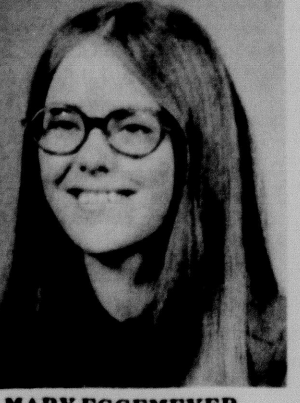

Judge Wilson also received a bid of \$992 to lower the ceiling in the district courtroom, to install acoustical tile, and change the lighting.

Hume Says Dolph Saved Eagle Pass School

Luci Nugent Here April 18

Luci Johnson Nugent, daughter of former president Lyndon B. Johnson, will be in Canyon April 18.

Mrs. Nugent has been invited by the Department of Special Services of the Canyon Independent School District. She will speak on learning disabilities to the parents of children in the Canyon school district, according to Mrs. Hazel Strickland.

The program will be held at 7:30 p.m. in the Canyon Junior High Auditorium.

Mrs. Nugent experienced a visual perception problem as an adolescent which had an effect on her ability in school and Mrs. Strickland said she felt Mrs. Nugent's visit would bring additional awareness and understanding of the Canyon program.

Mrs. Nugent works on behalf of the organization, Volunteers for Vision, whose purpose is to seek to discover the visually disadvantaged child.

Due to the personal experience of Mrs. Nugent and the help she received through vision therapy, she is dedicated to trying to prevent other young people from facing the same experience, according to Mrs. Strickland.

Mrs. Nugent has worked on behalf of VFV since its inception in 1965 and she screened in the ghetto's of Washington and served as honorary chairman of VFV.

She is now vice-president of (see NUGENT, page 7)

City Increases Ambulance Rates

A rate increase in the ambulance service and an increase in the yearly amount given to LaGrone Ambulance by the city were approved by Canyon City Commissioners Monday night.

Commissioners agreed to raise the ambulance service charge from \$20 per call to \$25 per call, and okayed an increase in subsidy to LaGrone's from \$6,029 to \$7,465.

Jerry LaGrone, owner of the service, requested a subsidy increase to \$8,400. City fathers decided to increase the rate to be paid by the ambulance users and give a partial raise in the

Democratic gubernatorial candidate Dolph Briscoe visited with County Judge Woody Pond at a reception Monday at the East Cafe-teria on the campus of West Texas State University. Briscoe spoke to students following the reception.

On School Taxes

Briscoe Denies Charges

BY ELAINE PEEPLES

Dolph Briscoe branded as false Monday an accusation made by H.M. Baggerly of the Tulia Herald that he attempted to side-step \$400,000 in taxes to Eagle County in Southwest Texas.

Briscoe said only \$7,000 to \$8,000 of the \$400,000 involved in the suit was his part and 60 other people also contested their taxes.

H.M. Baggerly suffered a stroke Monday and was not available for comment.

The Democratic candidate for governor stated Baggerly did not contact him before the accusation was released to the wire services March 1.

"This was a regrettable misrepresentation of the facts concerning the case and was one of those things that happen in a campaign," Briscoe declared.

When asked if he thought Ben Barnes' visit to Tulia March 1 had any connection with the statement by Baggerly, Briscoe noted, "It is a strange coincidence and regrettable that someone is spreading misinformation," however, Briscoe said, he was in no position to state the information given to Baggerly came from Barnes.

Baggerly stated in the March 1 release copies of records of litigation on the matter had been given to him.

Briscoe urged Canyon News reporters to contact David Hume, attorney for the school board in Eagle Pass and the superintendent of schools there.

Briscoe stated the suit with the school was settled and the school board hired an evaluation firm who placed market value on all the land in the school district.

"The disagreement was on the market value of the land,"

Briscoe said.

After the evaluation firm finished its recommendations, the value of the land in the overall district was increased rather than decreased Briscoe declared.

Briscoe also added the attorney for the school board, the superintendent and the school board were supporting him in his bid for election as governor.

Briscoe also said Monday he felt conference committees in the state legislature should be restricted to adjusting the differences in legislation as they passed the House and the Senate.

"The conference committees should not be allowed to usurp power and add to bills," Briscoe stated. Briscoe said he planned to restrict the power of the conference committees through his (see BRISCOE, page 7)

Grass Fires Are Concern

The possibility of grass fires is becoming a concern in Randall County due to the lack of top soil moisture, the amount of burnable material and the wind, according to John Brazzil, county agent.

Brazzil said he would not term the situation critical but cautioned residents to be careful. "Any uncontrolled spark of fire could get us into trouble," Brazzil stated.

The fire situation is worse in the county than it has been in two or three years because there is more burnable material in the county.

"With the rains of late summer and fall, we went into the winter with more surplus growth than ordinary," Brazzil declared.

Over the past few weeks, several fires have been reported over the Panhandle, he stated. With the speed of a fire coupled with the wind and the time involved in getting equipment to the area, the situation could become dangerous, Brazzil stressed.

People outside the city who must burn their trash should exercise extra care, he said.

The need for moisture on the wheat is not critical at this point, Brazzil added, but the wheat is beginning to grow and could use the top-soil moisture. It has been about three months since the county has had any moisture.

BY TROY MARTIN

Far from being the villain of the Eagle Pass school tax suit as charged by the Tulia Herald recently, Dolph Briscoe actually emerged as savior of the school district.

This information came Tuesday from David Hume, Eagle Pass, who acted as attorney for the school district in tax litigation involving the district and some 60 farmers and ranchers from 1968 to 1970.

Hume said the ranchers and farmers went to court contending that rural property was being taxed too high in relation to city property and that taxing procedures of the district were in error.

The Tulia newspaper charged that Briscoe forced a settlement on the school district by refusing to pay his taxes and putting the district's back to the wall financially. It said authorities faced the prospect of not being able to open the school for the 1971-72 term.

Hume said many ranchers did refuse to pay after the courts had decided against them but finally paid when urged by Briscoe to do so.

"Briscoe got a bum rap on that," Hume went on. "The courts decided there was nothing wrong with our taxing procedures. A good many people got their dander up and wouldn't pay hoping to bring us to our knees that way."

"I got hold of the lawyer on the other side and he let Mr. Briscoe know that we'd go under if the people didn't pay up."

"He told them to pay up and his standing around here was big enough to get the ranchers to pay up."

Hume said the case became known as the Briscoe case but actually that the candidate for governor owned very little land in the Eagle Pass School District.

A representative of the school district tax office Wednesday said Briscoe owned 420.5 acres of land in the Eagle Pass District in his own name and that the tax on this property was \$37.26.

Hume pointed out that Briscoe owns an interest in the Olmitos Ranches which has 20,000 acres projecting into the school district. He noted that even then this is only a fraction of the 816,000 acres of rural land involved in the tax litigation.

"Dolph Briscoe was the (see HUME, page 7)

Grona Signs With WT Buffs

Fred Grona, tight and defensive end for the Canyon football team and for the Eagle basketball squad, signed a Missouri Valley Conference letter of intent with West Texas State.

He is the second Canyon gridders to sign with the Buffaloes. Quarterback Chuck Wright was the first.

Grona, whose dimensions measure 6-3x195, was second team all-district on both the offensive and defensive end slots and averaged four pass receptions a game.

"Fred is probably the best college prospect in the Panhandle area," said head Eagle Coach Ron Mills. "He is quick for his size and very tough mentally and physically."

Last year was his first year of varsity ball for Canyon, as he moved from Amarillo Tascosa in the middle of his sophomore year and was not eligible his junior year.

"Fred runs the 40 in 4.8 and (see GRONA, page 7)

Red Lights Mean Stop

If that light is red it means stop.

And if the lights are red on all four corners, it still means stop.

Fire captain Joe Rice explains the signal lights on the corners of Fourth Avenue and 15th and 16th Streets are turned to red on all sides when an emergency vehicle is called into action.

This will include ambulance, police or fire trucks, says Rice.

"We turn the lights to red so all traffic will be stopped as the emergency vehicles go out," Rice points out.

The lights remain red for three minutes or less, and he stresses people who run the red lights do so "at their own risk."

"If the light is stuck, it will be red on one side and green on the other," he declared. "But if they are on red on all sides, that means emergency equipment is on its way through."

Dr. Erwin Canham, center, and his wife were special guests at West Texas State University this week. Dr. Canham, who is pictured with Dr. James P. Cornette, was guest lecturer for the Willson Lecture Series on the campus.

Says Editor

Real Issues Missed

BY MARGO WILLIAMS

Greatest issues facing the American public will not be settled at the ballot box says the editor of the Christian Science Monitor.

Dr. Erwin D. Canham, appearing on the West Texas State University campus Monday through Wednesday, lists the moral of the American people as the real issue in today's politics.

"We have departed from conviction," he stresses. "And we have uncertainty about our affluency."

Canham doubts if the gross national product is an adequate gauge "of anything." "Our greatest issue is the national moral and the role as a people we play in the world."

The editor of the nationally known newspaper questions whether these issues will be aired during this political year. He says government is not getting smaller or better, but rather is growing and becoming

more cumbersome.

"Government needs reform and restructuring at all levels," he points out. "Our cities and states are growing and expanding without thought to reshaping the instruments used in governing."

Canham, who appeared at the Willson Lectures does not believe the Constitution of the United States needs to be rewritten, but new methods and procedures for carrying out the Constitution should be found.

"The task of changing government is urgent, and we can not get away from government growth."

He notes the balance power within national government has swung to the executive branch, and Congress is the weakest of the three elements of government.

"Congress has neglected internal restructuring," he explains, listing seniority rule and committee chairman selection as outdated procedures.

"Reforms are urgently needed

within Congress. We are threatening to collapse under our own weight."

He recommends Congress set (see REAL, page 7)

Absentee Balloting To Begin

Absentee balloting for the Canyon Independent School District Board of Trustees will begin tomorrow and run through March 28 in the tax office in the Randall County Courthouse.

The election will be held April 1 in the Gene Howe Elementary School and the Canyon Community Center.

Six persons are seeking three openings on the board. Walter Graham, Dudley Moore and Mrs. Pauline Hefley have filed for three-year terms, and Dick Flenniken, Richard Pruett and Hiram Carr have signed for a one-year term on the board.

Absentee voting for the South Randall County Hospital District Board will be held in the city hall March 13-28. Three incumbents have filed for the hospital board, and they are Mrs. Nolon Henson, Floyd Tomlinson and Raymond Batenhorst. Election will be April 1.

City election for two commissioners and a mayor will be held April 4 and absentee voting will be held from March 15-31, also in the city hall.

Mayor Manly Bryan has filed for reelection as have incumbent commissioners H.R. Fulton and Jim Christopher. None of the city candidates have opponents.

Citizen Of Year Recognized Tonight

Canyon's Citizen of the Year will be honored tonight at the annual Chamber of Commerce banquet.

Selected by the chamber board of directors, the outstanding citizen will receive a plaque for his contribution to the city and community.

The 7 p.m. banquet with speaker following will be held in the East Cafeteria on the West Texas State University campus.

Tickets are being sold for \$6.50 and may be purchased at the door or today from a board

member.

Guest speaker will be Frank Gifford, noted television commentator and anchor man for the NFL Monday Night Football series seen during the fall months.

Gifford, former football player with the New York Giants, was previously of CBS but presently is with ABC. In addition to working with Howard Cosell and Don Meredith on the Monday football telecasts, he will be seen on "ABC's Wide World of Sports" and ABC golf specials.

He is also a regular sports reporter on WABC-TV's news program.

Gifford made his broadcasting debut on CBS Radio in 1957 while still playing football for the New York Giants. In 1959 he did the pre-game NFL show on CBS-TV, and three years later WABC-TV in New York added Gifford to its staff on a part-time basis.

When he announced his retirement from football on March 18, 1965, he had established himself as one of the game's all-time greats. The number one draft choice of the Giants in 1952, he had earned All-American honors at Southern Cal as an offensive and defensive back.

A half-back on the All-Pro team six times, he was the league (see CITIZEN, page 7)

Third grade students of Anna Read and Betty Melton at Rex Reeves Elementary School presented a Patriotic Program Tuesday in honor of Public School Week. The program was presented to students Tuesday afternoon and to parents Tuesday night. School officials are urging parents to visit the public schools this week.

Pageant Judges Announced

Mayor J. Manly Bryan will crown a new Miss Canyon Saturday night to climax the Miss Canyon Pageant being sponsored by the Canyon Study Club in the high school auditorium.

The pageant will begin at 7:30 p.m. Judges who will choose from the 48 entries are Antonio of Antonio's Italian Fashions in Amarillo, Joe Bill Brown of KDAV radio in Lubbock, Mrs. Ginger Brown, and Mrs. Max Sherman.

During intermission in the pageant, a style show will be provided by De'ons, and Jerry Boehm of KGNC-TV, who is to be master of ceremonies, will do a magic act.

Savings bonds for the winner

are being donated by First National Bank and West Texas State Bank.

FRANK GIFFORD

by Troy Martin

FROM THE CANYON RIM

Dolph Briscoe made a fine appearance on the West Texas State University campus Monday until he presented himself for questions and answers.

Briscoe got the attention of 300 supper time students at the East Dining Hall and even drew applause on two occasions.

Then he lost ground when he replied to question after question with, "I haven't taken a position on that yet," or "I haven't had time to study that yet and I will let you know my position on it later."

Actually it's getting late in the game for Briscoe or any other candidate in the May primary to still be without positions on major issues.

Briscoe came on strong on one point that drew approval of his student listeners and could hardly fail to win approval across the state.

He said he is for legislative reform especially reform of the powerful conference committee which has placed near dictatorial power in the hands of its chairman Bill Heatly of Paducah. The conference committee presently can rewrite

appropriation bills sent to them by the Senate and House and return them to both houses on a take it or leave it basis.

Briscoe called for limiting the power of the committee to compromising differences in House and Senate measures.

Dolph Briscoe's viability as a candidate for the Democratic nomination undoubtedly will hinge somewhat on the outcome and revelations in the trial of Gus Mutscher now in progress.

Mutscher, speaker of the Texas House, is charged with conspiracy in connection with passage of two bills designed to free certain banks from federal scrutiny.

The district attorney in the case has said evidence will materialize to show that Gov. Preston Smith was a part of that conspiracy. The governor has denied this and the validity of his contention that the DA's statement was a partisan smear by a Ben Barnes follower depends on what evidence the district attorney, whose name also is Smith, develops to substantiate his claim.

This campaign play is as old

as party politics. The Tulsa Herald by coincidence released a story highly unfavorable to Briscoe to wire services the day after the Barnes campaign train whistled through Tulsa.

The information was supplied to the Tulsa publication by some mysterious source never disclosed and apparently no effort was made to double check the truth of it before it was released on state-wide wire.

I am amazed that the wire services did not check it out before putting it on their network because checking was so easy — nothing more than the price of a couple of phone calls to Eagle Pass.

The story marshals figures to prove that Briscoe in pique led a taxpayer campaign designed to ruin the Eagle Pass School District as an aftermath of losing in a prolonged court battle over district taxing procedures.

School officials say the opposite is true. They say Briscoe talked some 60 disgruntled landowners into paying taxes on nearly a million acres of land after threatening to withhold payment. The lawyer who represented Eagle Pass School District says Briscoe's move made it possible for the school to open for the 1971-72 term, an event that was in doubt until the gubernatorial candidate spoke up.

This all brings us to another point. The future of this country and maybe the world depends on the integrity of those who collect and dispense news.

I did not make this statement. It was made by Erwin D. Canham, editor of the highly respected Christian Science Monitor. Mr. Canham is here for the Willson lectures during Christian Emphasis Week at West Texas State University.

Canham also pointed out that the future is fairly secure for small newspapers that remain close to the people while it is not so bright for giant metropolitan publications.

He broached something that I have long suspected. He said vast amounts of information are becoming available and that the general public is awed by it and lost in it, unable to assimilate all that is thrown at it by various means of communication.

Mr. Canham expressed the opinion that television advertising is having less and less effect on the viewer and in many instances is actually counter productive.

Any kind of story can get out. There's even one circulating in Austin that Barnes had a railroad bridge burned ahead of his campaign train so he could make an entry at his next stop via Joe Batson's helicopter. I can't believe the story. I think Ben has been in politics long enough to know that you are supposed to burn your bridges behind you, not in front of you.

The Supreme Court Wednesday denied Secretary of State Bob Bullock's application for mandamus which would have allowed him to finance party primaries through his office.

This makes a special session mandatory. Speculation in Austin is that it will be called in the next few days — possibly March 15.

It seems like a good time for Preston to make some friends by allowing some local legislation to be considered. Rep. Tom Christian is even carrying one having to do with a Randall County juvenile court.

Umbarger News

Farmer Of The Year Named

BY SUSAN DOLLE
CONGRATULATIONS are in order for Joe Grottegut who was honored last week by the Hereford Lions Club as Farmer of the Year in Deaf Smith County. Mr. Grottegut was chosen for the 1971 award because of his good farm management and his ability to efficiently use the resources of his land. His crops include wheat, maize, and sugar beets.

JOE AND HIS WIFE, Gertrude, and their three children, Jeanette, Chris and Monica live on the farm 8 miles west of Umbarger.

MR. and MRS. ALVIN Friemel are in good spirits and are happy to be back home to watch the beginning of

spring after a long eight-week stay in Houston where Mr. Friemel was hospitalized in M.D. Anderson hospital. The Friemels thank everyone for their get-well wishes and prayers for

his recovery. MR. and MRS. DENNIS Brandt enjoyed a week-end trip to Austin and San Antonio where they visited the T.J. Rossons, Mr. Brandt's sister, and their son Louis, who is a sergeant in the Air Force at Randolph Field.

A DEKALB SEED meeting, sponsored by the Umbarger Co-op Elevator, was held in the Umbarger school gym Monday evening. Twenty-five men heard Carroll Lackey of Tulsa explain the use of newer seeds sold by the Dekalb Co. A door prize was won by Jim Skarke. Bill Coleman of the Amarillo KGNC farm staff interviewed several of the men attending the meeting for the radio Farm Report.

A GOOD NEIGHBOR AWARD for the winter months goes to Tom Payne of this community who has been spending several nights each week coaching both boys and girls junior high and high school volleyball teams. Time and patience are the requisites for the job and the reward is that of being with young people whose energy is boundless. Thanks to Tom for sharing his time with

others. ST. MARY'S ALTAR Society held its monthly meeting Tuesday night with the biennial election of officers. Mrs. Richard E. Friemel will preside for the next two years. She and the following other officers will be installed at the organization's May meeting: Mrs. Vincent C. Meyer, vice-president; Mrs. Carroll Adams, secretary; Mrs. Grottegut, treasurer; and Mrs. Ronald Haschke, historian.

THE GROUP VOTED TO maintain a concession stand and cake walk at the CYO carnival on April 23. Proceeds for the event will be given to the Children's Home in Panhandle.

VISITING IN THE HOME of Mr. and Mrs. Max Hoffman recently were Mr. and Mrs. Leo Arko of Eagle Nest, New Mexico. This was the Arkos first visit in several years.

PUBLIC SCHOOLS WEEK has been fun for this mother of a second grader. Eyes light up when the pupil's parents come to listen to their reading circle. Now, a parent of a junior high boy might have another version of Texas Public Schools Week. That's when you have to play down your interest in what they do. Anyway, being a parent is lots of fun.

Eagle Thinclads Journey To Levelland For Meet

The Canyon High tracksters journeyed to Brownfield two weeks ago and finished in seventh place; last weekend the meet was in Vernon and they finished fourth; this weekend its to Levelland and they are hoping to improve their placing again.

But the going may be a little rough, as John Hoover, the team's top 440 and 220 man may have a pulled ham string muscle and David Anderson has a hip pointer. Hoover also runs the final leg of the mile relay for the Eagles, but Head Track Coach Phil Ehly says both men will compete in the meet Saturday.

Hoover won the 440-yard dash in the Vernon Meet with a 52.7 clocking, which vaulted him into the 12th best time in the region thus far this season. He did not compete in the 220-yard dash in that meet.

The mile relay team finished third with a 3:42 time, which is "not particularly good", according to Ehly. Team members are Steve Williams, Kent Zevely, John Upshaw and Hoover.

Chip Van Felt topped a third place finished in the discus with a heave of 144-6, while Bob Counselor placed fifth with a 134-03/4. Van Felt has the fourth best distance in the region.

Counselor put the shot 44-8, which was good for third in that

event and 10th best in the region thus far. Matt Hansen placed fourth in the shot with 44-6.

John Green placed fourth in the high jump with a 5-8 leap, while Upshaw beat out teammate Kirk Ashley for fourth place in the pole vault on fewer misses with the bar at 11-0.

The Canyon squad won the district meet last year, which was only the second time that the Dumas thinclads have been beaten at the district meet in the last nine years.

Hoover won both the 440-yard and the 220-yard dashes with times of 22.0 and 49.9 respectively. In the regional meet he captured a second in the quarter with a 49.6 timing, his career best.

Upshaw, Williams and Hoover are returning members of last year's mile relay team.

Girl Eagles To Host Indoor Track Meet

The Canyon Girl Eagle tracksters will open their second season with an indoor triangular meet at the Activities Center Saturday.

Their opponents will be district competitors Tulsa and Panhandle. The University Interscholastic League took over the schoolgirl track this year and divided the teams into two categories A and B, according to mentor Bob Schneider. Canyon is in larger school class A.

Included in their district is Tulsa, Borger, Panhandle, Dumas and Stinnett. Last year the Canyon girls captured the Canyon Invitational track meet.

Among the top returning girls

are Joy Williams whose best time is 63.6 in the 440; and Judy McBroom who had a 12.8 clocking the 100 last year as a freshman. Miss Williams only competed in three meets last year, but she won the 440 in all of them.

"We lost quite a few of our girls this year who would have been seniors," Schneider said. "That will hurt us. Saturday we will only be competing with about half our squad, because a lot of the girls will be in the Miss Canyon contest that night."

Schneider said that the girls had only been working out for a little over a week, but they were looking good and he is very hopeful about the upcoming season.

Mitch Jones, former dean of men at West Texas State University, has been nominated as president of the Canyon Rotary Club for 1972-73.

The nominating committee presented their report at the Tuesday meeting of the club. The committee is made up of the ten past presidents of the club according to Dean House.

Dr. Jameson Jones, president of Illif Theological School in Denver was guest speaker at the meeting Tuesday and Linda Adams, Miss West Texas State University, sang.

The club met at Canyon High School in observance of Texas Public School Week and ate at the school cafeteria, House reported.

Dr. Robert C. Burton, chairman of the department of geology at WTSU, will be the speaker next week. On March 29, the club members will invite area farmers to the meeting and an agricultural program will be presented.

WT Golf Team To Border Olympics
West Texas State's golf team left Canyon early Tuesday and will compete today, Friday and Saturday in the Border Olympics at Laredo.

Buffalo golfers entered are Jerry Boeka, Dick Weston, Eddie Kilmer, Randall and Mickey Piersall.

Weston led the Buffaloes to a 622 team total last week in the Fort Worth Recreational Tournament. The Plainview junior carded 72-79-151. Boeka was next with 78-76-154.

Burton, a Canyon freshman, shot 76-79-155 and Kilmer had 83-79-162. Piersall carded 86 and 82 for a 168 score.

Letters To The Editor

Dear Friends, and we do mean Real True Friends.

If it be God's will we will be going down to Houston the 11th or 12th for his appointment the 13th of March, for more tests for Slim at 7 a.m.

We will never be able to find words great enough to express our thanks to all of you that have been so kind to us.

We just didn't know any two people could be blessed with so many precious friends we are so rich with friends.

If there is any doubt in any one's mind that God is dead, just ask:

Slim & Flossie
With all our love and gratitude.

Dear Canyon:

The members of the 1971-72 Canyon Girl Eagles would like to express their appreciation for the support shown by the community, our parents and friends. We would especially like to thank the people who sent telegrams, flowers or called while we were staying in Austin. Our season would not have been as successful if we had not known that all the people of the community were supporting us. A special thanks to the Canyon News for its fine support.

CALL US.....we sell Electric Water Heaters

FLAWLESS

An electric water heater doesn't need a flue and so the space above the water heater becomes available for shelving... more storage space.

An electric water heater heats water flawlessly... gives you hot water when you want it.

Find out how easy it is to replace your old, worn-out water heater with a sparkling new electric. Call us this week. We sell, service, install, take out the old one, guarantee, and finance the purchase — if that's your desire. Get full details this week.

Group Looks At HD Clubs

BY TOOTIE BYBEE

HOWDY, FROM US TO YOU. Well, it kinda turned winter on us all again, didn't it. Haven't seen too many of my

good friends and neighbors out and about this week. But spring is really just around the corner, if we can just find the right corner. March 20 will be the very first day of spring, so look for a good northerner about the 21 for sure.

HAVE JUST A little bit of news for you, from all of us. Here it is:

THE LADIES THURSDAY Club met in Michal Whitehead's cozy kitchen this week. We worked on our projects and of course sewed. We all enjoyed the day together. We will be having a very special guest next week and I can't wait. Mrs. Hall, the Home Demonstration Agent is coming to meet with us and tell us about the Home Demonstration clubs and what we can do to become a part of this. It sounds like it just might work out for us, sure hope so.

WELL, HAVE YOU noticed the I.J. Tow's new car. It sure is pretty. They actually trusted Sam enough to let him drive in to town. But I didn't. I sat beside him all the way just to give him pointers and tell him if I saw a car coming a block or two in front of us for good measure. Sure is nice. But I still don't know what LTD means. Any one out there know???

SAW MRS. EDWARDS OUT in the yard the other day watering and putting around. Mrs. Edwards is Johnnie Burdette's mother who stays with them. I do believe she is the sweetest lady I've known in a long time.

SATURDAY, MARCH 4, four pretty little girls and their dads went to Myers Fried Chicken in Amarillo for an evening of fun. This was the annual Date with Dad for the Camp Fire Girls. They all looked so sweet all dressed up and so excited. Oh, yes, the Dads looked pretty sharp themselves. Those attending were: Tracy Cooper and daughter Traca Ann, I.J. Tow and daughter Kay, Howard Jones and daughter Cristie, and Sam Bybee and daughter Leslie. Glenna Evans and her Dad were unable to attend due to Glenna being kept home with Pink Eye. A very good time was had by all Dads and girls alike.

HEARD THERE WAS A BIG going away party at the Pattersons this past week for their son Toby who left Monday morning for the service. There was a batch of friends and kin to wish him well. Good luck to you Toby!!!

SHERRY EVANS went to Palo Duro Canyon and spent the day Sunday with the young people from her church. Dad, Leroy went along with the group. They had Church services there in the Canyon that evening. Heard a good time was had by all.

THE TOW FAMILY went to the Handlebar Hills sponsored indoor motorcycle races Saturday and said it was a lot of excitement and fun. Mike and his dad, I.J. traveled over to Dalhart Sunday afternoon for the races there. Mike took a second in the 250 class. He's beginning to really have quite a collection of trophies for all his entries in the motorcycle races from different places.

SAW JUST ABOUT HALF of Mescalero Park at FTA. I guess they had come to see those precious third graders do their thing. The Patriotic Play they put on was just about the best I have ever seen. Those from the park in the play were: Lori Lee Laird, Shelly Whitehead, Lee Boren, Doug Jones, Ronnie Kyle, Nancy Robertson, Lenise Bybee, Matt Malson, Tracy Gillis and of course, Stormie Moreland, and Kim Langford. They all did a really fine job. Just precious!!!

A FEW OF THOSE I SAW at the play were: the Gil Gillises, Howard Joneses, Borens, Moreland s, Laird s, and several visitors. Michelle Whitehead's grandmother, Claudelle Whitehead was there, Lenise Bybee's aunt, Betty Foster who teaches at Bowie in Amarillo, Lori Lee Laird's aunt and cousins and several others.

veral others. Was a real pleasure just to be present. A BIG thank-you to those four teachers who worked so hard, Mrs. Mills, Mrs. Woodward, Mrs. Hicks and Mrs. Phillips.

GET WELL QUICK to Glenna Evans.

WELL, I WANT TO tell you about another one of my good friends and neighbors. Our featured family this week is the Howard Jones'. Howard works as the Area Supervisor for Colorado Interstate Gas Co. Shirley is a homemaker, and I guess the best way to describe her is talented and dedicated to the better things in life. Howard's main interest are those that center around their church. He works with the 9 to 11 year-olds in the Royal Rangers at their church, Royal Assembly in Amarillo. He also likes rock collecting.

HE WILL BE taking the Royal Rangers on a camp out at Palo Duro Canyon the week-end of the 10th. Shirley's interests are refinishing furniture, sewing and crafts. Shirley comes from a close knit family of 10 brothers and sisters. They meet for a family reunion every year and camp out together near Talkquaha, Oklahoma, located on the Illinois River. They all take float trips down the river each year. Last year there were 63 family members present. Howard and Shirley have three kids, Greg, 17, Cristie, 12 and Doug, 9. They moved here about 7 years ago from Springfield, Mo. Hope these little write ups help us all to become better acquainted and appreciate each other more. Here is one of Shirley's favorite recipes:

First Child Born To Thompsons

Mr. and Mrs. W.M. (Buddy) Thompson of Amarillo are the parents of their first child, Teri Lynn, born Monday in Neblett Memorial Hospital.

The baby weighed 7 pounds and was 19 1/2 inches long. Thompson is employed by Continental Oil Co.

Mrs. Grace Thompson, is the paternal grandmother. Mrs. Phil Cornell of Oklahoma City is the maternal grandmother.

Howells Have Son, Lance Alan

Mr. and Mrs. Jim Howell, 414 Foster Lane, are the parents of a son, Lance Alan, born Feb. 22 in Neblett Memorial Hospital.

The little boy weighed 8 pounds 8 ounces and was 21 inches long.

Howell is assistant administrator for the hospital and its clinic.

The Howells also have a daughter, Amy Allison, 3. Mr. and Mrs. T.I. Loter, Plainview, and Mr. and Mrs. Horton Howell, Lockney, are the grandparents.

News Brief

Pfc. Wallace Stevens called his parents from Korea this weekend to let them know he is well and that he will have no mailing address for about three weeks. Private Wallace is beginning a 13-month tour of duty.

New PTA Board Elected

BY PAULINE HEFLEY

THEY ARE AS follows: Troyce Mulherin, president; Ernestine Harp, vice president; Darlene Bell, second vice president; Gwyn Sellers, third vice president; Darlene Campbell, recording secretary; Glynn Schmidt, corresponding secretary; Pete Baker, treasurer; Mrs. Jarrial Moore, recorder-parliamentarian.

AND, SPEAKING of the P.T.A. over 300 bodies turned out for the third grade program, under the direction of Mrs. Phillips, who heads up the Music Department, Mrs. Woodward, Mrs. Mills, and Mrs. Hicks, our spiffy third grade teachers. In conjunction with Texas Public School Week, the theme of the program was patriotic and entitled "This Is My Country". The kiddoes did a fine job and for us mummies and daddies there is always a bit of nostalgia — what a lovely time in our little darling's lives and it is gone so soon that we must recapture such memories at our neighborhood P.T.A. programs.

Canyon — ah, those Aggies and their capacity to enjoy our fair ladies.

AND CONGRATS to the basketball team who "dove real good". Oh, yes, I failed to tell you the original reason for Anita's trip was that it was Military Weekend. Also joining in for the merriment in Aggie land were Karen Persall and Bruce Crager.

SAW THAT CUTE little Tyra Solbrig and she was tickled over winning second place in the Science Fair with an incubator with chicken eggs — however, she reports that the eggs still haven't hatched. Oh, well, a lesson in patience for little people.

HAVE YOU SEEN the Wakefield sisters since their return from Hawaii? Wow — they ain't safe on the streets. That Darlene, Kelly, and

Darla Campbell along with Donnie, Raydelle, Shawnda, and Shane Palmer jetted over to the islands and went native for eight or ten days. Really had a swell time Raydelle reports and that tan she is sporting is proof of the pudding.

MORE ON THIS NEXT week, but this Friday night is the annual Father-Daughter Banquet for the Girl Scouts at Gene Howe and we are expecting around 120 bodies there — perhaps you will be one of them and have the pleasure to escort your little darling to the dinner.

CONGRATULATIONS to our area kiddoes that attended a band contest in Hale Center this last Friday. Those going were Beldon Dampf, Sherry Solbrig, Alexis Hefley, Cindy Baldredge, Teresa Tucker,

Lesla Tucker, Melinda and Karen Richie. The band received a "one" in sightreading and thanks to that swift Gary Laramore who directs them.

NOW DON'T MISS the tennis tournament this weekend — starts Thursday afternoon at 2 p.m. — but the one you surely won't want to miss is Friday night at 6 p.m. with Oral Roberts which will be held indoors at the Activity Center at West Texas. Best of luck to our good guys — see you there??

A "FEEL BETTER WISH" to my mommie and daddy down in Quannah who have been a bit puny.

That Barbara Kirk has accepted a position with the Waco Public Schools as L.D. Supervisor-teacher — says she is not sure what it involves, but will let us know in about a year. Are we ever going to miss that gal!

MRS. MARILYN MAYNARD reports that our fearless leader, Luther B. Lawless, threatened to fire two of the teachers on Wednesday of last week just to see how they would get along without them for one day. I never was sure which two they were — I suspect that Mr. Lawless gets a little static once in a while from the faculty (and ya'll keep doing your thing 'cause

Mrs. George White Visits

BY MARY JO GRIFFIN

THIS BEING TEXAS Public School Week, let's support our schools and our children by attending. If you haven't visited one of our schools yet, there is still time today and tomorrow. Special activities have been planned along with regular school work.

MRS. GEORGE WHITE and son Todd returned home Friday after spending a week with her parents, Mr. and Mrs. C.J. Leavitt in Tulsa.

MRS. GENE SIMPSON visited Sunday with Gene's brother Earl Simpson in Central Plains Hospital in Plainview.

HAPPY BIRTHDAY this

week to three sweet little girls from our neighborhood. They are Quinell Newman-March 8, Deanna Hanes-March 9 and Tiffany Cartwright-March 11. Also a happy birthday on Sunday March 12 to Shad Leith.

THE BILLY GRIFFIN family visited Sunday afternoon in Amherst with their parents Mr. and Mrs. Lage Griffin and Mrs. Herbert Roberson and other relatives.

WE'RE LOOKING forward to the Miss Canyon Pageant this weekend. Good Luck to all of you girls entered.

Science Fair Winners Told

Four Rex Reeves students received gold ribbons for their entries in the local science fair held last week at the school.

Gold ribbon winners were Robin Waide, Cynthia Brasher, Jan Park and Robin Wright.

Robin Waide's entry was entitled "Skin of Liquids", and Miss Brasher's entry was called "Items That Kill Mold." Jan Park named the entry "What Is Color?" and Robin Wright tabbed

ed her entry "Why Plants Do Not Grow Well Around Junipers."

Other first second and third place winners in the fair included, botany — Robin Wright first; Lettie Harrell, second; and Joel McKinney, third. Zoology — Lorrie Oglesby, first; and Tracy Stipe, second. Physics — Robin Waide, first; Jan Park, second; and Brett Fassauer, third. Medicine and health — Cynthia Brasher, first; Johnny Brooks, second and Chris Oglesby, third. Chemistry and biochemistry — Curry Clifford, first; David Blake, second, and Robyn Lee Higgins, third. Earth and space science — Tracy McAlpin, first; Rebecca Waide, second; Deena Fletcher, third.

Garrett Places In OEA Contest

Frank Garrett placed in the top 10 in Chapter Display when the Office Education Association held area contests in Amarillo Feb. 25. Approximately 30 schools were entered.

The Canyon chapter is planning a joint meeting with the Hereford chapter on March 21 when plans will be completed for the Employer-Employee Banquet to be held April 18.

Memorial Organized

A memorial fund for the late Ed Money who died Feb. 22 has been set up by the Olsen Park Seventh Day Adventist Church in Amarillo, according to Mrs. Lucille Fiedler.

The money will be used for the church's evangelism fund, Mrs. Fiedler said.

Any contributions can be made to Mrs. Money at Route 1, Box 442, Canyon, or Mrs. Fred Baker, treasurer of the church, at 3615 NE 18th in Amarillo.

Registration Open For Fall

Registration forms for Town and Country Kindergarten are now available for the fall term, according to Mrs. Jack Tillinghast, instructor.

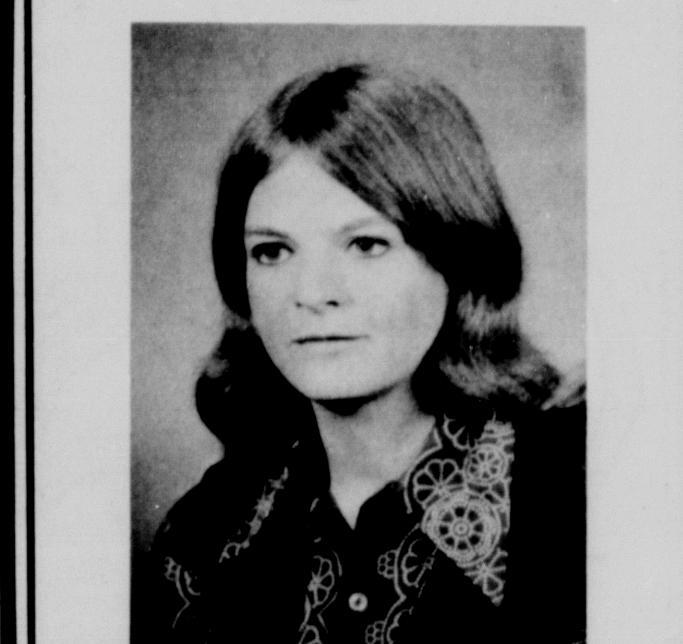

A \$5 supply fee will be charged at the time of registration.

Information may be obtained from Mrs. Tillinghast, 655-7476, or at her home, 2625 13th Ave.

Palisades Palaver

Flu Bug Bites At Palisades

BY VICKI HOOKER

THE FLU BUG has certainly been busy in the Palisades the last few weeks. Nearly everyone I've talked to recently has it in one form or another, and no one form is preferred over any other!

WITH SO MANY cases being reported, guess the bug has just decided if he can't be popular, at least he

ago last Tuesday after having been released from the hospital a short time before. She had had pneumonia, but is feeling better now.

JUDY DETTEN hosted the Home Demonstration Club last Thursday in her home on the Claude highway. Most who attended brought projects to work on, but some just enjoyed visiting.

JODELL WALKER BROUGHT her crock she had cracked, and all agreed it was very attractive. After the meeting Judy took us to the stock pens to see ten 2-day-old pigs and some baby lambs. She took us mainly for the benefit of the children who came, but the ladies of the club got a much bigger charge watching the animals than any of the little ones did.

WE ALWAYS ENJOY visitors at our club meetings, so if you are not presently a member and would like to become one, or if you would just like to visit and get acquainted, please feel free

to join us anytime. I will try to keep dates and places posted in this column. Our next meeting will be Thursday, March 16, at Wyatt's Cafeteria in Amarillo. We'll meet at 11 a.m. for lunch, then move to Beverly Norman's house, 1604 Crockett, for a business meeting and a short program to be presented by the county agent, Becky Hall.

WHILE WE'RE ON THE subject of meetings, the next Palisades board meeting will be next Tuesday, the 14th, at 7:30 p.m. at Charlie Hooker's. The meeting is open to everyone, and the board would appreciate anyone who comes to offer suggestions or just to listen.

THE BOARD MEETING will be missing one very important person, the president. Bob Walker left last Sunday for Dallas, where he will be attending a school for his job at the telephone company. He'll be gone for a month and we'll all certainly miss him. He had one request before he left, and that was that I not print anything about him while he's not here to defend himself. But I made no promises.

HOORAY! THAT LIST of phone numbers you've been promised is available at last! We'll try to deliver as many as possible, but if we miss you, you can pick one up at Lum Edwards or my house. When you get your list, there are some additions and corrections that need to be made. Add Ernie Alfred, 622-0749; Arlene Hooker, 622-1272; and Gerald Sikes, 353-3196 should be Gerald Seitz, 622-1653.

THE SEITZ ARE presently just "weekenders" but after last weekend's trip they really had something to tell their friends this week. Gerald and Nadine were riding along peacefully on their motorcycle when the crazy thing bucked them both to the ground. And they both have scarlet kneecaps to prove it.

BUT NEITHER OF THEM was embarrassed about the bang-up. As Nadine said, "Everybody has motorcycle wrecks." Oh, yes. Happy birthday to either Jerry of Kenny Seitz whose birthday was Feb. 27 (I'm not sure which boy it was.)

FISHING SEASON IS here again. Although sometimes I think the fish in our creek know no season. I spotted Lule Childers and 4½ year old grandson, Michael, on the bridge Saturday morning with their lines dangling in the water.

LULE HAD TOLD Mike that the water was too cold, and that they probably wouldn't catch anything. They had no sooner dropped their lines till Michael caught a small croppie. Lule said that over the whole weekend they caught about 40 croppie and Mike caught as many as he did.

CONGRATULATIONS TO Wanell Childers, who recently was elected president of the Associate Degree Program branch of the Texas Student

Nursing Association at Amarillo College. Wanell has been very active in the various student nursing program and at present is trying to get her RN degree. What she's doing is certainly not easy, and she surely is to be admired.

RANDY CARTEL raced at the Amarillo Civic Center Coliseum last Saturday night, but I didn't get a chance to talk to him and see how he came out. According to other sports write-ups, though, he made a very good showing and opened the eyes of many well-established pros.

BELATED BIRTHDAY greetings to Bob Hall on the 6th; Kim Tate on the 7th, and a very happy birthday to a very special mother-in-law, June Hooker, whose birthday is on the 12th, and also to Tommy McGaha on the same day.

HAVE A GOOD WEEK.

SONNY CRITCHLOW

Sonny Critchlow Is Outstanding

Sonny Critchlow was named Greenhand for the month of February by Canyon High School instructors.

The sophomore is the son of Mr. and Mrs. Jack Critchlow, who live four miles south of Amarillo.

He was the only sophomore on the livestock judging team that represented CHS in area competition.

"He put forth a great deal of effort in all he has done," said James Walker.

Critchlow hopes to have cattle next year and begin a breeding project, and following graduation he would like to get into the ranching business.

Council Plans Show, Meet

Plans for the County Elimination Food Show and the District THDA meeting were made at the Randall County Home Demonstration Council meeting Feb. 28.

The Food Show will be held at 9 a.m. March 18 at the Farm Bureau Building and the District meeting will be held April 20 in Pampa, according to Mrs. Carol Todd.

Delegates to attend the district meeting from Randall County are Mrs. O.O. Henry, Mrs. Whitey Voelm, and Mrs. Jim Irlbeck.

The Pleasant View Club will host an open meeting at 2 p.m. March 22. The program will be on diet and heart disease. The next council meeting will be March 27, Mrs. Todd said.

Mrs. Richard Tung lifts the lid of a Chinese tureen. The scroll behind her offers a bit of Oriental Philosophy.

Mrs. Tung Cooks Chinese Dishes

BY NELL WILLIAMS

A former star of Chinese-language movies has become known in Canyon as "the lady who makes cream puffs."

Mrs. Richard Tung, 503 11th Ave., is also "the lady who makes Chinese dishes" for her friends and neighbors.

The cream puffs are usually baked for neighborhood sales, where she also sells such specialties as decorated breads.

The movies were filmed in San Francisco during World War II when a studio owner from Hong Kong was unable to get enough Chinese-language movies for his theatres.

"We would work at nights after we got off our regular jobs," said Mrs. Tung, who played leads. The films were shown all over this country and may have been shipped back to Hong Kong as well, she thought.

Her scrapbook is full of stills, movie ads, and reviews, all written in Chinese.

Mr. and Mrs. Tung came to Canyon in May, 1969, so their two children could study at a school where students were not violent.

Carolyn, now Mrs. Garry Beauchamp, was first head song girl at West Texas State University. She is doing graduate study in biology and substitute teaching Amarillo.

Gregory is a junior, and a member of Who's Who and of Tri Beta biology fraternity.

All four of the Tungs were born and reared in San Francisco. "My parents are from the old country" and from the time she was 10, Mrs. Tung was trained to cook Chinese food for the noon and evening meals.

She was the sole cook in a San Francisco restaurant while she was still in her teens.

In San Francisco, she went with other Chinese youngsters to a special school after regular school hours were over. There she learned to read Chinese literature. Although she speaks Cantonese, she has been able to communicate with students from Taiwan in writing because it is the same in her dialect and in Mandarin, which they speak. She has learned to carry on a conversation with them since coming to Canyon, however.

When she cooks, she likes to use peanut oil because "it doesn't give food an off flavor. It

enhances flavor rather than adding something else to it."

When the Chinese need to cook with a solid, they use lard, she added.

Among the dishes she likes to make and for which ingredients are available here are Soy Sauce Braised Chicken and Pepper Chow Huk (Pepper with Meat). When her garden is producing, she has a variety of Chinese vegetables on hand and can make Cha Siu Bow, a steamed dumpling filled with barbecued pork, and other delicacies not known to this area.

And she recommends her own method for cooking perfect rice.

The dumplings are to be eaten with tea and contain green onions, soy sauce, oyster sauce, and cilantro, among other ingredients.

PEPPER CHOW YUK (Pepper with Meat)

1 flank steak

1 tbs. peanut oil

1 tsp. cornstarch

½ tsp. salt

½ tsp. sugar

1 tbs. soy sauce

3 green peppers cut in one-inch pieces

1 tsp. mashed black beans, if available (Mrs. Tung buys them in Dallas)

¼ cup soy sauce

¼ cup chicken or beef broth

2 tsp. cornstarch mixed with 3 tbs. cold water

Cut flank steak lengthwise into three pieces and cut each piece crosswise into ¼ inch slices. Add salt, sugar, cornstarch, soy sauce, and peanut oil and

mix well. Let stand at least 10 min. Heat 2 tbs. peanut oil in heavy saucepan and stir-fry beef over high heat until it just loses its red color. Remove from saucepan to another container. In the same saucepan, add 2 tbs. peanut oil and stir-fry pepper and onions over medium heat for 2 minutes. Add mashed black beans, soy sauce and broth. Cover and cook five min. Add enough cornstarch and water mixture to thicken sauce. Add sautéed beef and stir 1 min. Do not cover cook after beef is added. Salt to taste.

SOY SAUCE BRAISED CHICKEN

1 whole fryer

2 green onions cut in fourths

1 piece ginger, ½-inch by 1-inch, sliced

¼ cup soy sauce

½ tsp. sugar

½ cup water

salt

1 cup mushrooms (canned or fresh)

Clean and dry chicken. Sprinkle cavity with salt. Rub outside with soy sauce. Brown in about 3 to 4 tbs. hot peanut oil turning to brown evenly. When browned, add green onions, ginger, the remaining soy sauce, sugar, and water. Cover and bring mixture to boiling point. Turn heat down and let steam for about 1 hour, turning over after 30 min. In the meantime, sauté mushrooms in 2 tbs. peanut oil and set aside. Add to chicken during final 15 minutes. Remove chicken when done and

thicken juice in pan with 1 tsp. cornstarch mixed with 2 tbs. water. Add salt to taste. Cut chicken into small serving pieces and pour gravy over it. Serve with rice and green onions in oil.

GREEN ONIONS IN OIL

Clean 5 or 6 green onions. Cut in 2-inch pieces and then sliver each piece lengthwise into five shreds. Put in shallow dish and sprinkle 1 tsp. salt evenly over top. Heat 3 tbs. peanut oil until hot and pour evenly over it. Dip pieces of chicken into mixture before eating.

HOW TO COOK RICE

1. Use Texas long-grain rice.

2. Wash it really well, measure into heavy saucepan, add water, swirl around for two min. to loosen excess starch. Then drain and rinse until water runs clear.

3. Add enough water to cover rice plus one inch.

4. Cover and let boil until water is absorbed, lower heat, keep cover on and don't peek.

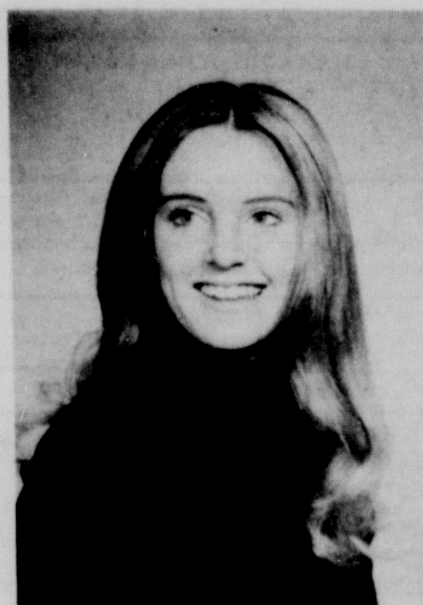

5. Steam for 30 min. at very low heat. Cover must not come off.

"Or, if you're really rice nuts, you could buy an automatic rice pot." Available in San Francisco, the pot cooks rice perfectly in 30 minutes, Mrs. Tung said.

INSTALL GAS AIR CONDITIONING NOW?

Install GAS air conditioning now and beat the rush that always comes with the first hot days. While everyone else is waiting on installation, central GAS air conditioning will be quietly and efficiently cooling your whole house. And another benefit of installing now is you have the time to consider the advantages that GAS air conditioning has over the other kinds.

A GAS air conditioning system is ruggedly built and operates on a simple principle. Heat from the steady blue flame circulates a refrigerant through the system to cool the air. There are fewer major moving parts and no compressor to break down or wear out. It's this simplicity that gives GAS air conditioning its low operating costs, its long life with no loss of cooling capacity, and its easy maintenance with few repair bills.

GAS air conditioning also filters the air to reduce dust and pollen.

If you have a forced air heating system, you may be able to use the same ductwork for GAS air conditioning.

So, be foxy. Call Pioneer Natural Gas Company for a free air conditioning survey of your home or business.

Four Girl Eagles Named District

For the second time in as many weeks the Canyon Girl Eagles dominated another honor squad. This time the Eagles copped four spots on the eight girl all-district squad. All-staters Joy Williams, Kris Tucker and Marilyn Read were named to the team along with starting guard Debbi Rossi.

The four girls guided the Girl Eagles to a 30-5 season standard and the AAA state championship, with wins over Saginaw, Boswell, Angleton and Rockdale in the playoffs. Miss Rossi and Miss Williams paced the Girl Eagle guards throughout the season, while Miss Read and Miss Tucker both led the Canyon offense averaging just over 15 points per game.

"Debbi did us a fine job, particularly when Joy got into foul trouble. She did an excellent job in the regional game against Angleton. We got into foul trouble and she kept her poise and just did a real fine job," said head coach Bob Schneider. She is a 5-3 senior.

"We try to have our offense and defense around pressuring the other team and Joy and Debbi were best at it."

Miss Williams was recently selected to play for the West team in the second annual Golden Spread High School Girls All

Star game to be held in Amarillo March 25. This is the second consecutive year she has been selected to the mythical all-district and all-tourney teams.

The leading rebounder for the Girl Eagles, Miss Williams grabbed an average of 11 carsoms each contest. "She was the team leader on the guard end as well as the leading rebounder," Schneider commented.

Not only did Miss Read and Miss Tucker average almost the same number of points throughout the season, but both scored 46 points in the state tournament.

"After Lynette (Slack) was injured in the middle of the season someone had to take over the leadership of the team. Both Marilyn and Kris did a fine job of it. Both of them started scoring more and began to lead the team. For us to win someone had to take the team over and they realized that. They did a very fine job."

"I think these girls are very deserving of this honor. I am just sorry the whole team could not make it."

Today is the last day in Randall County of Canyon Girl Eagle Week which was proclaimed by Mayor J. Manley Bryan and County Judge Woody Pond recently in public ceremony.

Joint Commission On Accreditation To Inspect Neblett Hospital April 7

A Joint Commission on Accreditation of Hospitals will inspect Neblett Memorial Hospital in Canyon April 7, according to hospital administrator Ray Grimes.

The two-man team will be here all-day going through the hospital. Last year the hospital was given a one-year accreditation.

Neblett Hospital has been continuously accredited since 1954, but last year the commission inspecting the hospital expressed concern over the facilities.

"In the past we have received two and three year accreditations, but last year they would only give us a one-year approval," Grimes explained.

The commission is a voluntary organization that surveys hospitals and evaluates them in relation to set standards necessary to establish and maintain quality care.

Grona...

(Continued from Page 1) was the best football player in our district, especially on defense," said Mills. "He suffered a painful rib injury early in the season against Perryton, but continued to play in that game and played much of the game the following week against Muleshoe. Most players wouldn't have even been in a football uniform for two or three weeks with the same injury."

"I am impressed with the facilities and head Coach Gene Mayfield," Grona stated. He also said that he chose the Buffs because of the fine opportunity to play football.

"Fred was a standout blocker and receiver for us this year," Mills said. "He has good hands and his speed has allowed him to get behind halfbacks several times. He caught three touchdowns passes and several two-point conversion passes."

As the starting center on the Canyon basketball squad he averaged 13 rebound and 11 points per game and was one of the tri-captains.

The 17-year-old Grona will not be 18 until May. He is the son of Mr. and Mrs. Charles Grona.

According to information from the commission, basic principle of physical plant safety and maintenance, and of organization and administration of activities pertinent to efficient and effective patient care, are emphasized.

"Accreditation by the Joint Commission means that a hospital is in reasonable conformance to the standards," the release noted.

Grimes pointed out if Neblett Hospital does not receive accreditation this year, Medicare officials will also inspect the hospital thoroughly.

Voters in South Randall County Commission Precinct 3 passed a bond issue for \$800,000 last summer for a 50-bed hospital in Canyon.

The hospital district was also formed in the same election, and board members agreed to petition Hill-Burton for matching funds through a grant.

No word has been received from Hill-Burton about the grant, and plans for the proposed hospital are at a stand-still.

Grimes is hopeful the commission will take into consideration what the city is attempting to do toward the hospital situation when they survey Neblett this year.

"It is totally desirable to have accreditation as far as patient care is concerned," the administrator emphasized. "It means something to the community to have your hospital accredited."

Grimes explained since the beginning of Medicare the accreditation has become more desirable because Medicare officials accept the accreditation in

lieu of a detailed inspection. "A hospital is not a real service to a community if it can't provide service through Medicare," Grimes stressed. "Practically speaking, I don't know how a hospital can operate without Medicare."

ue's Most Valuable Player in 1956, the year he led the Giants to the World Championship. When the Philadelphia Eagles' Chuck Bednarik knocked him unconscious, the resultant injury forced Gifford to retire. He returned in 1962, however, at the new position of flankerback, and was named NFL Comeback-Player-of-the-Year by UPI.

He amassed Giant records that still stand, including the most yards gained pass receiving (5,484) and was second only to Alex Webster in most yards gained rushing (3,704). He led the Giants to two titles in his last three years, retiring after the 1964 season, for which he was named Sportsman of the Year.

veto power if elected governor. On the rules for selecting delegates to party conventions, Briscoe stated he felt it essential the parties have the greatest participation possible in the Democratic process and the party must also insure the delegation will be seated at the national convention.

Briscoe would not indicate his personal preference for the Democratic nominee for president but said he would support the party candidate and planned to lead the Texas Democratic party to the national convention if elected.

Following a reception and interview Monday, Briscoe spoke to students at West Texas State University in the East Cafeteria.

Briscoe told the students he had seen the deterioration and degeneration of the Texas state government to the point it is ridiculed in other states.

"When it is possible for a man like Sharp to secure passage of legislation by manipulating the processes then we must have reform," Briscoe said, and he further added he will veto any legislation that has not had a hearing in the House and the Senate.

Briscoe stated the failure to reform the budgetary procedures of the state indicates the present government. Briscoe recommended a legislative budget board responsible for state financial planning, putting a price tag on any legislation, and reviewing quarterly the budgets and expenditures of all agencies.

In answer to questions from the students, Briscoe said he was not ready to recommend a reduction in the penalty for first possession of marijuana but said he was interested in a system where the penalty had some relation to the amount of marijuana found in possession.

He said he believed the state's present abortion law was not working but would not take a stand on the issue until the courts have announced their decision.

He stated he favored the adoption of the constitutional amendment for constitutional revision and was making a study of no-fault insurance.

He said he favored bi-lingual educational programs throughout the state and encouraged education of minority groups and seeing they are represented fairly at the policy level of state government.

Briscoe said he favored the removal of all disabilities and that full adult status be granted to 18-20 year olds but would not take a stand on lowering the drinking age to 18.

subsidy paid yearly by the city. City manager George Louderer pointed out LaGrone's figures show a collection figure of \$4,479, which is about 74 per cent.

A total of 254 calls were made last year, with 122 of them being emergency calls, and 132 listed as transfers and other calls.

Commissioners instructed city attorney Elton Cox to draw up an amendment to the city zoning ordinance that would require two off-street parking spaces in all residential areas. The city will look at the amendment at the March 1 meeting.

Election was called for April 4 and two election judges were named. They will be Mrs. Dewey Foster and Mrs. Faye Byars.

A request to change the zoning in Lot 7 of Hunsley Hills Addition from single family to multi-family was approved by the commission. But a request from Presley Kennamer for a specific use permit on lots 14 and 15 in block 26 of Canyon City Addition was denied.

Planning and Zoning Commission had recommended the change in zoning requested by Arch Hunsley, and had recommended the Kennamer request be denied because several property owners had opposed the permit in writing.

Commissioners set the budget hearing for 1972-73 March 16 at 7 p.m.

Bids for two police cars were opened and are expected to be awarded March 16.

Imperial Chevrolet Company bid \$4,691.08 including trade-in of two cars, Jess Ford Company bid \$4,933.20 including the trade-ins, and Stevenson Motor Company bid \$5,036.00 with trade-ins.

Mrs. W.R. Franklin and Mr. and Mrs. Roy Franklin returned Thursday from a trip to Paona, Colo. where they attended the funeral of E.V. Fryburger.

Mr. Fryburger died Feb. 26 in Paona and was buried Feb. 29. He was 72 years old and was married to the former Fannie Mae Franklin previously of Wayside.

Mr. Fryburger was the son-in-law of Mrs. W.R. Franklin of Canyon.

hero of the situation," Hume went on. "Without him things would have gotten very serious."

"Mr. Briscoe has never done anything to hurt the Eagle Pass School. He has always helped us. This persecution has made him a lot of friends around here. The people connected with the school have nothing but praise for him."

Hume said he was contacted about the Tulsa Herald story by a San Antonio paper last week but as far as he knows what he had to say about the matter never was printed.

In the interest of absolute accuracy on a story involving to some extent the character of a man seeking the highest office in the state, The News called Mr. Hume back Wednesday morning and read him the foregoing story. The Eagle Pass school district attorney said the facts as presented here were correct in every detail.

Ray Hinders To Moderate

Dr. Ray Hinders will lead a panel discussion on "Why Am I a Methodist?" at First United Methodist Church Sunday evening.

At 7 p.m. worship in the sanctuary will be followed at 7:30 by the discussion in Fellowship Hall.

Other panel members are Mrs. Greg Feris, Mrs. Cecil Matthews, Tom Trew, Lynn Bowes, Eddie Holcomb, Stan Elliott and E.E. Plank.

Electric Series Set For 4-H

Bulletins to be used with a 4-H television electric series are available from the Randall County Extension Office, according to Mrs. Becky Hall, home demonstration agent.

"Mr. E's Tricks" will begin at 12:30 p.m. Saturday on KGNC-TV. Five more shows will follow on Mar. 18 and 25 and April 8, 15, and 22.

Boys and girls may become 4-H club members by enrolling in the 4-H TV Electric Series, said Mrs. Hall.

pending on the final cost calculation.

The Band Parents Assn. will give individual students credit toward the Georgia trip for the money they raised that is not returned.

In a letter to the trustees King asked for their approval of the trip, saying that school days missed should not exceed three days.

No action was taken on the proposal at the meeting.

Three teachers that head up the Vocational Office Education, the Auto Mechanics and the Building Trades programs discussed their individual areas with the Board.

Mrs. Willie McAlpin, who is the VOE instructor, told the group that her program provides training for students that do not intend to go to college as well as those who do.

She said that VOE had grown from 13 students in 1968 to 28 this semester. In the program the students work on a job three hours a day, attend a VOE class one hour a day and attend regular classes the remaining three hours. They receive three credits for the VOE class.

Bill Barrett, auto mechanics teacher, said, "I don't believe that my program (Auto Mechanics) can turn out first line mechanics; three hours a day is just not enough time, but, if we can turn out first line apprentices in six months or a year on the job you will see first line mechanics and I believe we can do this."

Barrett told the group that his program needed some tools to work on auto air conditioners, automatic transmissions, and a new overhead door in the rear of the building. He also asked for another set of open wrenches, a new hoist frame and more teaching aids.

We are running short on teachers aids, particularly text books. We have 15 texts and 25 students.

The dirt situation in the building is pitiful and the building leaks. Whatever the weather is outside is pretty much what it is on the inside," he added.

The Auto Mechanics program is in its first year in Canyon High School.

"I think that we have the best program in Canyon High School," commented John Hagemier, building trades instructor.

"Our program is not one that makes electricians or plumbers or carpenters — I like to think that it teaches the boys to get their hands dirty and learn what work is all about, what work really is."

The Building Trades class has almost completed a house that they are building, just east of the high school campus. "The house is probably as good or better than most of the homes in Canyon," said Hagemier. "But this house is only one of the projects that the boys have completed or are working on this year."

"If the 14 senior boys in our program seven or eight of them

are working in construction after school and on the weekends and one is actually doing contract work on his own."

Hagemier said that his program did not lack for any tools and did not need anything. He did say, however, that he felt the requirement for completion of four years of English in Canyon High School, which will take effect next year, would hinder all the vocational programs. He said that several of his students had told him they would not have completed high school if there had been a requirement, before they were juniors and seniors.

Sommer said that the dropout rate was up some over last year. "I feel like this thing of apathy is setting in. We have had kids — even sophomores this year — that are ready to check it in. The marriage rate is also up."

Sommer said that there was

about a 10 or 15 student difference between this year and this time last year.

"I think building trades gives these kids, who might otherwise drop out, a purpose; it gives them something to take pride in and it gives them recognition in the high school," Hagemier concluded.

It was noted at the meeting that beginning this year Jack Taylor will offer an "Outstanding Building Trades Award" with a \$100 scholarship to a vocational school each year.

Happy News

Candidates File For Commission

BY MARY NEAL HENRY

THIS LETTER CAME on Thursday of last week. Dear Mr. Henry,

I WANT THE Happy Roping Club to know how much I enjoyed the ropings at Amarillo, and I want to thank you all for the trophy saddles. They are really good riding saddles, and I'm sure proud of mine.

Thank you again.

Sincerely,

Danny Berry OF COURSE, DANNY IS talking about the series of four team ropings which the Happy Roping Club produced at the indoor Bill Cody Arena in Amarillo. These were held in November and December of 1971 and January 29 and February 19 of 1972. Danny and Phillip Berry had to make all four of them and rope a total of 16 steers to win the trophy saddles.

FOR A MOMENT I forgot how tired I could get during one of these long sessions. We knew that Phillip and Danny were pleased that Saturday night, but because Danny wrote a letter and bothered to tell us so again, well...it makes all that hard work worthwhile. And lots of people did work. These two were nice young men and I am pleased that they won.

THERE WILL BE A four head team roping at the Happy Rodeo Arena in Happy on Sunday, March 12, beginning at 2 p.m. Entry fee will be four head for \$30.

TUFFY THOMPSON WON THE steer roping in Morton on Sunday, March 6. Lee Sifford of Adrian won second and Elton Dudley of Perryton took third.

LOYD RAHLFS has filed for city commissioner. He is a lifetime resident of Happy, a '67 graduate of Happy High and a family man residing at 205 Tally. Lloyd went to WT for 2 1/2 years and now farms and ranches in this area.

ches in this area. LLOYD VENHAUS, incumbent for City Commissioner, will be seeking his second term. I like a good race. Anything just handed to you, isn't worth having.

DICK RAILSBACK IS seeking re-election for mayor. Haven't heard if he has an opponent or not. May be too late. Is it?

NOVALENE AND JOHN TOLES hosted a social hour for Brother and Mrs. Evans, our interim pastor, last Wednesday night after prayer meeting. Novaene had baked four delicious cakes to serve. Everyone enjoyed the hospitality of Novie and John and were delighted to get to see the new addition to their home.

FEBRUARY 29, Happy Jaycee-Ettes toured the Concord House in Amarillo. Those attending the outing were Judy Shipman, Dottie Foster, Skip Simons, LaVenna Jackson, Joy Freeman, Della Venhaus, Jeanne Johnson and Kay Venhaus. And guests, Martha Payne, Donna Bryan, and Vickie Albright. Joy Freeman called a meeting to order preceding the tour. Judy Shipman led the crowd. Kay Venhaus gave an orientation on "What is a Jaycee-Ette?", and LaVenna Jackson, chairman of the Food for the DSA Banquet finalized plans for that event. The club has recently purchased a roaster and a heavy duty vacuum cleaner.

WILLIE BUTLER PAULINE Wesley, and I went to Dimmitt's Eastern Star Friendship night on Tuesday, February 29. We enjoyed a delicious covered dish supper. Seeing old friends, and a closed meeting. After the meeting, Mrs. James Welch showed slides of and

talked about the Holy Land. She recommended this trip as a family one.

HAPPY CHAPTER OF The Order of the Eastern Star had their annual Friendship Night and salad supper on Saturday, March 4. Decorations were smiles and daisies set a friendly mood for the evening. Ruth Sims, Evelyn Shipman, and Margaret Middleton registered approximately 110 guests from eleven chapters. Nineteen of these were grand officers. Guests were greeted at the door by Evelyn Dowd, Harold Eakes, and Viola Buchanan. Evelyn Dowd and Harold Eakes gave everyone a warm welcome inside the hall. Sam Williams was the master of ceremonies for the evening. He introduced the "STOMPIN' SAINTS". Stomp-in, yes, the Saints part may have been a nomenclature. They sang and they played and between each song, Sam introduced another "Saint". These were Nora Taylor, Evelyn Dowd, Pauline Wesley, Gussie Barnett, incidentally, who wore her wedding dress and hat, Linda Haley and her 3-year-old son, Richard (and he stole the show), Willie Butler, Gladys Haley, Evelyn Dowd, and they were accompanied by Ann Williams on the piano. Ann sang "Lucy Brown".

SEVERAL ENCORES WERE ASKED for and special requests made, but every time they just played "Roll Out the Barrel" again. That was the only special request they knew to play. A few jigs were executed in grand style. The group received a standing ovation at the close of their performance. Our special guests for the evening were Victor and Josie Jones from Amarillo. Victor is a Past Grand Patron of Texas. Another special guest was Allene Leake, our Deputy Grand Matron from Canyon.

OTHERS FROM Canyon were Cortez Dowlen, Katherine Foster, (and Kitty was at the Plainview Tea), Santa Clark, Ada Busted, M.J. Spencer, Jim and Viva Cabe, Marie Hair, Doris Gilham, Rae Walters, and Mae Johnson. Other chapters represented were Tulia, Hereford, Plainview, Dimmitt, Olton, Lockney and Panhandle. One guest who came with Lockney was Fannie Mae Brown from Medicine Bow, Wyoming.

SUSAN RAHLFS (LLOYD'S WIFE) daughter of Kenne and Loraine McDonald, is one of 88 students at West Texas State University that has been initiated into Alpha Chi National Honor Society. To be eligible for membership you must have completed 30 semester hours and maintained at least a 2.1 grade point average on a 3.0 basis. Susan has majored in math and has a 2.7 grand point average at this time. Won't Happy High be lucky to get her when she finishes! I hope they don't let her get away. One of Happy's very own!

NELL SIMS WAS responsible for the program at her sorority recently and so she took Curley Selvidge to demonstrate Artex Painting. Curley had each one to paint a picture of a horn of plenty on pella. This was the Chi Upsilon Chapter of Beta Sigma Phi and those attending were Juanita Johnston, Monita Benham, Marge Sharp, Nell Sims, Ernestine Costley, Barbara Tueck, Shirley Stevens, Sue Michael and Bonnie Mink.

ANGELA PARKER WAS honored with a birthday party at Kay Kennedy's home Mildred Devin helped Kay with this and they served ice cream, cake and

punch to Shelley Swearingen, Kelly Weavers, Vicky Jones, Cary Venhaus, Tisha Selvidge, Ann Smith, Molly Barker, Tim Parker, Randy and Feffany Kennedy and Angela.

SUNNYHILL HOME Demonstration Club met Thursday, March 2, in Judy Shipman's home. Roll call was answered with "What I do with leftovers". One lady fed hers to the dog. Another refrigerated hers for a few days and then threw them away. There were a few good ideas, too. Our special guests for the day was our agent, Becky Hall, who gave a program on costume jewelry. Very good. I wanted to come home and take inventory and then go out and buy something new to go with my old jewelry. These new officers were elected for the coming year: President, Barbara Danner, Vice-President, Phyllis Bryan, Secretary-Treasurer, Gwynn Tueck, Council Delegate, Judy Shipman.

OUR NOMINEE FOR Council to send to state convention is Leona Henry and she will also be our nominee for THDA chairman of Randall County, a position she now holds. Judy Shipman was elected our Woman of the Year. She is a past president and has served this club for many years. We will honor her at the May Day Luncheon with the other Randall County clubs. Coffee, spiced tea, and cake were served to Mary Jane Miller, Leona Henry, Bertie Culp, Phyllis Bryan, Barbara Danner, Lou Daugherty, Jo Hand, Sharon McCauley, Betty Miller, Gwynn Tueck, Dutch Hall, Judy and me and new members Jo Ellen Harvey (she really isn't new) Kelly Hurst and Helen Bryan and our guest, Becky Hall.

CHARLOTTE, ROMAN, Leslie and Ramona Weavers visited the Tom Aikens in Mineral Wells over the weekend.

HAPPY JAYCEES HELD their annual Distinguished Service Award Banquet last Saturday night at the Jaycee Hall. They do this each year in appreciation for the support they have received in this past year from the businesses and individuals of the Happy Community. They put in a lot of time and planning on the banquet as well as money. It is free to those who come. George Tiresy was the Master of Ceremonies and led the Jaycee Creed. Norman Freeman, local president, welcomed guests and said his "thank you" for the people's support. Happy Jaycee-Ettes prepared the food for their Jaycees and George thanked them for this.

DON MAGNESS, past president of the Happy Jaycees and speaker of the evening, spoke on "Look at Happy". He talked about its leadership and urged that you form your own opinions after observation, study and research. The climax of the banquet was the Appreciation awards which this year went to Tiresy Hardware (accepted by Frank Tiresy) for their help and support and to Carl Sims and Carol Sims (better known as the Sims twins) for their help making the tent for the Old Timers used at the Happy Day Celebration and for other help they have given.

THOSE PRESENT FOR The occasion were Hoyle and Inez Shipman, Lizzie Wesley, Polly and Frank Walters, Charles Morrison, Louise and George White, Carol and Pat Sims, Billie and Wayne Pearson, Margaret and Al Murdoch, Neil and Carl Sims, Novaene and John Toles, Milly and Willard Middleton, Leona and Meri McFarland, Vivian and George Woods, Gracie and Frank Tiresy, Joyce and Dick Ralsback, Vera and Bill Ebanks, Jimmie and Don Ed Middleton, Hope and Irving Wilson, Ollie and Mark Nichols, Coleen and Melvin Schaeffer, Shirley and Robert Williams, J.L. Hatcher, Alice Penn, Lena Bell Cabe, Anna Mae and Hobart

McManigal, J.J. Lane, Ruth and Luther Aikens, Skinny Berrys, Emmie and Alti White, Thelma Vaughan, Sherri Henry, Connie Hand, Pam Andrews, Nancy White, and Jaycees, George Tiresy, Lloyd Venhaus, Ronnie Johnsons, Duane Stubblefields, Dick Fosters, Eugene Jacksons, Lloyd Rahlfs, Tom Henrys, Vincent Venhaus, Gene Shipmans, and Don Magness. These are the finest people in Happy. If don't believe me read the list again.

HAPPY HOSTED THE February American Legion and Auxiliary Zone Meeting and dinner at the school cafeteria. Tulia, Nazareth, Dimmitt, Hart, Happy and Friona were represented at this meeting. Their program was given by those who attended Girls State and Boys State. Steve Cole, Anita Schoenberger, and Debra Jackson told of their trips last summer. Gui Fay Via accompanied by Aurelia Schoenberger at the piano, gave the reading, "I'm A Sick American." If you have ever heard Gui give one of these readings, you've had a treat.

VIETNAM VETERANS WERE special guests for the evening and so were Mary Flynt, National Child Welfare chairman; Henry Tuebe, American Legion Swisher County Service officer; and Nona Moore of Amarillo, American Legion Veterans Administration Hospital representative.

WEDNESDAY, MARCH 1, Willie Butler held the Lad RA Boys Home Mission Book in her home. Anna Mae McManigal taught this book, "Sharing Times Seven" by John and Frances Carter. She taught half of it and then the boys roasted weiners in the fireplace for hot dogs and marshmallows for desert. Then they had the rest of the book. Planting a potato was a part of the book and Anne Mae gave each boy a potato to plant. Tracts of the Gospel of St. John were also given each boy. Homer Kinsey is these boys RA Grandad and he stopped by shared some of his experiences in Hawaii with Rod Walker Scott Ralsback, Mark Tackitt, Greg Hampton, Dell Eades, Montie Johnson, Kevin and Kyle Odom, David Lane, Bill Cope, and Jerry Sims.

ERNESTINE AND VILO Danner and Pat Hargrave, Catherine Miller, Betty Miller Coleen Schaeffer, Helen Bryan and I were the hostesses on hand Friday night when Phyllis and Dick Ratjen opened their shower gifts. There were lots of other hostesses who worked Saturday and I understand about sixty called during Saturday afternoon. Phyllis's Pam was on hand Friday night and Ruth and Alden Mann, Jan Ratjen, Betty and Bob Ann Wheelchel, June Hancock, and Dora Ratjen. There were lots of pretty gifts. I made three extra trips after tables. Everyone enjoyed soft drinks and cookies that night. The next day, gold punch was served from a silver service and little cakes from a table centered with gold and avocado green roses. Phyllis greeted guests informally.

I LEARNED FRIDAY night that Betty Wheelchel is now taking art lessons in Silverton. And that Dick auctioned the Lewis Harvey's land, etc. on Wednesday of this week.

HAPPY LIONS HONORED their charter members and other guests on the fifth Tuesday, which this year turned out to be February 29. About sixty persons were on hand to celebrate and among them were Vernon Harman of Canyon but who is still a Happy Lion. He was the First President when the Happy Club was formed in October, 1942. Conway Kuykendall also of Canyon (now) was another charter member present and he was their first secretary. Former out of town members present were Jack and Edna Driskill of Tulia and L.G. and Yvonne Air

hart of Amarillo. Carroll Killingsworth entertained this group with his famous impersonation of Phyllis Diller. If they have a 30 year celebration this fall I think they should invite the newspaper columnists.

Ha!!!! SCOTT RAILSBACK celebrated his ninth birthday last Friday with Mark Tackitt, J. Horace McCauley, Rod Walker, Bill Cope, Kyle and Kevin Odom, Johnny McCune, David Lane, Gregg Hampton, Todd Bryan, David McDonald, and Kelly McDonald got to come by, too. He had a cake with a basketball and goal (it was a football last year and they have already planned for baseball next year). Joyce said she had lots of help. Linda Ralsback and Becky McCauley planned sack races and relays and games of that type for the boys and Barbara and Sandy and Don and Metta dropped by to help open the presents and fix refreshments. They even had sandwiches.

THE FFA BOYS returned from Houston Friday night or early Saturday morning. Dorothy and Burl Sims and Fredda and Dale Whitlow and Lee Moore, Ag teacher, chaperoned Jim Whitlow, Bill Pearson, Wendell Sims, Mike Sims, Mark Hargrave, Kevin Donnell, Rueben Garcia, Gary Barrett and Terry Todd. All of their pigs "made" the show and five placed. Mike Sims won 7th and 19th, Wendy Sims won tenth, and Mark Har-

grave, eleventh, and Terry Todd, 17th.

RICHARD AND LOUIS Bowe were in Happy over the weekend. Richard and Louis are from Houston. They picked up Venita and her husband, Jim Partin, in Abilene. They were here for the funeral of their Aunt in Hereford Saturday morning.

Gracyne and James Parker and their two children who are not in school, Raymond and Patricia, of Ely, Nevada were also weekend guests in Happy. James trip was business as well as pleasure.

BAPTIST YOUNG PEOPLE put on a drama Sunday evening that was excellent. Don Lee played the pastor, Stuart Tackitt, the father, Kay Spear, the mother, Chris Pearson, the son, Sandy Ralsback, the daughter, Kyle Todd the friend; and Connie Hand was sound producer. The name of the production was "THE BLACK SHEEP" and at the end of the play, you were supposed to pick out who you thought might have been the black sheep or the skeleton in their closet. Joe Proven finished directing this for our young people. Bob Bowers, our music director, had begun it before his illness. Bob is undergoing treatment now and you can send him cards to this address: Bob Bowers, 1803 W. 9th, Levelland, Texas 79336. His parents will forward his cards.

AFTER THE DRAMA,

everyone was served coffee, punch and cookies in Fellowship Hall. This was the Heils first Sunday as our pastor and I think it was supposed to be a surprise "pounding". Brother Heil had searched through the kitchen for something on Saturday night and admitted that he had found a box that said, "For The Heil's Pounding on Sunday". So we all had a good laugh and enjoyed the fun and fellowship. We had a lot of guests and we welcome them to come back.

DANNY AND JILL WHITE arrived home Sunday for good. Danny received his discharge from the army on March 1 at Ft. Louis, Washington, where he had been stationed for two years. They left Thursday noon and were so anxious to get home, I'm not sure they saw any sights along the way. Danny had served his year in Vietnam and worked with helicopters and as a door gunner. He attained the rank of sergeant. Now he plans to live in Happy and work with his father-in-law, Leo Sydlowski. He and Jill will reside in Bob Weatherly's rent property which has been redecorated for their homecoming. That is a happy Louise, too, I'll guarantee. She says Jill has never been away for so long a time before.

RUTH AND ALDEN MANN honored Jeffie Wheelchel with a birthday dinner and party on his fourth birthday Sunday. Ruth decorated everything with "Snoopies" and even had a Snoopy birthday cake and a big Snoopy candle for Jeffie to take home. Jeffie is Bob and Betty's baby. (I'm glad he can't read, but I got news for him, he'll be the baby all his life. And he'll finally get old enough that it won't bother him anymore. That phrase used to really annoy me.) Enjoying his dinner, birthday cake and all the trimmings were Mrs. Jack (Jan) Ratjen and sons, David, Jackie, and Jimmy of Fort Worth; Bob, Betty, Greg, Bob Ann, and Jeffie Wheelchel of Silverton; C.P., and Lula Ture from Clovis, New Mexico; Dick and Phyllis Ratjen and Pam of Canyon; Dora Ratjen, Clyde and June Hancock, Frank and Polly Walters, Jerry and LaRae Sims, Kelly McDonald, and Ruth and Alden.

HAPPY RAINBOW ASSEMBLY had 26 girls, 6 adults, and 2 guests present Monday night at their business meeting. Guests were Beverly DuBois, Member of the Grand Examining Committee, Grand Assembler of Texas, and Charla Kiker, Jr. Past Worthy Advisor of Tulia. They planned their annual church service for April 9 and plan to attend the Presbyterian Church in Happy as a group. 22 are now planning to go to Grand Assembly in Houston in June.

OVER 100 registered and ate breakfast at school this Tuesday morning. Parents should visit school all through the year and not just in Public School Week, but be sure and make an effort to visit this week.

Bob Boothe Speaks Here

Bob Boothe, director of business development for Producers Grain Corporation of Amarillo, will address business administration students at West Texas State University Wednesday.

His appearance, one of a series by business and professional leaders of the Texas Panhandle, was arranged by the Council of Executive Consultants. The council serves the university's School of Business in an advisory capacity.

Booth, 44, joined Producers Grain Corporation in 1965 as director of field service after 12 years as a landman for the Sunray D-X Oil Co.

In 1968 he became director of business development for PGC. He supervises the company's advertising program and is involved in foreign market development operations.

MR. and MRS. PAUL L. SUMMERS

Mr., Mrs. Summers Mark 50th Year

Mr. and Mrs. Paul L. Summers, 1701 Creekmere Drive, were honored with a reception in their home Saturday marking their fiftieth wedding anniversary.

Hostesses for the observance were the couple's daughters, Mrs. John P. Work of Dallas and Mrs. Robert O. Strickland of Amarillo, and their granddaughter, Mrs. N.J. Webb of Amarillo.

The former Miss Estelle Lewis and Summers were married Mar. 4, 1922, at Haskell. They have lived in Canyon for 18 years.

Summers was formerly engaged in banking in agricultural credit in Haskell and Jones Counties and in farming in Randall County. He is a Mason, a Shriner, and a Rotarian.

Priscilla Club Entertained

Mrs. Dudley Moore Sr. entertained the Priscilla Club Wednesday afternoon with a dessert course and coffee.

Those who spent the afternoon doing handwork were Mesdames Alfred Bellah, Claude Boatman, Lonnie Byars, Clay Cooper, A.M. Cunningham, J.M. Daugherty, D.M. Foster, A.K. Goodman, W.S. Haggard, Tom Knighton, Gladys Marshall, Bailey McCormick, Florine Moore, Grady Persons, Ed Weeks, T.S. Stevenson Sr., and the hostess.

Both the couple are members of First Baptist Church. They have three grandchildren and a great-grandson.

For an advance celebration of their anniversary, the two recently made a tour of countries in and around the Mediterranean. They visited Egypt, Lebanon, Israel, Occupied Jordan, Italy, Greece, and the island of Cyprus, furthering a lifelong interest in the history of ancient Egypt and in Israel and other areas associated with Biblical events.

Chapter Has Rush Party

"Kids Again" was the theme for the spring rush party held by the Chi Upsilon Chapter of Beta Sigma Phi International in the Canyon Community Center on Mar. 1.

The "kid birthday party" celebrated the sorority's 40th anniversary.

Balloons, streamers, and party hats were used to carry out the theme, and members and guests played games and ate birthday cake and punch served by Mrs. Melvin Tuck, official chapter hostess, and Mrs. L. H. Benham, social chairman.

Dr. Hellon Wilbur was a special guest.

Others present were Mrs. Lewel Johnston, Mrs. Jack Sharp, Mrs. Randy Mink, Mrs. Carl Sims, Mrs. George Stevens, and Mrs. Meade Michael.

Miss Bourland, Childers Exchange Wedding Vows

Miss Marilyn Kay Bourland and James Earnest Childers were united in marriage Friday evening in a service read by Rev. Strauss Atkinson in Joseph Hill Chapel on the campus of West Texas State University.

The bride is the daughter of Mrs. Genelle Bourland, 404 Seventh Ave. Mrs. Ella Mae Childers of Plainview is the mother of the groom.

Mrs. Warwick Honors 2 With Birthday Party

A birthday party honoring Mrs. C.L. Gordon-Cumming, 94, and Mrs. E. E. Plank, 84, was given by Mrs. Clyde W. Warwick, 2519 11th Ave., Friday afternoon.

Coffee and birthday cake were served to 28 guests by Mrs. Gordon-Cumming's daughters, Mrs. Jimmy Culwell of Amarillo, Mrs. J.M. Barker of Plainview, and Mrs. Q.B. Workman of

Plainview.

Rev. Bill Foil, pastor of Canyon's First Baptist Church, sang "The Twelfth of Never" and "The Lord's Prayer." Miss Conny Richardson and Miss Cindy Ingram were at the organ and piano.

Miss Kathy Gerald was maid of honor.

Also present was her granddaughter, Mrs. John Billips of Amarillo.

Jay Plank of Milbrae, Calif., was there, too, to join his mother on her birthday.

The table was set with a silver coffee service and crystal, silver, and china appointments. The centerpiece was of lavender chrysanthemums.

Best man was Joe Harold Childers. Ushers were Calvin Goodin, Gary Tucker, Gene Drummond, and Warren Shaw.

Given in marriage by her brother, Ronald Bourland, the bride chose a floor-length gown of white satin made by the groom's mother. Trimming was of seed pearls and lace. The veil, also made by Mrs. Childers, fell from a rose-shaped coil edged with seed pearls.

At a reception in the Canyon Community Center, Mrs. Ricky Miller served the wedding cake and Miss Melody Jones poured.

The newlyweds took a wedding trip to Santa Fe.

The bride is a graduate of Canyon High School and a senior at WTSU. Childers is a Hereford High School graduate and is also a WTSU senior.

They will live at 605 22nd St.

Mrs. James Earnest Childers, nee Marilyn Kay Bourland

Karen Malzahn Is FBLA Pick

The Future Business Leaders of America have chosen Karen Malzahn as Student of the Month for February.

Karen is a member of the National Honor Society and is secretary of Future Teachers of America. She was selected for Junior Who's Who in 1971, and has been on the Merit List throughout high school.

Karen is an active participant in the drama productions of Canyon High School, and was student director of the L'il Abner musical. She is now serving as secretary-treasurer of both the Drama Club and Thespians. She is a senior at CHS.

Volleyball Dates Set

New dates for the annual invitational volleyball tournament sponsored by Chi Upsilon Chapter of Beta Sigma Phi are April 13, 14 and 15.

Teams will play in the West Texas State University Fieldhouse.

The chapter will arrange for sponsors for teams who wish to play, but have no sponsors.

5 Participate In WT Seminar

Five student teachers at West Texas State University will participate in a two-day seminar on multicultural teaching situations opening Friday at the Institute of Texan Cultures in San Antonio.

Dr. Jack L. Nance, associate professor of education at WTSU, said the purpose of the seminar is to expose prospective teachers to classrooms with multicultural students. Student teachers from other Texas colleges and universities have also been invited.

Seminar speakers include public school superintendents, principals, teachers and students, Nance said.

Attending from WTSU will be Mrs. Judy Alexander, Amarillo senior, John S. Hansen Jr., Canyon senior, Mrs. Karen Harp, Amarillo senior, Jim Hester, Amarillo senior, Winfred Williams, Canyon senior, and Nance.

News Brief

Mr. and Mrs. George Stevens and Mr. and Mrs. Randy Mink entertained Miss Brenda Van Sickle of The Children's Home in Amarillo Friday, Saturday, and Sunday. Arrangements for the visit were made by Chi Upsilon Chapter of Beta Sigma Phi International.

north of Spain.

She has also studied at the University of Michoacan in Morelia, Mexico, and in the Russian House at Middlebury, Vt., which she entered on the basis of an oral test over the telephone.

"When I met John, I had a fellowship to the Russian Institute at Columbia," said the language student.

She turned the fellowship down, and a Columbia official wrote and said he was glad that "love still wins out."

The remaining languages she has studied are Greek and Latin, in which she considers herself less proficient than the other four.

Mrs. Reeves stopped teaching in Denver to have a family, now composed of three daughters, Anne, 10, Meg, 7, and Jenny, 5.

All three have been swimming since they were a few months old, and are studying piano and dancing. "We can't seem to learn to do things without doing them three times."

Wives, Etc., which was established in the fall of 1970 is chiefly a social outlet for women connected with West Texas State University and their husbands, said its president.

The group's only continuing project is to welcome new women on the faculty or staff or the wives of new faculty and staff members, but an activity is planned for most months.

In September, there was a coffee, in October, Dr. James R. Underwood spoke on his years of teaching in Libya. A festive foods program was held in November.

A guest coffee in January was followed by a theatre party and an activities night in February.

The group plans a luncheon and fashion show in March, a family picnic in April and a coffee and dessert affair combined with a business meeting in May.

Interest groups include bridge, knitting, homemaking, tennis, and swimming.

Other activities for the group's president include a square dance club, the American Association of University Women, and membership with her husband on the board of directors of the Amarillo Ballet Theatre. She is also a frequent listener at musical affairs on the campus.

At home, she is planning to reupholster a couch and two chairs "about \$100 from now," likes to do refinishing, is anxious to get some new plantings in this spring, and to redo a bathroom. She also maintains an interest in antiques.

Most activities are those she can share with her husband. "We go pretty much by whether we can do it together."

Wives, Etc., Prexy Speaks 6 Languages

A knowledge of six languages, a Fulbright scholarship, and life in Austria, Spain, Mexico and South America provide some of the special qualifications of Mrs. John Reeves, president of Wives, Etc., and half-time French teacher on the faculty of Canyon High School.

"I like to teach, and am more aware of what people are thinking and doing. I'd rather be too busy than not busy enough," said the petite wife of an assistant professor of English and the mother of three girls.

The daughter of a mining engineer, Mrs. Reeves lived in

South America, Salt Lake City, and Denver as a child and entered Stephens College in Missouri as a junior in high school.

From Stephens, she went to the University of Colorado at Boulder, where she was director of the university's language house for several years, working with students of Spanish, French, and German. It was one of the school's "first experiments in coed living," she said. While in Boulder, she earned B.A. and M.A. degrees. Part of her study was done at the University of Innsbruck, the University of Madrid and in the

4-H Food Show Set

The Randall County 4-H Food Show is to begin at 9 a.m. March 18 in the Farm Bureau Building, according to Mrs. Sydney Hall, home demonstration agent.

Entrants will show a dish from one of the four main food groups: milk, meat, fruit and vegetables, or bread and cereals.

News Brief

Mr. and Mrs. Allen Turner of Montello, Wis., have been guests in the home of Mr. and Mrs. F. Schutte. They are cousins of Mrs. Schutte.

The Turners visited the Warren Hereford Ranch, looking for breeding stock for their own herd and will also visit ranches in Wyoming on their way home.

Mrs. Ruth Hughey of Claude is to judge the show. The 4-H members will be asked the nutritional value of the dish, its cost, the size of a serving, and what their own nutritional requirements are.

Judging will also take into account of practicality of the dish in time, money, and skill required and the setting in which it is displayed.

Two junior and two senior winners will attend the District Food Show April 8 at the Federation of Women's Clubs Building in Amarillo.

Bake Sale Set

Gamma Sigma Sigma service sorority will hold a bake sale from 9 a.m. to 1 p.m. Saturday at Cooper's Market and Taylor & Sons Foods.

One project of the organization is the support of a deaf girl living in San Antonio.

Instrumentalists Get First At UIL Saturday

Canyon High School received 14 First Division ratings and Canyon Junior High School got 48 at the University Interscholastic League Band contest held at West Texas State University Saturday.

The contest was directed by J.W. King, leader of the Canyon High School band. He was assisted by Gary Laramore.

In the high school entries firsts went to flute soloists Peggy Adams, Jane Taylor, Sharon Lumry, Teddi Crager, Brad Garner. Clarinet soloists with I ratings are Debbie Rossi, Doug Rittenberry, Leslie Baird, Vern Zimmerman, and Nancy King.

Ensembles winning first division ratings were flute trio made up of Brad Garner, Teddi Crager, and Sharon Lumry; a trombone quartet comprised of Mike Slack, Mark Guill, Doug Day, and Lyle Denny; a clarinet quartet of Donna Seymour, Kathy McKenzie, Gail Thompson, and Iva Hill, and a woodwind quintet played by Nancy King, Dan McGlasson, Allen Beghtel, Jane Taylor, and Jeff Shepic.

In the junior high group, I ratings went to flute soloists Sue Carlton, Vickie Chastain, Bryan Garner, Terry Trew, Patty Guy, Kristi Quammen, Kent Palmer, Terry Reid, Linda Ford, and Ann Shell.

Eloise Thompson and Kelly Wright received I ratings in clarinet. Mindy Hicks received hers in bassoon.

First-rated bass clarinetists were Stacy Wright, Sandra McIntosh, Mike Tucker, and Carolyn Ottison.

In the alto saxophone hearings, firsts were awarded to Kurt Johnson, Joe Luquette, and Tim Martin.

Mike Word received first in baritone saxophone and Jay Findley, Steve Baird, and Royal Brantley, in French horn.

Cornet soloists with firsts are

John King, Rosalee Galloway, Fred Bush, Alvin Mardis, Craig Howard, Eric Rathjen, and Rhonda Waide.

Dee Lena White and Keith Laycock won firsts with baritone solos, as did Kevin Youngblood, Chris Jones, Eddie Wilson, Bill Bingham, Bob Splawn, and David Green with trombone numbers.

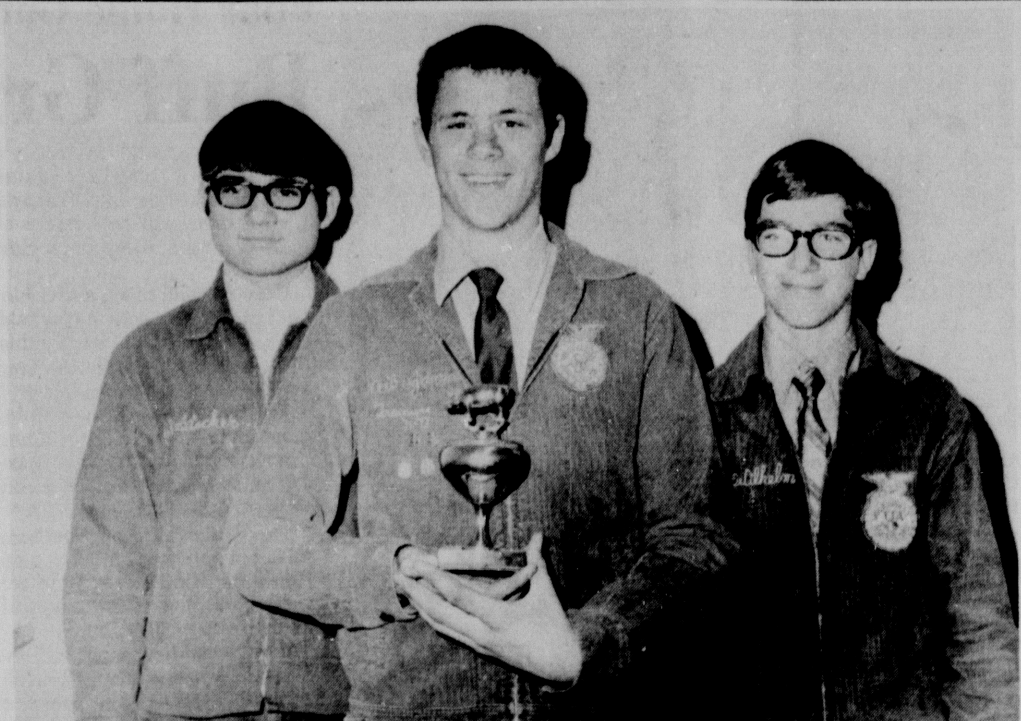

Wayne Tannery received a first with a snare drum performance.

Ensembles that won firsts were: Brass sextet composed of Bobby Edwards, Philip Tucker, Deedy Johnson, Alvin Oglesby, Bryan Young, and Jimmy Hanks; brass sextet composed of John King, Alvin Mardis, Dee Ann Holmes, Harold Thompson, Keith Laycock, and Alvin Oglesby; saxophone quartet made up of Tim Martin, Kurt Johnson, Bobby Brewer, and Mike Word; flute trio composed of Bryan Garner, Vickie Chastain, and Terry Trew; flute trio composed of Betsy Williams, Patty Guy, and Terry Reid; a woodwind quintet made up of Sheryl Sommer, Charlene Moulton, Mindy Hicks, Steve Baird, and Cindy Johnson; a cornet trio composed of Rhonda Waide, Craig Howard, and Scott Nelson, and a percussion sextet composed of Wayne Tannery, Doug Palmer, Ben Prichard, Troy Edwards, Jimmy Settle, and Danny Rea.

Emphysema To Be Discussed Mar. 24

Emphysema patients and members of their families have been invited to attend a free information program about the disease at 7:30 p.m. Mar. 24 in the cafeteria of High Plains Baptist Hospital in Amarillo, according to Mrs. Dorothy Neblett. Mrs. Neblett is a member of the board for the Top of Texas TB and Respiratory Disease Association. Speakers will include a physician and two respiratory disease therapists. A question and answer session will follow their presentation.

Those who wish to attend should notify the association by phoning 374-2331 or writing 514 E. 9th St., Amarillo.

Jeff Stocker, Neil James and Wade Wilhelm display the second place trophy they won in the FFA National Spot Winter Type Congress Saturday. Not pictured is Larry Vaughn, who is also a member of the team.

"Students Are Searching"

BY ELAINE PEEPLES

Seminary students are more likely to be exploring and less committed to the ministry today than 20 years ago, according to Dr. Jameson Jones, president of the Liff School of Theology in Denver.

Dr. Jones is in Canyon to lead "Four Days of Religious Celebration" at the First United Methodist Church.

Twenty years ago, students were sure when they came to the seminary the ministry was what they wanted. Today, students are less certain, Dr. Jones stated.

Five years ago, students were even unsure about the church, he pointed out. "They would say I come to the seminary because there is so much to do in the world and I want to see if the church is the agency through which to do it," Dr. Jones declared.

"In the past two years we have seen more students committed to the church and now the students are saying I am here because there is so much to be done and I think the church is the agency to do it," he said.

About one-third of the seminary students nationwide will not finish, he said. Part of his discussion with the church this week focuses on the role of the church in the world of today.

"The church cannot be comfortable inside its own walls but must take the responsibility of being of service to the world," Dr. Jones declared.

In the 1950's, students were comfortable and concerned with their own careers. The 1960's were a decade of action where students became aware of world issues such as ecology, pollution, war, poverty and underdeveloped countries, Dr. Jones pointed out.

"We had a generation that were concerned with the hurts and wanted to do something to help the hurts," Dr. Jones said.

This is a very idealistic generation and this is why the seminars are full and the law schools are full because the students see this as a way of changing the world, Dr. Jones stated.

Dr. Jones added this is also part of the crisis in the public schools. "Is the public school the way to help and change the world," he asked.

Dr. Jones said he thought the exploring of young people was good and it was good for them to have some choice. "Part of this is freedom to find out what they can do in the world," he said. Today, most college students change their majors twice and many people in the 30-42 age range are changing their occupations.

As to the success of the church in its role in changing the world, Dr. Jones said some churches are successful and some are not. "We are doing better," he added.

"Some of the division in the church is over the responsibility of the church in the world. There are disagreements and conflicts and often it is the younger generation against the older generation," Dr. Jones declared.

On the freedom of a minister to express his views on world problems, Dr. Jones said, "Any minister must be honest with himself and have some freedom and part of being a minister is being a leader."

"He must recognize that he is a leader of a group of people and not antagonize these people and hurt his ability to be a leader," he said.

"A minister always lives under the tension of this decision," Dr. Jones emphasized.

Commissioners To Attend Panhandle Meet March 15

Judge Woody Pond and Randall County commissioners will attend a meeting of the County Judges and Commissioners Association of the Panhandle March 15.

The meeting will be held in the Sunburst Room of the Quality Motel beginning at 10 a.m.

State Senator Ralph Hall will address the meeting at 10:30 a.m. and Elbert M. Morrow of Huguenin, Boothman and Morrow in Dumas will speak on county laws.

Following a luncheon, R.C. Johnson, sheriff in Dallam County and John Rainey, sheriff of Collingsworth County will discuss "The Sheriff's Office as Related to Commissioners Court-Cooperation and Understanding of Needs."

Sheriff L.S. (Slim) Johnston will be a guest of the Randall County Commissioners at the meeting, according to Judge Pond.

"If he has been a minister that has lived and served his congregation and they have confidence in his leadership, he can take any stand he wants," Dr. Jones stated.

The problem comes when a minister tries to take a stand too soon, he added. "His work as a pastor gives him the freedom to take the stands his conscience leads him to take," Dr. Jones pointed out.

Dr. Jones said there was also a new interest in women in the ministry and 15 per cent of the students at Liff Seminary were women.

Some denominations find the increasing number of women who want to be pastors hard to accept, he said, and others are officially open to both men and women.

Usually, men of a local church find it easier to accept a woman as pastor than the women of the church.

"One woman pastor stated the only problem she had was she couldn't do everything expected of the pastor and the pastor's wife," Dr. Jones said.

Dr. Jones said there would be an over-supply of ministers for the next 10 years because denominations are closing their rural churches and more young people are more interested in helping people.

Melber To Talk To S.P.R.Y.

Rev. David Melber, pastor of St. Paul Lutheran Church, will bring the opening worship for the S.P.R.Y. (Sixty Plus Rewarding years) Club at 2 p.m. today in Fellowship Hall of First United Methodist Church.

Transportation may be arranged by calling 655-3540.

W.R. (Buck) Breeding, commissioner in Collingsworth County will preside over the meeting and Thad Ansley, commissioner in Potter County will be in charge of committee appointments.

County Judge Ed Nobles of Potter County will deliver the welcoming address.

The meeting will conclude with a question and answer session on the problems of commissioners courts.

Philidor Trio To Entertain In Concert March 20

The delicate splendor and pomp of the courts and salons of 18th Century France and Italy will be recreated when the Philidor Trio, nationally acclaimed virtuosi of baroque style, perform in concert March 20 at West Texas State University.

The trio lauded by music critics throughout the country for their supreme command of the courtly style of the "Splendid Century," will perform at 8 p.m. in the Fine Arts Auditorium.

Canyon Ag Team Places Second In Winter Meet

A four man team representing the Canyon Future Farmers of America placed second at the National Spot Winter Type Congress in Lubbock Saturday.

Jeff Stocker won \$25 for his eighth high individual effort. Other members of the team were Neil James, Wade Wilhelm, and Larry Vaughn.

The team judged five classes consisting of barrows, gilts, sows and boars.

Teams from Texas, Oklahoma, New Mexico and Kansas participated in the contest.

Their appearance is under auspices of the WTSU Special Programs Committee.

The group includes three former musicians of the famed New York Pro Musica, whose individual talents, says New York Times critic Donal Henahan, "merge into one pure light like a distant constellation." Members include Elizabeth Humes, soprano; Edward Smith, harpsichord, and Shelley Gruskin, baroque flute and recorders.

Formed in 1965, the Philidor Trio takes its name from the Frenchman Anne Danican Philidor, who, in 1725, initiated the first series of public concerts in France, the Concerts Spirituels.

Working largely from original manuscripts and early editions, the Philidor Trio utilizes historically authentic instruments and detailed program notes to bring to modern audiences the spirit of the time of Louis XIV, the Sun King of Versailles, whose regal example was imitated throughout the courts of 18th Century Europe.

Although their music brings a rare understanding of the past, the trio's emphasis is "always on the musical experience, transcending historical barriers of time and place and speaking

directly to us today," one reviewer says.

The Philidor Trio is scheduled this season for an encore engagement at Alice Tully Hall in Lincoln Center, New York, and at the Library of Congress in Washington.

NEW ARRIVALS

Mr. and Mrs. Daney J. Haney, Boy, Canyon

Mrs. W. B. Gunn, who spoke to the Daughters of the Republic of Texas Monday, accepts refreshments from Mrs. Jack Fuqua, president. Co-hostesses were Miss Alliene Crutgers, standing left, and Mrs. L. H. Owens.

DRT Hears Review

Mrs. W.B. Gunn of Amarillo reviewed "Love Is A Wild Assault" by Elithe Hamilton Kirkland for the Daughters of the Republic of Texas at a meeting Monday afternoon in the home of Mrs. Dorothy Neblett, 110 Fifth Ave.

The book is a biographical novel on Harriet Potter, called by some "the most notorious woman in Texas." Mrs. Potter wrote the original narrative herself in 1890 when she was 83 years old. The book deals with her life from Tennessee to New Orleans to Texas before and after the fight for Texas Independence and about the three men in her life, Solomon Page, Col. Robert Potter, for whom Potter County is named, and Charles Ames.

Co-hostesses Monday were Mrs. L.H. Owens, 404 Holman Lane, and Miss Alliene Crutgiding of Amarillo.

Three Arraigned

Three persons were arraigned Friday on charges of possession of marijuana before Justice of the Peace W.A. (Bill) Wilson and bonds were set at \$2,000 each.

Barbara Dee Penhall, 18, of 1013 Sunset in Amarillo, Bryan Marshall Calhoun, 20, of 2207 Teckla in Amarillo, and William Richard Brown, 20, of 5215 W. 15th in Amarillo were arrested by Highway Patrol officers Thursday.

All were released on bond.

Tidbits here and there

BY CAROL CRAIN

A BEAUTIFUL WALL HANGING for the new Amarillo Club was recently completed by Canyon artist Mrs. Vaughn (Beth) Nelson.

The decor piece was commissioned by interior decorator Mrs. Frances Ward of Amarillo. The art work includes some macrame, wrapping, and weaving in black, purple, blue, and gold. Glass beads are found throughout the 10 foot by 4 foot piece which is hung above a lovely sofa.

Beth worked on the wall hanging for about 5 weeks in her home here. She ordered jute fiber by the 50 lb. spools then hand dyed the rich colors. "It took up the whole front room," she noted.

"The new club is just gorgeous," she pointed out saying that the room is predominantly purple and features one entire wall of chain links and beads.

The artist learned the weaving and macrame crafts in South America while her husband was teaching physics at the Universidad de Oriente.

The university is located in Cumana, Venezuela.

YOU ARE INVITED to attend a Hair Design Seminar Monday at 7 p.m. in the Activities Center ballroom on the WTSU campus. Tickets will sell for \$1 at the door and door prizes will be awarded.

Ronnie Crawford of Atlanta, Georgia will be the guest stylist. The hair designer has studied at the Vidal Sassoon in London, Carita in Paris, Eve of Roma in Rome and hair coloring with L'oreal in both Paris and Rome.

He has had his own salon in Atlanta for the past 5 years. For the past year he has been designing hair fashions for the Alliance Theatre there.

Crawford has also been associated with numerous fashion shows.

COMMENT: The hair design seminar that this young stylist held here last year was very well received and most enjoyable. I am sure you would enjoy attending and seeing the new trends featured on several WTSU coeds.

CORRECTION: The title of last week's recipe was erroneously given as "Cheese Squares" instead of "Chess Squares". The recipe was correct except for the title (the recipe, of course, does not call for cheese). I do appreciate a reader pointing this error out so that the change can be made.

SEMANTICS SHOULD BE taught at an early age, Dr. Tolliver. I decided this Sunday when two 3-year-olds in the church nursery were having an argument.

One insisted that she was wearing "panty hose" - the other

insisted she was wearing "lee-tards". They were, however, orange and certainly not sheer.

After two or three minutes of "Panty hose"... "Lee-tards"... "Panty hose"... "Lee-tards"... I tried to explain that in truth neither was really all that wrong.

There were simply shades of differences in the words describing the same thing. When I had finished the rhetoric the pair looked at me then each other and resumed "panty-hose", "lee-tards"... so much for society.

(Dr. Crannell Tolliver, by the way, has taught Semantics at West Texas State University for a number of years - it is a most enjoyable class.)

HERE'S AN IDEA for the younger set's broken crayons, picked up from Mrs. John Plank.

Crayons the same colors may be melted in a double boiler and melted then placed in a greased cornbread stick pan. Let cool. The "new" Crayon sticks are now big enough for little fingers to grasp and will not break easily.

PILLSBURY BAKE-OFF recipes may be obtained by writing the following address. Bake-off Recipes, Box 17, Minneapolis, Minn. 55460.

Some \$64,000 in prize money was awarded.

WANT TO HAVE A banquet? (for about 600 people) All you have to do is set a date and time, get a speaker, a place, (say the East Cafeteria on the WTSU campus) select a menu, decide on a price for tickets, organize the sale of them, make decorations and then attend.

The work that is going into the Canyon Chamber of Commerce Banquet has included a lot of people - but for it to be a success they need you, your family, and friends to come. (Hope you have your tickets).

Fifty-two eight foot tables have been reserved, (seating 10 people), 12 six-foot tables (seating 8), with three of the longer tables being used for the head table. (Wes Miller will organize the table and put on the white table cloths).

The banquet decorations committee has collected wine bottles as well as disposable soft drink bottles, cut them, sanded the edges, then paper mached some 75 of them. Each one has a stand and each table will be decorated with yards of crepe paper etc.

Plus Doris Martin, Frankie Swartzell, Mattie Moreland and

their crew have also made a giant map of Texas, with glitter scattered throughout.

The banquet menu will include carved roast beef deluxe, appetizer (to precede the meal) vegetables, assorted salads, (including shrimp), two pie choices, drinks.

Canyon's Outstanding Citizen will be named at the banquet and Frank Gifford will be the featured speaker.

The event should be one of Canyon's highlights during the year.

A LEADERSHIP LAB will be held this weekend at the Episcopal Campgrounds for student leaders at WTSU.

The theme for the session is "Barriers to Communication." Jim Holston, program director at the Activities Center, will present the initial session.

Mrs. Dorothy Pijan, program director for the Tech Union in Lubbock, will direct the Saturday session. Mrs. Pijan is currently the director, one of two women serving as a regional representative of the Association of College Unions International. She will receive her Doctorate in sociology and counseling in May.

VIP RECIPE FIND: Mrs. Max Sherman recommends this casserole that's good for family or any drop in company.

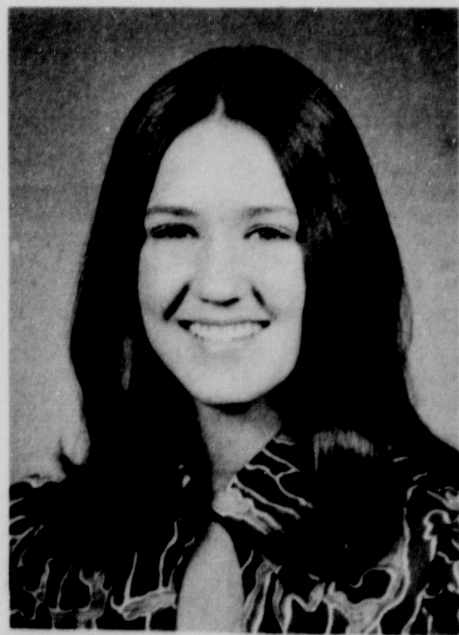

Chicken Enchilada Casserole

1 chicken (cook 2 hours and bone)
1 dozen tortillas
1 can cream of mushroom soup
1 can cream of chicken soup
2 small cans green chili peppers (4 oz. cans)
1 cup diced onions
1 cup chicken broth
Longhorn cheese

Saute onions in butter and add diced chili peppers, both cans of undiluted soup, and the chicken broth. Heat to a simmer. Tear up 3 tortillas in small pieces and put in a buttered casserole dish. Then add a layer of chicken (torn into bite-size pieces), a layer of sauce, and grated cheese to taste. Repeat this procedure 4 times. Heat in a 350 degree oven about 30 minutes.

"If the casserole is prepared in advance, add 15 to 20 minutes to the final cooking time," the senator's wife advised.

Four Home Games

Buff Grid Schedule Told

West Texas State University's Buffaloes will play a 10-game football schedule in 1972 and four of them will be home contests in Frank Kimbrough Stadium.

Head football coach and athletic director Gene Mayfield changed one site early this week, giving the Buffaloes four home games.

The Buffaloes will meet Colorado State Sept. 23, Lamar University Sept. 30, New Mexico State Oct. 14 and Wichita State Oct. 28 in Canyon.

The University of Southern Mississippi had been slated to play in Frank Kimbrough Stadium Oct. 7, but that site was changed to Hattiesburg, Mississippi.

"Southern Mississippi had only three home games next fall and will not have the use of a home stadium the following year as their stadium is being rebuilt," said Mayfield.

WTSU Team To Play 7 Games In 4 Days

West Texas State University's baseball team, minus one stand-out pitcher, takes on the double-tough task of playing seven road games in four days this week.

The Buffaloes play two games Wednesday at the University of Texas at El Paso, and a single game Thursday, then play at Las Cruces, N.M., Friday and Saturday against the New Mexico State Aggies, two games each day.

John Daniel, a standout freshman hurler from Oklahoma City, was injured in practice two weeks ago. Although he is on the trip, it is questionable if he will be able to throw.

West Texas opened its season last week by winning two of three games at Hardin-Simmons. The Buffaloes lost the opener, 6-3, but bounced back the following day to down the Cowboys 11-7 and 15-1.

David Lewis, Kenny Ground and Mark Stanley, the starters against Hardin-Simmons, will

16 Accidents Recorded In February

Accidents in Canyon were down during the month of February as compared to the previous month according to city police records.

Some 16 accidents occurred within the city limits last month, and 22 had been recorded in January.

Traffic violations for February were 130 compared to 119 in January, and 23 criminal offenses occurred last month against 11 for January.

Fourteen criminal arrests were made in February, and 54 complaints were taken during the month.

Animal warden's report shows 23 animals were picked up in February and 30 were picked up in January.

The city judge collected \$252.50 in state taxes, \$1,249.25 in traffic fines, and \$220.00 in misdemeanors fines for a total of \$1,212.75.

County Has No New Cases

Randall County has not had any new cases of cattle scabies reported in the last week but ranchers are urged to contact inspectors early when they wish to move their cattle.

John Brazzil, county agent, said the county is now approaching the largest cattle moving season with cattle being sold and going to market.

The county is also still maintaining a record number of cattle and Brazzil suggested cattle owners give the inspectors ample notice to guard against delay in moving their cattle.

Randall County has three inspectors working in this area.

Harding Chorus To Sing Here

The Harding College A. Capella Chorus will present a program of religious music at the Central Church of Christ at 7:00 p.m., March 13. This is one performance of a 10-day tour the chorus is making. The group will sing in Arkansas, Texas, New Mexico and Arizona.

Directed by Kenneth Davis Jr., professor of music at Harding, the 50-member tour group is made up from the entire chorus of 75 members. Two of the members on tour are from Canyon. They are Stephen Rhodes, son of Mr. and Mrs. Jess Rhodes, and Barry Cox, son of Mr. and Mrs. Wesley Cox.

Playing its final three games away from home, West Texas meets San Diego Nov. 4, Univ. of Texas at Arlington Nov. 11, and North Texas State in Texas Stadium.

All home games will be played at 7:30 p.m. Mayfield said the reason for moving the time of home games from 8:00 p.m. is to allow fans to return home earlier.

The complete schedule is as follows: Sept. 16 at Drake (1:30 p.m.), Sept. 23 Colorado State (7:30 p.m.) Sept. 30 Lamar University (7:30 p.m.), Oct. 7 at Southern Mississippi (2 p.m.), Oct. 14 New Mexico State (7:30 p.m.), Oct. 21 at Northern Illinois (7:30 p.m.), Oct. 28 Wichita State (7:30 p.m.), Nov. 4 at San Diego State (7:30 p.m.), Nov. 11 at University of Texas at Arlington (7:30 p.m.), and Nov. 18 at North Texas State (7:30 p.m.) at Texas Stadium.

California Man To Speak At Jesus Rally Mar. 13

The Rev. Barry Wood, pastor of the First Baptist Church in Beverly Hills, Calif., will be the evangelist for the West Texas Jesus Rally March 13-15.

The rally services will be held in the West Texas State University Fieldhouse Monday, Tuesday and Wednesday.

The theme of the rally will be "He lives. Jesus Christ does live today."

Rev. Wood, a non-denominational evangelist for nearly 10 years, became a minister at the age of 19 and began "casing" the Sunset Strip and is more interested in helping young people shake the drug habit than at tending church.

A nightclub, "Right On" operates under the Beverly Hills church and has everything a nightclub has except liquor, according to a news release.

A graduate of Oklahoma Baptist University and Southwestern Baptist Theological Seminary in Ft. Worth, the Rev. Wood conducts revivals around the country.

The rally will begin at 7:45 p.m. on Monday and Wednesday and a rock festival will open the rally at 5:30 p.m. Tuesday.

CHILDHOOD NOSEBLEEDS ARE COMMON

The three most frequent reasons for a child's nosebleed are a dryness of the mucous membranes, rubbing or picking at the nose during sleep and a small ulcer area in the nose. If repeated often, consult a physician.

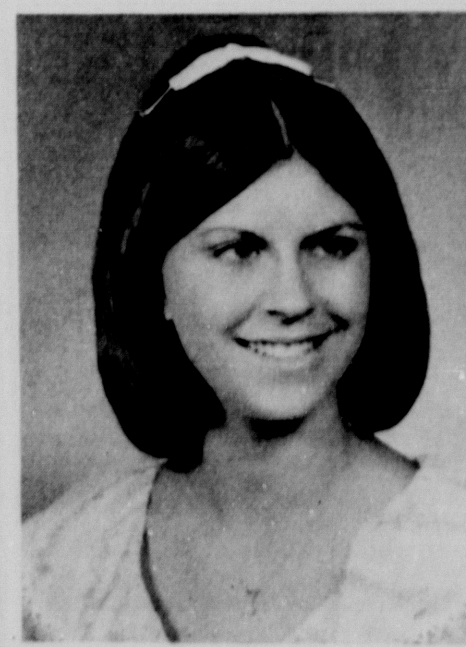

Often the problem can be corrected by improving the humidification in the home and the application of white petroleum jelly to the inside of the nostrils to prevent dryness. If needed your doctor can, in a simple procedure, cauterize a small ulcerated area.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.

up a commission to take action on some issues such as the tax policies. "Then we will have a contribution by the Congress providing some method to find a solution."

Canham lists the system of nominating and electing the president as needing reform also.

"We need to restructure the method by which we nominate and elect the president and we need to restructure our political par-

ties," he says. "We have working coalitions, not political parties."

The former president of the National Chamber of Commerce, stresses the present system of political parties is "politics of the center," thus giving a fuzzy, muddy and undefined picture of issues.

He suggests a national primary in selection of a president as the better solution than the present system.

"We must clarify the issues, and elect people on information and not personality," he declares.

"We must get beneath the personality and find the character of a man."

Canham says the American people have come through a traumatic generation, including the depression, two world wars and now Viet Nam.

"Viet Nam has had a deep impact on American consciousness," he believes. "The Viet Nam experience has been inconclusive, since it is the first war we haven't won."

He views the encounter between science and religion in the 19th century as having a long range effect on America, saying neither science or religion emerged with dignity.

"Two factors came together and climaxed in the 1960's: Viet Nam with its moral shock, and material prosperity, which did not bring spiritual satisfaction."

He emphasizes there is a void in organized religion and this produces selfishness. "This void has left opportunity for self-centeredness in our way of life."

In speaking of the nation's affluency and wealth, Canham points out many young people are wondering what they could do to respond to the privileges they have been given.

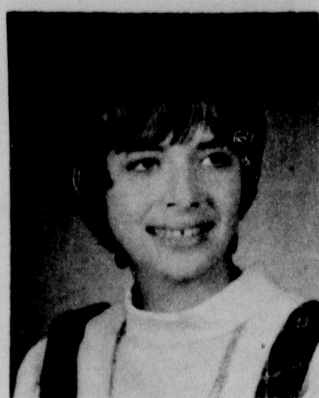

"We should turn our thoughts to ancient values of simplicity, and spiritual austerity. We should reexamine the role of man under God."

"Our state of mind should be worthy of a great nation. The fate of human society hangs in a balance," he concludes.

County Gives Nod To WTSU

County Clerk LeRoy Hutton was authorized Monday to proceed with plans for an election program with West Texas State University if the political parties decide to use punch-card voting devices.

Hutton said following the commissioners meeting the political parties were waiting for a decision on primary financing due from the Texas Supreme Court Monday afternoon.

Depending on the court decision, Hutton said a meeting was expected to be called with the parties to make a decision sometime this week.

Hutton said plans were to write a master program which could be used in both the primary and general elections.

Mrs. Audrey Bruse met with the court and discussed voter registration. Mrs. Bruse said the election required her office to obtain change of address cards from the post office by March 1.

She said directions for obtaining the cards were to have been released by the secretary of state's office by March 1 and no information has been received by the tax assessor-collectors.

The court instructed Mrs. Bruse not to take any action until she receives instructions from the secretary of state.

Under the election law, the tax assessor-collector must obtain the cards from the postal department monthly and compare them to the voter registration list.

If a voter has changed his address, then the tax collector must send a letter to the old address and a letter to the new address notifying the person that his voter registration will be canceled within 30 days unless he notifies otherwise.

If no reply is received the tax assessor-collector must then notify the person by registered mail that his registration has been canceled and notify the tax assessor-collector at his new address that he is a resident there.

Mrs. Bruse reported to the court that Randall County has about 300 changes of address per month which would add up to a cost to the county of \$4,000 per election period.

Mrs. Bruse also reported to the court the tax roll was 91 per cent collected as of Feb. 1. Mrs. Bruse said the collections were not any better any usual but better than she expected.

The court approved a bid of \$285 from Consolidated Acoustics of Amarillo for lowering the ceiling on the fourth floor of the courthouse. W.A. (Bill) Wilson reported to the court last week on repairs needed in the roof of the courthouse.

Judge Wilson also received a bid of \$992 to lower the ceiling in the district courtroom, to install acoustical tile, and change the lighting.
